None

VIII. OLD BUSINESS:

None

IX. PUBLIC COMMENT: (3 Minute Limit)

The following statement provides guidance for the public comment portion of the meeting, as well as the expected decorum for all conversations during the meeting.

At regular meetings, the public is invited to address the Board for three minutes regarding items posted or not posted on the agenda. Individuals may only speak once during this section of the agenda. Speakers shall properly identify themselves by stating their name and address for the record. Personnel issues are not to be addressed during open sessions of the Board of Health. The Board President may interrupt, warn, or terminate a person's statement if the statement becomes personally directed, abusive, obscene, or inflammatory.

Public comment may be given in person. Input from the public can also be sent to the Board by mail or email via the St. Joseph County Department of Health.

X. TIME AND PLACE OF NEXT REGULAR MEETING:

May 21, 2025 – 4:30 p.m. 4th Floor Council Chambers.

XI. ADJOURNMENT

The Title VI Coordinator has made available at this meeting a voluntary Public Involvement Survey to collect demographic data to monitor and demonstrate St. Joseph County's compliance with its non-discrimination obligations under Title VI and Federal Regulation 23CFR 200.9(b)(4), and more importantly, ensure that affected communities and interested persons are provided equal access to public involvement. Compliance is voluntary. However, to demonstrate compliance with the federal regulation, the information requested must be documented when provided. It will not be used for any other purpose, except to show that those who are affected or have an interest in proceedings, or the proposed project have been given an opportunity to provide input throughout the process.

ST. JOSEPH COUNTY BOARD OF HEALTH

Lead Report - Spotlight

Nursing – Immunizations, Mobile Clinic & Public Health Nursing

Vital Records

Dr. Migliore mentioned we have been working in the community and last week was Public Health Day and we were asked by the State Department of Health to highlight our Lead Program, which is highly coveted within the State. Our Lead Coordinator and Communications Coordinator went and they got a ton of traffic, people taking notes on how we do our process. They were impressed that we had our handout in English and Spanish to hand out.

Our Environmental team went to the SJC Builders Breakfast last week and gave a presentation on their unit.

Our CARE unit was at Century Center last night sponsored by the State Department of Health. Target audience was the community.

A group of us made a presentation to St. Joseph Health Systems Family Residency Program last week. Some residents asked if they could do a rotation in the Department.

We are actively talking with our State Legislators and keeping tabs on what is going on down State with HFI programing and other programing as well.

John Linn asked how the Food Ordinance was going with Council.

Carolyn Smith, Director of Food Services stated it goes to Committee on March 25 and Public Hearing on April 8th.

John Linn asked about the YTD occurrences between 2023 and 2024.

Ericka Tijerina, Director of Vital Records stated it looks like it may be the reporting time. We have to report what the hospitals report to State and the timeline may be different.

Dr. Migliore stated we are seeing more active TB cases that are not the normal cases. We have patients, that are manifesting in the bladder or bone. If someone tests positive on the blood test, they get a chest x-ray.

Kristin Vincent asked about social needs assessments and what we can offer to kids.

Alissa Balke, Assistant Director of CARE, stated that our social needs assessments are primarily adults. Parents are involved when it involves a minor, due to the law.

Micaela Enright, Disease Investigation Specialist/Lead Coordinator, explained what lead is, the lead structure of the DoH, case terminology, the 2024 accomplishments, new cases received 2023/2024, testing numbers, lead events and education outreach, and upcoming initiatives. (PowerPoint attached to these minutes)

Breezy McCall, Assistant Director of Environmental Health explained how a home is tested for lead using an XRF machine.

Upon a motion by Ellen Reilander, Esq., being seconded by Elizabeth Lindenman, MD, and unanimously carried, the Health Officer's Report was approved as presented.

VI. NEW BUSINESS

No New Business to discuss.

IX. GRANT REQUESTS

No Grant Requests to discuss.

X. OLD BUSINESS

No Old Business to discuss.

XI. PUBLIC COMMENT (3 Minute Limit)

Dr. Cynthia Heckman-Davis gave a summary of the Senate Appropriations Committee meeting at the Statehouse.

Viki Brown, MS, GC-C, Executive Director of Dustin's Place is committed to providing free grief support to the children and families of our community. We provide support for children ages 4 through 18 years of age as well as adults at no cost. Our mission is to support children and families through connection and the sharing of their grief journey after the death of a loved one.

XII. TIME AND PLACE OF NEXT REGULAR MEETING

April 16, 2025 – 4:30 p.m. 4th Floor Council Chambers.

XIII. ADJOURNMENT

The St. Joseph County, Indiana Board of Health meeting was adjourned at 5:29 p.m.

John W. Linn, P.E.
Chair of the Board

Michelle Migliore, D.O.
Secretary of the Board

COMMUNITY ACCESS, RESOURCES AND EDUCATION (C.A.R.E.)

Census Tract Community Health Worker (CHW) Program:

The Census Tract (CT) CHWs assist community members in accessing resources to support their health and wellbeing. They serve all residents of St. Joseph County, with a focus on the census tracts with the greatest social vulnerability index, reflecting high rates of negative health outcomes and social needs. The CT CHWs build relationships with residents and community organizations while providing insurance navigation, resource referrals, and outreach events for residents.

Social Needs Assessments:

Social Needs Assessments (SNAs) are available on our website, and through community partners, for any community member to fill out to request assistance with insurance navigation or resource referrals. Our CT CHW team aims to respond to the completed surveys within 48 business hours to provide resources for the needs requested. When needed, CHWs will assist individuals in filling out applications for these resources.

From January – March 2025, our team received **310** SNAs from individuals requesting resources and **11** SNAs with no identified needs. A total of **942** resources were requested on the SNAs. Of the SNAs completed, **234** individuals were reached for follow-up within 48 hours, and **211** community members were connected to **462** resources to assist them with their needs.

Figure 1. Total number of Social Needs Assessments (SNAs) from the CT CHW program by quarter.

Figure 2. Count of needs requested in SNAs from the CT CHW program organized by category from January – March 2025.

Outreach:

To broaden the awareness and impact of our programs, the CT and Lead CHWs regularly engage in community outreach. Outreach efforts may include a variety of activities, including visits to partner sites, canvassing to engage local businesses and organizations, and participation in community events. From January – March 2025, the CT and Lead CHWs performed **190** total outreach activities, engaging with a total of **793** community members. In all outreach efforts, CHWs provide relevant health education and promote awareness of DoH services.

Figure 3. Count of outreach efforts by type of activity from January – March 2025.

Health Promotion:

The Mental Health and Substance Abuse Education Program aims to educate the community about addiction, substance use, mental health, and available resources. Our Mental Health and Addiction Health Promotion Specialist participates in events to provide education on these topics and reduce the associated stigma. From January – March 2025, we provided **9** naloxone training sessions to community members and organizations and distributed **2164** doses of naloxone throughout the community to ensure this lifesaving medication is readily accessible.

In 2024, we launched community-based Chronic Disease Education Classes, which offer health education presentations on hypertension, diabetes, and nutrition/obesity. These sessions simplify the definitions of these chronic conditions, provide prevention strategies, and deliver essential information for those diagnosed. The goal is to promote community health and enhance understanding and awareness of these chronic medical conditions. From January – March 2025, our Chronic Disease Health Promotion Specialist taught **9** classes in the community, engaging a total of **117** total participants.

Maternal and Infant Health:

The CARE Unit has several initiatives designed to improve the mental and physical health for women and infants in St. Joseph County, including our Perinatal Lead Poisoning Prevention, EMBER, and Maternal and Infant Health (MIH) CHW programs.

Perinatal Lead Poisoning Prevention Program:

The Perinatal Childhood Lead Poisoning Prevention Program was launched in February 2024. This initiative focuses on assessing and mitigating potential lead hazards in residential homes during and after pregnancy. We aim to address these hazards before the child is born and begins exploring their environment. From January – March 2025, our Perinatal Education and Program Coordinator provided **1** lead screening kit and referred **10** mothers to our licensed lead risk assessor in the SJCDoh Environmental Unit.

EMBER:

The Empowering Mothers & Babies Through Education & Resilience (EMBER) program is designed to equip and empower women who are pregnant or of childbearing age with essential information for a safe and healthy pregnancy. The maternal education classes cover a range of subjects to promote positive maternal and infant health outcomes, including nutrition, exercise, safe sleep, maternal mental health, management of preexisting medical conditions, and recognizing pregnancy warning signs. The program also offers a postpartum peer support group, providing resources and emotional support to women during and after pregnancy. From January – March 2025, we engaged with **41** unique women and **13** support people, with a total of **192** participants across all classes and support groups.

MIH CHWs:

The Maternal and Infant Health (MIH) CHWs support women in St. Joseph County who are pregnant or recently gave birth by providing relevant health education, insurance navigation services, connection to prenatal care providers, and referrals to other resources as identified through SNAs. The St. Joseph County Department of Health has an ongoing collaboration with Women’s Care Center (WCC) to provide two MIH CHWs to serve clients at three WCC facilities. We also have a home visiting program, in which MIH CHWs provide education and additional support for women before, during and after birth. From January – March 2025, the MIH CHWs saw **67** new clients, of whom **7** reported no social needs. The **60** clients that required assistance reported **142** social needs and had **189** resources provided to them.

Figure 4. Total number of MIH SNAs completed by quarter.

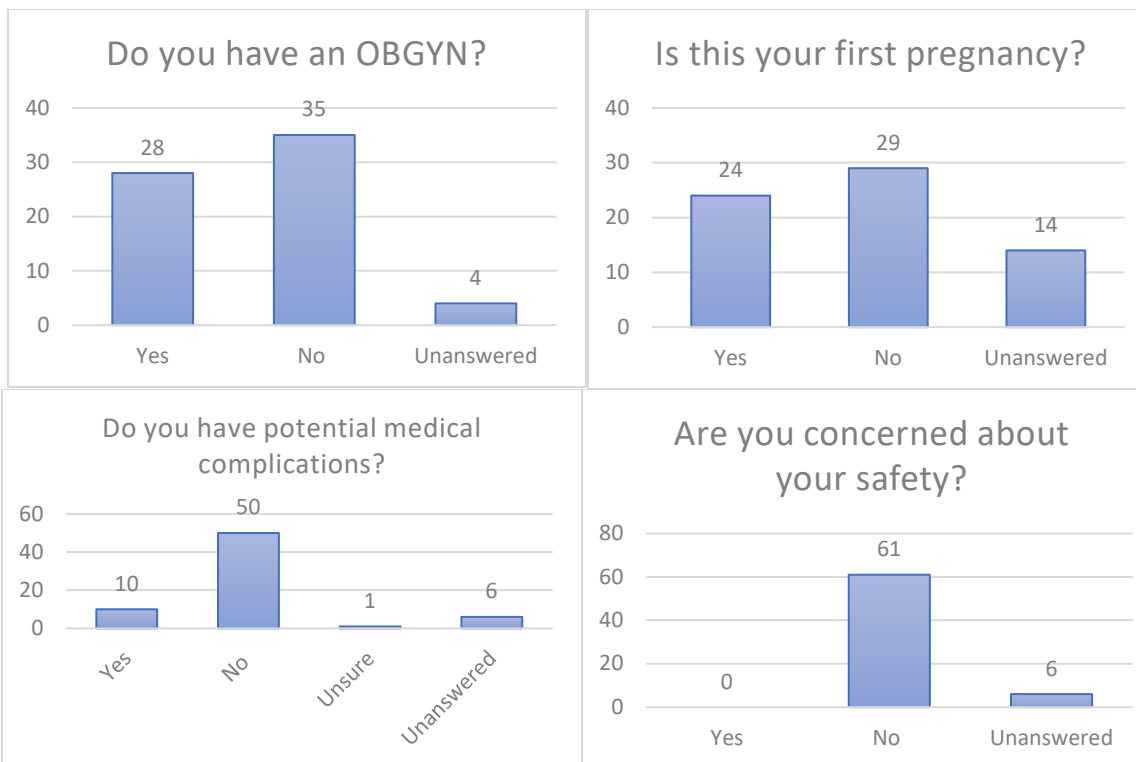

Figure 5. Count of needs requested in SNAs from the MIH CHW program organized by category from January – March 2025.

From these new clients, we have collected the following demographic statistical data to better help us understand the populations using these services:

COMMUNITY PARTNERSHIPS AND DEVELOPMENT

HFI Report:

KPI Progress:

KPI 1	14.2
KPI 2	11.4
KPI 3	8.8
KPI 4	14.3
KPI 5	76.3
KPI 6	0.0
KPI 7	0.0
KPI 8	0.0

Above shows collective progress (as a percentage) across all community partner KPIs. This progress accounts for January and February submissions. Outside of KPI progress, financial reporting was completed for February. We are currently waiting for March's financial reporting. This month, HFSJC Committee met on March 3rd, 2025. HFSJC Office Hours were also had on March 6th, 2025.

March 18 - Staff attended the monthly virtual training hosted by IDOH. The training session focused on the Americans with Disabilities Act (ADA) and its implications for service animals

March 24 - A virtual meeting held by IDOH provided updates relative to food code 7-26. Attendees learned that the final rule for 410 IAC 7-26, the Retail Food Establishment Sanitation Requirements had been signed, by the governor, and filed. With this adoption, 410 IAC 7-24 will be repealed, and 410 IAC 7-26 will take effect April 16, 2025. IDOH will be hosting a virtual meeting in the coming days to further discuss the implementation of 410 IAC 7-26.

At the end of March, approximately 60 food establishments (3.75%) had not renewed their permits for 2025.

LEAD COMBINED UNIT

Environmental lead is harmful to the physical, mental, and social development of young children. To combat the risks that lead poses to children and families, the Department utilizes a collaborative, multi-unit response that includes the Public Health Nursing, Environmental Health, and CARE Units to provide services to St. Joseph County residents.

While there is no safe level of lead in the blood, a lead level of 3.5µg/dL is considered elevated. Any confirmed result of 5µg/dL and above is enrolled in case management until there are two consecutive levels below 5. Results between 3.5 – 4.9µg/dL are monitored until the level drops to below 3.5µg/dL.

Testing

Lead Tests Across St. Joseph County

This chart is always two months behind due to when it is received from IDOH. For example, on April 1, 2025, the report will include all lead tests drawn in February of 2025.

Tests drawn from February 1, 2025 – February 28, 2025

Pb Level (ug/dL)	Venous	Capillary	Unknown	Total
0	25	42	0	67
0.1-<2	12	37	100	149
2-3.4	12	53	13	78
3.5-4.9	7	5	0	12
5-9.9	7	3	2	12
10-19.9	1	2	0	3
20-29.9	1	1	0	2
30-39.9	0	0	0	0
40-49.9	0	0	0	0
≥50	0	0	0	0
Total	65	143	115	323

There was one duplicate test in the month of February, 323 unique children were tested.

2025 YTD = 695

2024 YTD = 529

2023 YTD = 600

Elevated Tests by Zip Codes

This table provides where we are seeing the most amount of elevated lead draws in the County by zip code. For example, in 2024, the zip code of 46613 repeatedly had one of the highest amounts of elevated lead tests. This could stem from a variety of factors (i.e., population size).

Zip Code	February 2025	YTD 2025
46613	6 elevated	12 elevated
46544	4 elevated	6 elevated
46628	3 elevated	5 elevated
46614	1 elevated	3 elevated
46615	1 elevated	2 elevated
46545	0 elevated	2 elevated
46617	1 elevated	1 elevated
46530	0 elevated	1 elevated

Community Outreach Settings

One part of the lead initiative is to offer lead education and testing for children aged 6 years and younger. We provide education and testing to the community by hosting lead events at daycares, churches, elementary schools, and other community settings. We also offer lead testing and/or education at community-organized events. We aim to host at least two events per month. The events hosted by the Department of Health are organized and conducted by the Assistant Director of CARE and the CHWs from the CARE unit.

Testing and Education Events	# of events	# of tests	Awareness Events	# of events
January 2025	0	0	January 2025	0
February 2025	0	0	February 2025	0
March 2025	8	46	March 2025	0

YTD	# of events	# of tests
YTD 2025	8	46
YTD 2024	12	52

Case Numbers

Public Health Nursing receives elevated blood lead level (EBLL) reports from IDoH. They create and assign lead case investigations based on the lead level. A Public Health Nurse receives cases for management with elevated levels ≥ 10 ug/dL. Community Health Workers (CHWs) receive cases for management with levels between 5 ug/dL and 9.9 ug/dL. In addition to case management, the CHWs follow up on unconfirmed cases (those who have an initial test with a BLL above 3.5 ug/dL) and families in case monitoring (confirmed BLL of 3.5-4.9 ug/dL). For unconfirmed cases, our CHWs attempt to hand deliver education and forms for the child to receive a confirmed test at LabCorp. The Disease Investigation Specialist follows up with primary care providers and parents for repeat testing and risk assessment requirements.

Current Case Numbers as of 3/31/2025

Case Management	Case Monitoring	Unconfirmed Cases
83	58	41

Risk Assessments

The Environmental Health Unit's lead risk assessor's role is to determine potential sources of exposure to lead through dust sampling, soil sampling, water sampling, and XRF testing of paint and other miscellaneous items such as toys or furniture. The environmental risk assessment helps families understand where the lead exposure is likely coming from, how to address these hazards to mitigate further exposure, and how to prevent new lead hazards from appearing in the home.

Activity	March 2025	YTD 2025	YTD 2024	YTD 2023	YTD 2022	YTD 2021
A. Lead Risk Assessments	7	23	24	19	7	18

ii. Parent Requests	5	15	17	8	5	14
B. Clearances	6	18	23	15	5	5

NURSING

Immunizations

From January to March 2025, our three clinics served 377 adults and 412 children, totaling 789 unique individuals. The staff administered 1,704 immunizations. Our South Bend clinic added a patient education board to the lobby, with information rotating monthly.

Our mobile team continued to offer seasonal flu and covid vaccines. They worked in conjunction with schools, housing complexes, and community centers to provide vaccines at convenient times and places for the community, including evenings and weekends.

One new partnership was with Pop Up Pregnancy and Family Village, which holds quarterly events throughout the county, and brings groups together to provide health services and community support to pregnant women and their families in one place.

Our county hosted the northern area CHIRP user group, welcoming seven State Department of Health employees and providing space to train 25 providers from around the northern region.

Public Health Nursing

Our public health team investigated 113 animal bites and 106 communicable disease cases from January to March. They were invited to provide education regarding handwashing to Real Services and have been asked to return next quarter to provide education on personal hygiene.

School Health

Our new school health liaison is transitioning into her role and is working to meet school health personnel. From January through March, 161 contacts were made by county k-12 schools to the liaison via phone and email. 54 schools submitted requests for supplies, representing over 100 hours of class time reclaimed thus far.

Annual Budget Process

LATE MARCH

Begin discussions between Administration and Unit Directors regarding the needs of each unit.

APRIL

Administration will meet for discussion and to draft proposed budgets for approval of the Finance Committee (budgets will include County Health Department, Local Public Health Services, School Liaison and possibly the Trust Fund).

EARLY MAY

Present proposed budgets to the Finance Committee who will review the drafts and can add, remove and/or suggest any changes.

Annual Budget Process (con't.)

MAY 21st

Once the Finance Committee approves of the budgets, they will be added to the next agenda and presented to the full Board of Health who will review and can add, remove and/or suggest any changes.

BY JUNE 30th

Upon approval from the Board of Health, I will enter the information into the Financial System along with other required documents (Personnel Counts, Highlights Memo and Financial Summary).

LATE JULY-EARLY AUGUST

Administration will meet with the County Council, County Commissioners and County Auditor's office to present and review the proposed budgets.

<u>Justification</u>			
We received notice on March 26th from the Indiana Department of Health to pause all work associated with the Immunization contract effective immediately, which was due to expire on June 30, 2025. We were then anticipating a new grant award for the 2025/2026 year that now may not be awarded due to the reduction in federal funding. In order to continue serving the citizens of SJC, we request appropriations from our Local Public Health Services fund balance on 12/31/24 which was \$2,048,859.05 to cover the staff until 12/31/25. UPDATE as of 4/2/25 - received notice from the Indiana Department of Health that only the funding related to COVID has been eliminated, leaving us with a balance of \$83,841.28 to use before 6/30/25.
