RE: Stone Backfill with Infiltrator Chambers
CC:

Infiltrator Systems Inc. (ISI) does not prohibit using stone as backfill with Infiltrator Chambers. ISI Chambers are approved with native backfill, however at the discretion of the designer the chambers may be backfilled with stone. The stone should meet code specifications. Backfilling with stone will not void the warranty.

If you have any questions, please call Technical Services at 800-221-4436.
