[Food Handlers Certification Map](#)

[How to Identify a Valid Certification of Food Handler Certificate](#)

## **Certification of Food Handler Requirements Rule**

The Indiana State Department of Health (ISDH) Rule 410 IAC 7-22, Certification of Food Handler Requirements certification requirement took effect January 1, 2005. The rule incorporates much of the language in IC 16-42-5.2 with a few additions for clarity.

The rule is examination based and does not include a training requirement as part of the rule. Many potential certified food handlers (managers) will be seeking out this information, so attached is a list of entities that offer training and approved examinations. Note: Rule 410 IAC 7-22 requires passing the proctored Food Manager Certification exam. The on-line Food Handler Certificate does not meet Indiana requirements.

The Conference for Food Protection (CFP) has contracted with the American National Standards Institute (ANSI) to review organizations' programs and examinations to determine if they have qualifications to perform this function. There are four (4) organizations that are approved for certification through the ANSI process and an announcement has been made acknowledging that the 4 have passed and are recognized. Local Health Departments (LDH's) may no longer require county certifications in addition or as a substitute for Rule 410 IAC 7-22.

Note to Certified Food Handlers: Original or photocopied document must be presented during inspections and the Certified Food Handler must present proof of identity if requested by an inspector. To replace a lost Food Handler Certificate, contact the accredited organization through which you originally received your certificate. The ISDH does not retain copies of individual records. A person designated as the certified food handler for a food establishment must not allow their certification to expire.

### **Food Manager Certification Examination and Training Program Providers**

The following organizations offer nationally accredited food safety manager certification programs and examinations utilizing the American National Standards Institute (ANSI). (updated 4/2017)

**Accredited Testing Organizations  
(ANSI-CFP Accredited)**

**ServSafe®**
