## FSSA announces the PathWays Temporary Emergency Financial Assistance program

As required under *Senate Enrolled Act (SEA) 132 (2024)*, the Office of Medicaid Policy and Planning (OMPP) has established a Temporary Emergency Financial Assistance program for Indiana PathWays for Aging (PathWays) providers that experience a financial emergency as defined in law due to PathWays claim payment issues.

A provider is only eligible for Temporary Emergency Financial Assistance from a managed care entity (MCE) with which the provider successfully completed the PathWays claims testing process. A [listing of providers](#) that have successfully completed testing by MCE is available online.

If you are experiencing claim-processing challenges and did not participate in the testing process, please reach out to the appropriate MCE provider relations contacts.

The OMPP will make a determination as to whether a provider qualifies for an emergency financial payment within seven calendar days of receipt of the application and will notify the applicant of that determination. An emergency financial assistance payment is an advance payment reconciled against future claim payments.

The application can be accessed from the [PathWays Stakeholder Engagement](#) page at [in.gov/pathways/stakeholder-engagement](http://in.gov/pathways/stakeholder-engagement).

Applications for the Temporary Emergency Financial Assistance program will be accepted through Jan. 31, 2025, as outlined in *SEA 132*.
