St Joseph County Department of Health and community donations given to St. Joseph County schools: Community Partnership Program Marks One Year of Impact

The St. Joseph County Department of Health is celebrating one year of its school Community Partnership Program, which has helped reclaim over 300 hours of student class time by providing essential clothing, hygiene, and period products to students in need. The donation program gets students back in the classroom by helping provide items for unexpected urgencies arising in a student's school day.

"We may not know every donor's name, but their impact is clear," said Kayla Mondich, School Health Liaison. "Thanks to this support, students can focus more on learning."

Join us for a virtual celebration on **June 23, 2025, at 10:00 AM** via Microsoft Teams. To attend, contact [**kmondich@sjcindiana.gov**](mailto:kmondich@sjcindiana.gov) for the event link.

Let's celebrate a year of impact—together.
