REPAIR PERMIT ISSUANCE

1. The Homeowner or agent must fill out an application for a Septic System Repair Permit with the Washington County Health Department. \$50.00 fee
2. The Homeowner, Washington County Environmental Specialist, and the Septic Installer must agree on what repairs are to be performed on the system to correct the septic failure. (Installer list attached).
3. If no soil report is on file and repairs must be made to absorption field, then a soil test must be performed by a soil scientist.
4. A plan design for a repair of the onsite septic system must be submitted to the Health Department for approval. The plan must meet all provisions of the Indiana Septic Code (410 IAC 6-8.3).
5. A repair permit will be issued after the design plan is approved. The Washington County Environmental Specialist will then give the final project approval when the repair has been successfully complete.
