IHCP announces additional guidance for HCBS provider certification

The Office of Medicaid Policy and Planning (OMPP) certification team has identified a modification in the process for established Home- and Community-Based Services (HCBS) providers wishing to add services or add counties.

The modification is as follows:

- A provider that is requesting to add services or add counties will still be required to select **Apply for New Application** in the [OMPP HCBS Certification Portal](#).
- The provider should then include all currently certified Aged & Disabled (A&D) and Traumatic Brain Injury (TBI) waiver services along with the services and/or counties they are requesting to add.

This direction will allow the provider's OMPP HCBS Certification Portal account to reflect all certified services within the portal.

For more information on the OMPP HCBS Certification Portal and the certification process, see *Indiana Health Coverage Programs (IHCP) Bulletins* [BT202460](#) and [BT202456](#).
