IHCP to reprocess ABA therapy service claims that denied in error

The Indiana Health Coverage Programs (IHCP) requires modifiers for applied behavioral analysis (ABA) therapy services for Healthcare Common Procedure Coding System (HCPCS) codes 97151–97158, 0362T and 0373T, effective for dates of service (DOS) on or after Jan. 1, 2024. See Table 1 in *IHCP Bulletin* [BT2023169](#) for the procedure code-modifier combinations.

For claims billed with DOS **prior to Jan. 1, 2024**, a system issue has been identified for procedure codes 97153–97158, 0362T and 0373T that may have caused ABA claims to deny in error for one of the following explanation of benefits (EOB) codes:

- 4021 – *Procedure code is not covered for the dates of service for the program billed*
- 4218 – *Service billed is not allowed on this claim type*
- 4801 – *Procedure code not covered for benefit plan*

The fee-for-service (FFS) claim-processing system has been corrected and applicable claims will be mass adjusted or reprocessed. Providers should see adjusted or reprocessed claims on remittance advices (RAs) beginning June 19, 2024, with internal control numbers (ICNs)/Claim IDs that begin with 52 (mass replacements non-check related) or 80 (reprocessed denied claims).
