COVID-19 Call Line Established

St. Joseph County- St. Joseph County Unified Command has established a centralized call-line for community residents concerned about the novel coronavirus and COVID-19 infection. Beacon Health System, Saint Joseph Health System, and the South Bend Clinic have established protocols for evaluating patients for COVID-19. If your usual place of care is connected to one of the above three systems, we encourage you to call your regular provider. For individuals who do not have a regular source of care or who need more information about COVID-19, we urge you to call 2-1-1. The United Way 211 system is prepared to take calls in regard to general questions and to assist those who need help in accessing care.

St. Joseph County still has only one confirmed positive case of COVID-19. We want to remind residents to plan, not panic.

For updates follow the St. Joseph County Department of Health on Facebook (stjosephcountyhealth), Twitter (@sjchealth), and Instagram (@sjchealth).
