

Porter County Sheriff's Office

The Porter County Health Department and the
Porter County Sheriff's Office have joined forces
to enhance mental health

support for law enforcement personnel.

Through this groundbreaking initiative, we aim to
ensure that our deputies and staff
receive the resources and assistance they need to
thrive in their roles.

What Is Offered:

Employee Assistance Services

- Rapid assessment and support for presenting problems.
- Short-term intervention and referrals for long-term care when needed.
- 24/7 availability for emerging mental health issues.

Professional Critical Incident Debriefing

- Emergency and planned debriefings to support personnel during challenging times.

Administrative Consultation

- Expert guidance for leadership to address personnel performance concerns.

Clinical Supervision

- Support and supervision for social workers pursuing independent licensure.

Ongoing Planning and Development

- Collaborative meetings to develop policies and grow the Social Work Department.

Mental Health Training

- Development and delivery of state-mandated and specialized mental health training.

Why This Matters:

This collaboration ensures that mental health remains a top priority, empowering officers to serve the community at their best while receiving the care and resources they need.
