| 3.0     | Policies and procedures as of October 1, 2018 Published: January 29, 2019 | Scheduled update:  
- Reorganized and edited text as needed for clarity  
- Updated links to the new IHCP website  
- Removed reference to the Medical Policy Manual and expanded functions listed for the provider modules in the Overview section  
- Added PA vendor information cross-references for more information to the Fee-for-Service section  
- Added PACE information in the Managed Care section  
- In the Self-Referral Services section, removed the list of self-referral services and added reference to the Member Eligibility and Benefit Coverage module  
- Removed old information about PRTF Transition Waiver in the Division of Mental Health and Addiction section  
- Added the ISDH toll-free telephone number in the Indiana State Department of Health section  
- Updated the DXC email address in the Requests for Paper Remittance Advice section | FSSA and DXC |

Introduction to the IHCP

Overview

Indiana’s Medicaid program, collectively referred to as the Indiana Health Coverage Programs (IHCP), provides a healthcare safety net for low-income children and adults, including those who are aged, disabled, blind, pregnant, or meet other eligibility requirements. The IHCP receives federal and State funds to operate the program and reimburse providers for reasonable and necessary medical care for eligible members. Each state administers its own Medicaid program within the provisions of federal legislation and broad federal guidelines issued by the Centers for Medicare & Medicaid Services (CMS). The Indiana Family and Social Services Administration (FSSA) administers the IHCP.

Information on IHCP services is available in the Indiana Code (IC) and Indiana Administrative Code (IAC), which are published online at in.gov. The administrative rules for the IHCP, including but not limited to member eligibility, provider types, and covered services, are published in Titles 405 and 407 of the IAC.

The IHCP Provider Reference Modules can be used as a reference for medical coverage, billing guidance, and reimbursement policy for providers conducting business with the IHCP. Modules include instructions for submitting IHCP claims and prior authorization (PA) requests, as well as other related topics. All modules can be accessed on the IHCP Provider Reference Modules page of the IHCP provider website at in.gov/medicaid/providers.

Additional resources on the website include:

- IHCP Banner Pages
- IHCP Bulletins
- News and announcements
- Fee schedules (professional and outpatient)
- Code tables
- Provider enrollment and profile maintenance packets
- Program descriptions
- Contact information
- Provider education opportunities
- Forms, including prior authorization request forms
- IHCP Provider Healthcare Portal (Portal)
- Electronic data interchange (EDI) information, including IHCP Companion Guides for Health Insurance Portability and Accountability Act (HIPAA) version 5010
Delivery Systems

The following sections describe the delivery systems the IHCP uses for administering Medicaid benefits and healthcare. For information on specific IHCP programs and associated benefit packages, see the Member Eligibility and Benefit Coverage module.

Fee-for-Service

The fee-for-service (FFS) delivery system reimburses providers on a per-service basis. Providers bill the appropriate IHCP claim-processing contractor for services rendered under the FFS delivery system:

- OptumRx for pharmacy services
- DXC Technology for all other services

If the service requires prior authorization, the FFS PA request is submitted to OptumRx for pharmacy services and to Cooperative Managed Care Services (CMCS) for all other services.

See the Claim Submission and Processing and Prior Authorization modules for information about FFS billing and PA procedures.

Managed Care

The State has mandated a managed care delivery system for members enrolled in the following programs:

- Healthy Indiana Plan (HIP)
- Hoosier Care Connect
- Hoosier Healthwise

Under the managed care system, members are enrolled with a managed care entity (MCE), which is responsible for the members' healthcare services. Each MCE maintains its own provider network, provider services unit, and member services unit.

The MCE pays claims, performs PA, and is responsible for subrogation activities. The MCE with which the member is enrolled should be contacted for specific billing, PA, and reimbursement policies and guidelines as the MCE may have different requirements. Providers can find a member’s assigned MCE by checking the member’s eligibility in the IHCP Portal or through the Interactive Voice Response (IVR) system. For MCE contact information, see the IHCP Quick Reference Guide, available at in.gov/medicaid/providers.

All providers wanting to offer services to HIP, Hoosier Care Connect, or Hoosier Healthwise members must first enroll with the IHCP prior to contracting with the MCEs. Providers rendering services to a member enrolled with an MCE must be contracted with the MCE assigned to the member. This provision also includes out-of-state providers. See the Provider Enrollment module for details.

Note: The IHCP also provides the Program of All-Inclusive Care for the Elderly (PACE) for individuals 55 years old or older who are certified by the State to need a nursing facility level of care, are able to live safely in the community at the time of enrollment, and reside in a PACE service area. Designated PACE organizations serve as MCEs for PACE members. For more information, see the Member Eligibility and Benefit Coverage module and the Program of All-Inclusive Care for the Elderly page at in.gov/fssa.
Managed Care Service Carve-Outs

The MCE is responsible for the delivery and payment of most care for its members; however, certain services are not paid by the MCE. These services, referred to as carved-out services, are billed for reimbursement as FFS claims. PA for carved-out services, when required, also follows the FFS process. MCEs must provide care coordination and associated services related to carved-out services, including but not limited to transportation.

See the Member Eligibility and Benefit Coverage module for more information, including a list of carved-out services.

Self-Referral Services

Most services in managed care require referral from a primary medical provider (PMP). Self-referral services are an exception. For services designated as self-referral, MCEs reimburse IHCP-enrolled providers without a PMP referral. Self-referral services must be covered under the member’s benefit plan and established benefit limits, and PA requirements apply.

For more information, including a list of self-referral services, see the Member Eligibility and Benefit Coverage module.

Provider Reimbursement Methodologies

The FFS claim-pricing process calculates the IHCP-allowed amount for claims based on claim type and defined pricing methodologies for each provider type. These pricing methodologies include some of the following:

- Cost-based and case-mix reimbursement
- Diagnosis-related group (DRG)
- Fee Schedule
- Manually priced
- Medicare and Medicare Replacement Plan, and IHCP crossover coinsurance and deductible
- Outpatient ambulatory surgical center (ASC) flat rate
- Resource-based relative value scale (RBRVS)

Details about these reimbursement methodologies are found in 405 IAC 1-8 through 405 IAC 1-11.5. For reimbursement information related to specific provider types and services, see the appropriate provider reference module.

Two fee schedules are available from the IHCP Fee Schedules page at in.gov/medicaid/providers:

- The Professional Fee Schedule contains a list of IHCP-covered Current Procedural Terminology (CPT®) codes, Healthcare Common Procedure Coding System (HCPCS), and Current Dental Terminology (CDT®) codes and includes indicators specific to each code, such as program coverage, reimbursement, and prior authorization. The Professional Fee Schedule is searchable by keyword or code and can also be downloaded free of charge. The IHCP automatically updates the Professional Fee Schedule each month or on demand.
- The Outpatient Fee Schedule reflects coverage, pricing, and reimbursement methodology for HCPCS and CPT codes billed by outpatient hospitals and ASCs. The Outpatient Fee Schedule is posted as a Microsoft Excel document (compatible with versions 97 or later) so providers can search and sort as needed. It is updated at least quarterly to reflect any change in policies.

2 CDT copyright 2018 American Dental Association. All rights reserved.
State, Regional, and Contractor Responsibilities

This section outlines the responsibilities of the entities involved in administering the IHCP.

Family and Social Services Administration

The FSSA is the State agency responsible for administration of the IHCP, which requires coordination with a number of entities. This section outlines the primary agencies involved in program administration.

Office of Medicaid Policy and Planning

The FSSA Office of Medicaid Policy and Planning (OMPP) is responsible for the general planning and oversight of the IHCP, including coordination with program partners and contractors. The OMPP oversees the Medicaid State Plan, Medicaid waivers, and federal reporting. In addition, the OMPP establishes IHCP policy and manages IHCP contractor relationships.

Division of Family Resources

The FSSA Division of Family Resources (DFR) is responsible for determining eligibility for IHCP members, enrolling members in the appropriate program, and maintaining the eligibility files for the IHCP member population. A complete directory of local DFR offices is available on the FSSA website at in.gov/fssa.

Division of Aging

The FSSA Division of Aging is responsible for overseeing two 1915(c) Home and Community-Based Services (HCBS) waiver programs: the Aged and Disabled (A&D) Waiver and the Traumatic Brain Injury (TBI) Waiver. The Division of Aging is also responsible for administering the Money Follows the Person (MFP) demonstration grant and processing PASRR requests.

Division of Disability and Rehabilitative Services

The FSSA Division of Disability and Rehabilitative Services (DDRS) manages the delivery of services to children and adults with intellectual and developmental disabilities. The DDRS administers two 1915(c) HCBS waiver programs: Family Supports Waiver (FSW) and Community Integration and Habilitation (CIH) Waiver.

Division of Mental Health and Addiction

The FSSA Division of Mental Health and Addiction (DMHA) administers three 1915(i) State Plan HCBS programs: Adult Mental Health and Habilitation (AMHH), Behavioral and Primary Healthcare Coordination (BPHC), and Child Mental Health Wraparound (CMHW).
Contractors

The FSSA contracts with a fiscal agent and other entities to perform the day-to-day program functions associated with administration of the IHCP. The current contractors and responsibilities include the following:

- DXC Technology – Fiscal agent
  - Fee-for-service (FFS) nonpharmacy claim processing
  - Member and provider customer service
  - Provider enrollment
  - Provider relations
  - Managed care entity and enrollment broker support
  - Third-party liability
  - IHCP Provider Healthcare Portal

- OptumRx – Pharmacy benefit manager (PBM), FFS pharmacy benefits
  - FFS pharmacy claim processing
  - FFS pharmacy-related prior authorizations
  - FFS pharmacy-related member and provider services
  - FFS pharmacy-related claim audit functions
  - Drug rebate services
  - Pharmacy rate setting

- Cooperative Managed Care Services (CMCS) – FFS PA administrator
  - FFS nonpharmacy utilization management and prior authorizations

- MAXIMUS – Enrollment broker
  - HIP, Hoosier Care Connect, and Hoosier Healthwise member and provider helplines
  - Potential member program education
  - Counseling for health plan selection
  - MCE assignment for members who do not self-select an MCE

- Myers and Stauffer LC – Rate-setting contractor
  - Nonpharmacy rate setting
  - Long-term care audits

- Anthem, CareSource, Managed Health Services (MHS), and MDwise – MCEs for one or more IHCP managed care programs (HIP, Hoosier Care Connect, and Hoosier Healthwise)
  - Utilization management and prior authorizations*
  - Establishing a provider network
  - Care management
  - Claim processing*
  - Member and provider support
  - Community outreach
  - Provider education

*Note that, for certain services (such as dental or pharmacy), these functions may be handled by a subcontractor of the MCE.
Indiana State Department of Health

The Indiana State Department of Health (ISDH) is responsible for certifying the following provider types:

- Long-term care (LTC) facilities
- Intermediate care facilities for individuals with intellectual disability (ICFs/IID)
- Pediatric nursing facilities
- Residential care facilities
- Rehabilitation facilities
- Home health agencies
- Hospitals
- Rural health clinics (RHCs)
- Ambulatory surgical centers (ASCs)
- Laboratories
- Radiology centers (portable x-ray facilities)
- End-stage renal disease (ESRD) clinics
- Hospice facilities
- Outpatient physical therapy and speech language pathology facilities
- Comprehensive outpatient rehabilitation facilities (CORF)

Providers may contact the ISDH at the following address or telephone number:

Indiana State Department of Health
2 N. Meridian St.
Indianapolis, IN 46204

(317) 233-1325 or 1-800-382-9480

Provider Services

Being responsive to the needs of IHCP providers is a primary emphasis for the IHCP. Entities contracted with the FSSA perform parallel provider services functions for providers in their respective networks.

MCE Provider Services

Each MCE contracted for HIP, Hoosier Care Connect, or Hoosier Healthwise maintains a provider services unit to address the concerns and questions of providers serving members in their health plans. The IHCP Quick Reference Guide, available at in.gov/medicaid/providers includes contact information for these provider services units.
OptumRx Provider Services

OptumRx, the FFS pharmacy benefit manager (PBM), serves as the liaison between pharmacy providers and IHCP members for FFS programs and carved-out services. OptumRx maintains a provider services unit to address the concerns and questions of pharmacy providers rendering services to members in FFS programs, including the resolution of pharmacy-claim-processing issues. The IHCP Quick Reference Guide, available at in.gov/medicaid/providers includes contact information for the OptumRx Clinical and Technical Help Desk, where member and provider telephone inquiries should be directed.

DXC Provider Services

DXC, the IHCP fiscal agent, serves as the overall liaison between the provider and member communities for the IHCP. DXC performs provider services to address concerns and questions for providers conducting business with the IHCP, including the resolution of FFS nonpharmacy claim-processing issues. The following DXC business units perform provider services:

- Provider Enrollment Unit is responsible for provider enrollment, revalidation, and provider profile maintenance activities.
- Customer Assistance Unit is responsible for answering telephone inquiries.
- Written Correspondence Unit responds to inquiries submitted by mail or through the Portal and performs administrative reviews as directed by the FSSA.
- Provider Relations Unit functions as the educational arm of the IHCP.

Provider Enrollment

The Provider Enrollment Unit performs the following key functions:

- Assesses provider eligibility through verification of licensure, certification, and insurance and approves documents required for enrollment. Enrollment requirements are based on provider type and specialty, and adhere to guidelines and rules set by federal and State regulations.
- Ensures that no enrolled provider is excluded from participation by the Office of the Inspector General (OIG), the CMS, or other federal or State agencies.
- Processes provider enrollment packets and profile maintenance forms.
- Deactivates enrolled providers that no longer meet State requirements for participation in the IHCP.
- Maintains provider files for all enrolled, denied, and terminated providers.

Enrollment analysts monitor enrollment activities from initial receipt of an enrollment application or provider profile update through final disposition.

IHCP enrollment applications and provider profile updates may be completed online using the Provider Healthcare Portal, accessible from the home page at in.gov/medicaid/providers. Printable enrollment packets and profile maintenance forms are available on the Complete an IHCP Provider Enrollment Application page at in.gov/medicaid/providers. For additional information about provider enrollment and profile maintenance, see the Provider Enrollment module or call Customer Assistance.
Customer Assistance

As the front line of communications with providers, Customer Assistance representatives quickly detect the impact of program policy and procedural changes through provider inquiries. Customer Assistance can be contacted toll-free at 1-800-457-4584.

Live assistance is available 8 a.m. to 6 p.m. Eastern Time, Monday through Friday, excluding holidays. To maintain compliance with the HIPAA Provider Rule, Customer Assistance representatives cannot verify member eligibility.

Automated responses to provider inquiries are available 24 hours per day through the Interactive Voice Response (IVR) system. Automated IVR responses are available for such functions as verifying member eligibility, member benefit limits, and claim status.

Note: Providers can access pertinent member eligibility and claim status information online via the Portal or through the IVR system using a touch-tone telephone. Both systems provide access 24 hours a day, 7 days a week. Instructions for accessing these features are included in the Interactive Voice Response System and Provider Healthcare Portal modules.

The 270/271 member eligibility and 276/277 claim status transactions are standardized, electronic data interchange (EDI) transactions. Data is sent and received in the same format for all providers. Additional information is available in the Electronic Data Interchange module and the IHCP Companion Guides at in.gov/medicaid/providers.

To assist with timely processing of inquiries, providers should consider the following guidelines when contacting the Customer Assistance Unit:

- To verify member eligibility (for both FFS and managed care members), providers can inquire through the IVR system, Portal, or 270/271 health care eligibility benefit inquiry and response transaction.

- For general claim status inquiries of FFS claims, providers can check the weekly Remittance Advice (RA) or inquire through the IVR system, Portal, or 276/277 claim status request and response transaction.

- Providers should not inquire about the status of a specific claim until at least 30 business days after submission. This length of time is generally considered reasonable to process a claim.

- When contacting Customer Assistance to request information about an FFS claim, providers should be prepared with the following information:
  - Billing provider’s 10-digit National Provider Identifier (NPI) or IHCP Provider ID
  - Full 9-digit ZIP Code (ZIP Code + 4) of the service location address
  - Facility name or practice name
  - Last four digits of the taxpayer identification number (TIN)
  - Member’s name
  - Member’s date of birth, Claim ID, or dates of service (including specification of the claim type, such as inpatient, outpatient, medical, dental, and so forth)
  - Amount billed

- If a provider speaks to a Customer Assistance representative, the provider should make a note of the date of the telephone call, the name of the representative who handled the call, and the contact tracking number (CTN). This information is helpful when a follow-up inquiry is necessary.

- Providers should contact the MCE with which the member is enrolled for inquiries about managed care claims.
Written Correspondence

The Written Correspondence Unit is another link between the provider community and the IHCP. Providers should contact the Written Correspondence Unit for assistance with researching complex FFS claim denials or when the provider experiences difficulty receiving claim payment. Additionally, providers can contact the Written Correspondence Unit to obtain other information, including member benefit limit information and clarification of the IHCP rules and regulations.

Providers are encouraged to provide comprehensive information in their correspondence, including a clearly stated reason for the inquiry. Providers should also include any of the following items that are applicable:

- Copies of submitted claim forms (or printouts of Portal claims) and any documentation that was attached
- PA numbers or a copy of PA decision forms
- Copies of RA statements

This information provides necessary details and is helpful in formulating an accurate and complete response to the provider. The more information provided about the history of a particular issue, the more easily an analyst can reach the resolution.

Inquiries and supporting documentation can be submitted electronically through the Portal using the Secure Correspondence feature. Each message is assigned a CTN, which can be used to track the status of the correspondence. When the Written Correspondence analyst resolves the inquiry, a notification email is sent to the provider with a link to the page on the Portal where the response can be reviewed. See the Provider Healthcare Portal module for details.

Written inquiries can also be submitted by mail using the Indiana Health Coverage Programs Written Inquiry form, available on the Forms page at in.gov/medicaid/providers. Using the inquiry form ensures that the Written Correspondence analyst has all the information necessary to conduct thorough research. Written inquiries should be sent to the following address:

**DXC – Written Correspondence**

P.O. Box 7263
Indianapolis, IN 46207-7263

Written Correspondence analysts will respond in writing to the provider within 10 business days of receiving the written inquiry. Responses are assigned a CTN that is important for tracking and should be referred to in subsequent correspondence with the IHCP about the issue.

**Providers should not use Written Correspondence to check claim status.** Claim status can be determined by checking RA statements or inquiring through the Portal, IVR system, or 276/277 claim status request and response transaction.

**Providers should not use the Written Correspondence Unit for claim submission, unless specifically directed to do so.**

Requests for Paper Remittance Advice

Providers should access the Portal to view or download a Remittance Advice. However, providers can request a paper RA from the Written Correspondence Unit in the following ways:

- Submit the request as a secure correspondence message through the Portal.
- Email the request to inixiwrittencorr@dxc.com.
- Mail the request either on provider letterhead or using the Indiana Health Coverage Programs Written Inquiry form, available on the Forms page at in.gov/medicaid/providers.
Requests for Administrative Review

The Written Correspondence Unit handles provider requests for administrative review of claim adjudication of all FFS nonpharmacy claims. See the Claim Administrative Review and Appeals module for more information.

Provider Relations

The Provider Relations Unit includes a team of regional field consultants that can assist providers via the telephone, emails, and on-site visits. Consultants also offer on-site training to encourage the provider community to use the Portal and Health Insurance Portability and Accountability Act (HIPAA)-compliant electronic transactions, and to recruit new providers for the IHCP. Specific region assignments and contact information are available on the Provider Relations Field Consultants page at in.gov/medicaid/providers or by calling Customer Assistance.

Provider Relations field consultants have the following key responsibilities:

- Work directly with the provider community to provide education and ensure program and claim-processing understanding.
- Create a stable, interpersonal relationship with the providers in their assigned geographical territory.
- Work closely with the financial managers, administrators, and business leaders of the provider community to educate about IHCP policies and objectives, assist with resolving provider issues, and conduct training seminars. To ensure a successful training seminar or on-site visit, it is recommended that the following information is provided to assist the field consultant in structuring the meeting or presentation to best meet the needs of the audience:
  - Provider community segment attending the seminar
  - Number of attendees
  - Time and location of the event
  - Issues to be addressed
  - Point of contact, in case additional information is needed prior to the event

The Provider Relations Unit also coordinates the broader provider education component of the IHCP. In conjunction with other program contractors, the unit works to develop and present educational sessions about all aspects of the IHCP. Scheduled workshops are offered each quarter throughout the year, as well as at an annual seminar. Workshops are announced in IHCP provider bulletins and banner pages, provider association newsletters, and on the Provider Education page at in.gov/medicaid/providers. Providers may register for workshops using the Workshop Registration link on the Provider Education page.

When contacting the Provider Relations field consultant, allow 24 hours for a response to the email or voicemail.

Provider Resources and Contact Information

Table 1 is designed to provide a quick reference for providers with questions about claims or programs, or in need of clarification on a specific topic.
## Table 1 – Provider Resources

</tr>
</thead>
</table>
| Provider Healthcare Portal        | portal.indianamedicaid.com, accessible from the home page at in.gov/medicaid/providers | New providers can enroll in the IHCP through the Portal. Enrolled providers can become registered Portal users to access functions such as the following:  
  - Update provider information on file  
  - Verify member eligibility and check benefit limits  
  - File claims and check claim status (FFS, nonpharmacy claims only)  
  - Submit PA requests and check PA status (FFS, nonpharmacy PA only) |
| Customer Assistance telephone line| Toll-free at 1-800-457-4584  
Automated assistance is available  
24 hours a day through the Interactive Voice Response (IVR) system.  
Live assistance available  
8 a.m. – 6 p.m. Eastern Time Monday through Friday, excluding holidays | The Customer Assistance line represents the primary access point for telephone inquiries about IHCP provider enrollment, third-party liability, claim submission and processing, policy, and covered services.  
The following functions are available through the IVR system:  
  - Verify member eligibility and check benefit limits  
  - Check claim status (fee-for-service, nonpharmacy claims only)  
  - Check PA status (fee-for-service, nonpharmacy PA only) |
| Written Correspondence            | Contact DXC via secure correspondence on the Provider Healthcare Portal or by mail to the following address:  
DXC – Written Correspondence  
P.O. Box 7263  
Indianapolis, IN 46207-7263 | Providers can contact the Written Correspondence Unit to address specific questions about the IHCP, to get claim-specific assistance (such as researching complex claim denials, member benefit limits, or problems receiving payment), to request a paper RA, or to request administrative review of a claim.  
Providers should not submit claims for processing to the Written Correspondence Unit unless specifically directed to do so.  
The Written Correspondence Unit forwards medical policy inquiries to the OMPP. |
| Provider Relations field consultants | Field consultant assignments and voice mail extensions are available on the Provider Relations Field Consultants page at in.gov/medicaid/providers or from Customer Assistance | Providers can contact field consultants for explanations of IHCP policies and objectives, assistance in resolving issues, and setting up training seminars and on-site visits. |
| **IHCP Quick Reference Guide**    | View or download from in.gov/medicaid/providers                                        | Refer to this guide for telephone numbers, addresses, and online resources for various entities that support the IHCP. |
Avenues of Resolution

The following tools are available to assist providers in resolving concerns related to various issues.

**Medical Coverage or Policy**

For concerns related to IHCP coverage or policy, submit a *Policy Consideration Request Form* by email to Policyconsideration@fssa.in.gov. The form is available on the *Forms* page at in.gov/medicaid/providers.

**Reimbursement**

To resolve problems or disagreements related to the denial or payment of FFS claims, see the *Claim Administrative Review and Appeals* module.

To resolve problems or disagreements related to managed care claims, see the grievance procedures established by the individual MCE.

**Prior Authorization**

To resolve problems associated with FFS prior authorizations, see the *Prior Authorization* module.

To resolve problems associated with managed care prior authorization, see the grievance procedures established by the individual MCE.

**Provider or Member Fraud**

To report Medicaid fraud or abuse, see the *IHCP Quick Reference Guide*, available at in.gov/medicaid/providers for contact information. More information about provider or member fraud and abuse is available in the *Provider and Member Utilization Review* module.

**Member Eligibility Determination**

To resolve member eligibility problems involving caseworkers or supervisors, call the DFR toll-free telephone number at 1-800-403-0864 or contact the local DFR office. See the *directory of local DFR offices* on the FSSA website at in.gov/fssa.

The telephone number for the DFR also serves as the fax number for the FSSA Document Center. The address for the Document Center is:

**FSSA Document Center**
P.O. Box 1810
Marion, IN 46952

If a director does not respond to the complaint to the provider’s satisfaction, the provider can write a letter providing facts to the DFR deputy director at the following address:

**MS 03**
Deputy Director
Division of Family Resources
Family and Social Services Administration
402 W. Washington St., Room W392
Indianapolis, IN 46204

Providers should specify in the letter their attempts made to resolve the problem.
Civil Rights Requirements

The IHCP does not discriminate on the basis of race, color, national origin, sex, age, or disability in compliance with federal requirements set forth in:

- Section 1557 of the Affordable Care Act
- Title VI of the Civil Rights Act of 1964
- Section 504 of the Rehabilitation Act of 1973
- Age Discrimination Act of 1975
- Omnibus Budget Reconciliation Act (OBRA) of 1981, where applicable

If a provider receives a complaint of an alleged violation of the Civil Rights Act, the provider must advise the FSSA of the complaint. Within 10 working days from the date the provider receives notification of a civil rights violation complaint, the provider must send a copy of the complaint to the following address:

MS 15
Kelly Flynn
Civil Rights Plan Coordinator
Office of Medicaid Policy and Planning
402 W. Washington St., Room W374
Indianapolis, IN 46204

Federal laws and regulations require similar compliance from all recipients of federal funds. Federal rules require such entities, including IHCP providers, to demonstrate such compliance by taking the following actions:

- All IHCP providers must prominently post notices that specify the following information:
  - The provider complies with applicable federal civil rights laws and does not discriminate on the basis of race, color, national origin, sex, age, or disability
  - The provider makes available free aids and services to people with disabilities to communicate effectively with the provider, including qualified interpreters, written information in other formats and free language services to people whose primary language is not English
  - How to obtain the aids and services referenced previously
  - The name and contact information of the provider’s civil rights coordinator who handles grievances (if the provider employs 15 or more individuals)
  - The availability of a grievance procedure as well as how to file a grievance
  - How to file an Office for Civil Rights (OCR) complaint

A sample posting is available at the Department of Health and Human Services (HHS) website at hhs.gov for your reference. The IHCP has developed a sample posting specific to the state of Indiana, as shown on page 1 of Figure 1.

- All IHCP providers must include taglines in published materials to alert individuals with limited English proficiency (LEP) to the availability of language assistance services. Major patient publications are required to include taglines translated into at least the top 15 languages spoken by individuals with LEP in the state. Lesser patient publications are required to include taglines for the top two languages spoken. Translated resources for nondiscrimination notices and taglines are available in these and many languages at the HHS website at hhs.gov. The sample nondiscrimination posting includes taglines with the top 16 languages spoken in Indiana, as shown on page 2 of Figure 1.

Providers must comply with federal law with regard to the Patient Self-Determination Act contained in the OBRA of 1990. This law requires that providers advise adult patients about the patient’s right to determine treatment before they can no longer make healthcare decisions for themselves. The patient can express their choice in an advance directive.
