REPAIR PERMIT ISSUANCE

1. Home owner or agent must file an application for repair.
2. The WCHD Environmental Specialist **MUST** meet with a certified installer prior to the issuance of a repair permit. At that time a soil test can be performed with your installer and backhoe by the WCHD; or you may wish to hire a certified soil scientist to perform this soil testing.
3. A repair permit will be issued, provided the WCHD has received all information needed in order to process the homeowner's application.
