## IHCP reminds providers to register for the 2023 IHCP Roadshow

The Indiana Health Coverage Programs (IHCP) announced the dates and locations of the 2023 IHCP Roadshow in *IHCP Bulletin* [BT202324](#). After three years of a public health emergency (PHE), the IHCP is using this year's Roadshow as an opportunity for relationship building. These events allow for face-to-face discussion of current and future initiatives by the Family and Social Services Administration (FSSA), Gainwell Technologies and all the IHCP's business partners.

The IHCP would like to thank everyone who attended one of this year's Roadshow events in April, and to remind providers that there is still time to register for the last two Roadshow dates, occurring in May. Providers may register for the 2023 IHCP Roadshow using the [Workshop Registration Tool](#), accessible from the IHCP provider website at [in.gov/medicaid/providers](#). For detailed instructions on using this tool, see the [Workshop Registration Tool Quick Reference Guide](#).
