IHCP adds diagnosis codes to the MCE Emergency Department Autopay List

The Indiana Health Coverage Programs (IHCP) is adding the following diagnosis codes to the managed care health plan *Emergency Department Autopay List*, effective retroactively for dates of service (DOS) on or after **July 1, 2025**:

- S1185XA – *Open bite of other specified part of neck, initial encounter*
- Z203 – *Contact with and (suspected) exposure to rabies*

For any questions on claim reprocessing or adjustments related to this retroactive change, contact the applicable managed care entity (MCE).

As a reminder, if an MCE chooses to use a list of diagnosis codes to determine whether a service is an emergency, the MCE must, at a minimum, use the state's *Emergency Department Autopay List*, accessible from the [Code Sets](#) webpage at in.gov/medicaid/providers. For more information about this list, see IHCP Bulletins [BT202009](#) and [BT2024112](#).
