COVID-19 Cases Update

St. Joseph County- As of today, the county's total number of confirmed cases is at 1,174. We are confirming two new deaths related to COVID-19 infection, bringing the county's total deaths to 39 (36 of these deaths are St. Joseph County residents).

This week the Department of Health will post videos via our Facebook page, our YouTube channel, and our website on what individuals can expect as the Department of Health begins to open back up to in-person services. These videos will highlight ways we are ensuring our residents safety as they schedule vaccination visits, birth/death certificates, and food and environmental health services.

For all COVID-19 testing sites in St. Joseph County, you can view an interactive map at <https://www.coronavirus.in.gov/2524.htm>. Please be aware each site may have different criteria for testing.

The St. Joseph County Department of Health urges the continuation of the following actions:

- **Practice extreme physical distancing.**
 - Maintain at least 6ft between individuals.
 - Wearing a mask does NOT eliminate the need for physical distancing.
- **Practice frequent and proper hand hygiene & cough etiquette.**
 - Wash hands often, for at least 20 seconds, with soap & water; coughing and sneezing into your sleeve.
- **Stay home if ill.**
- **Abide by the current Public Health Order, requiring face coverings when going into an enclosed public space or business and when 6 feet of physical distance cannot be maintained within the enclosed public space or business.**

For more information on COVID-19, visit the Indiana State Department of Health at www.in.gov/isdh and the Centers for Disease Control and Prevention at www.cdc.gov. For general questions as it relates to COVID-19 infection, please call 2-1-1.
