7.0	Policies and procedures as of July 1, 2023 Published: July 1, 2023	Scheduled update	FSSA and Gainwell
8.0	Policies and procedures as of Jan. 1, 2025 Published: March 20, 2025	Scheduled update: • Edited and reorganized text as needed for clarity • Added information about PathWays • Updated the note about MCE reimbursement rates in the *Provider Reimbursement Methodologies* section • Updated the *Office of Medicaid Policy and Planning* section • Updated the *Division of Disability and Rehabilitative Services* section • Updated the *Division of Aging* section • Updated the *Contractors* section	FSSA and Gainwell

Version	Date	Reason for Revisions	Completed By
		• Updated the *Provider Relations* section • Updated *Table 2 – Provider Resources* • Added new DFR fax number to the *Member Eligibility Determination* section	

Table of Contents

Overview

Indiana's Medicaid program, collectively referred to as the Indiana Health Coverage Programs (IHCP), provides a healthcare safety net for low-income children and adults, including those who are aged, disabled, blind, pregnant or meet other eligibility requirements. The IHCP receives federal and state funds to operate the program and reimburse providers for reasonable and necessary medical care for eligible members. Each state administers its own Medicaid program within the provisions of federal legislation and broad federal guidelines issued by the Centers for Medicare & Medicaid Services (CMS). The Indiana Family and Social Services Administration (FSSA) administers the IHCP.

Information on IHCP services is available in the *Indiana Code* (IC) and *Indiana Administrative Code* (IAC), which are published online at in.gov. The administrative rules for the IHCP, including but not limited to member eligibility, provider types and covered services, are published in Titles 405 and 407 of the IAC.

The IHCP provider reference modules can be used as a reference for medical coverage, billing guidance and reimbursement policy for providers conducting business with the IHCP. Modules include instructions for submitting IHCP claims and prior authorization (PA) requests, as well as other related topics. All modules can be accessed on the *IHCP Provider Reference Modules* page of the IHCP provider website at in.gov/medicaid/providers.

Additional resources on the website include:

- IHCP bulletins
- News and announcements
- Fee schedules (professional and outpatient)
- Code tables
- Provider enrollment and profile maintenance packets
- Program descriptions
- Contact information
- Provider education opportunities
- Forms, including PA request forms
- Links to various provider portals, such as the IHCP Provider Healthcare Portal (IHCP Portal)
- Electronic data interchange (EDI) information, including IHCP companion guides for *Health Insurance Portability and Accountability Act* (HIPAA) version 5010

Delivery Systems

The following sections describe the delivery systems the IHCP uses for administering Medicaid benefits and healthcare. For information about specific IHCP programs and associated benefit plans, see the *Member Eligibility and Benefit Coverage* module.

Fee-for-Service

The fee-for-service (FFS) delivery system reimburses providers on a per-service basis. For services rendered under the FFS delivery system, providers should submit claims and, if required, PA requests to the appropriate IHCP FFS contractor, as listed in Table 1. The table also lists the provider reference modules that contain FFS billing and PA procedures for each type of service.

Table 1 – Fee-for-Service PA and Claim Submission

Type of Service	Submit PA Requests To	Submit Claims To	Modules With More Information
Pharmacy	Optum Rx	Optum Rx	*Pharmacy Services*
Nonemergency medical transportation (NEMT) services *(except services exempt from brokerage)*	N/A (Providers do not need to submit PA requests for services brokered through Verida.)	Verida	*Transportation Services*
All other services	Acentra Health (formerly Kepro)	Gainwell Technologies	*Claim Submission and Processing* *Prior Authorization*

Managed Care

The state of Indiana has mandated a managed care delivery system for members enrolled in the following programs:

- Healthy Indiana Plan (HIP)
- Hoosier Care Connect
- Hoosier Healthwise
- Indiana PathWays for Aging (PathWays)

Under the managed care system, members are enrolled with a managed care entity (MCE), which is responsible for the members' healthcare services. Each MCE maintains its own provider network, provider services unit and member services unit.

Per the IHCP contract, the MCE is responsible for performing PA authorization, claim processing and subrogation activities for its particular subcontractor network. The MCE with which the member is enrolled should be contacted for specific PA, billing and reimbursement policies and guidelines as the MCE may have different requirements. Providers can find a member's assigned MCE by checking the member's eligibility on the IHCP Portal or through the IHCP Customer Assistance phone line (using the virtual assistant, GABBY). For MCE contact information, see the *IHCP Quick Reference Guide*, available at in.gov/medicaid/providers.

All providers wanting to offer services to HIP, Hoosier Care Connect, Hoosier Healthwise or PathWays members must first enroll with the IHCP prior to contracting with the MCEs. Providers rendering services to a member enrolled with an MCE must be contracted with the MCE assigned to the member. This provision also includes out-of-state providers. See the *Provider Enrollment* module for details.

> *Note: The IHCP also provides the Program of All-Inclusive Care for the Elderly (PACE) for individuals 55 years old or older who are certified by the state of Indiana to need a nursing facility level of care, are able to live safely in the community at the time of enrollment, and reside in a PACE service area. Designated PACE organizations serve as MCEs for PACE members. For more information, see the Member Eligibility and Benefit Coverage module and the Program of All-Inclusive Care for the Elderly webpage at in.gov/fssa.*

Managed Care Service Carve-Outs

The MCE is responsible for the delivery and payment of most care for its members; however, certain services are not paid by the MCE. These services, referred to as *carved-out services*, are billed for reimbursement as FFS claims. PA for carved-out services, when required, also follows the FFS process. MCEs must provide care coordination and associated services related to carved-out services, including but not limited to transportation.

For more information, including a list of carved-out services, see the *Member Eligibility and Benefit Coverage* module.

Self-Referral Services

Most services in managed care require referral from a primary medical provider (PMP). Self-referral services are an exception. For services designated as *self-referral*, MCEs reimburse IHCP-enrolled providers without a PMP referral. Self-referral services must be covered under the member's benefit plan and established benefit limits, and PA requirements apply.

For more information, including a list of self-referral services, see the *Member Eligibility and Benefit Coverage* module.

Provider Reimbursement Methodologies

The FFS claim-pricing process calculates the IHCP-allowed amount for claims based on claim type and defined pricing methodologies for each provider type. These pricing methodologies include some of the following:

- Cost-based and case-mix reimbursement
- Diagnosis-related group (DRG)
- Maximum fee
- Manually priced
- Medicare and Medicare Advantage Plan, and IHCP crossover coinsurance and deductible
- Outpatient ambulatory surgical center (ASC) flat rate
- Percentage of billed charges
- Resource-based relative value scale (RBRVS)

Details about these reimbursement methodologies are found in *405 IAC 1-8*, *405 IAC 1-10.5* and *405 IAC 1-11.5*. For reimbursement information related to specific provider types and services, see the appropriate provider reference module.

Two fee schedules are available from the *IHCP Fee Schedules* webpage at in.gov/medicaid/providers:

- The **Professional Fee Schedule** contains a list of IHCP-covered Current Procedural Terminology (CPT®[1]), Healthcare Common Procedure Coding System (HCPCS) and Current Dental Terminology (CDT®[2]) procedure codes and includes indicators specific to each code, such as program coverage, reimbursement and PA. The entire Professional Fee Schedule can be viewed online, or a search tool is available to view only results for a specific procedure code, code range or code description. This fee schedule can also be downloaded as a Microsoft Excel document or as a text file that can be imported into popular applications such as Microsoft Access. The IHCP automatically updates the Professional Fee Schedule each week.
- The **Outpatient Fee Schedule** reflects coverage, pricing and reimbursement methodology for HCPCS and CPT procedure codes and revenue codes billed by outpatient hospitals and ASCs. The

[1] *CPT copyright 2025 American Medical Association. All rights reserved. CPT is a registered trademark of the American Medical Association.*

[2] *CDT copyright 2025 American Dental Association. All rights reserved.*

Outpatient Fee Schedule is posted as a Microsoft Excel document so that providers can search and sort as needed. It is updated monthly to reflect any change in policies.

> *Note: Under managed care, the MCEs reimburse in-network providers as stated in their provider contracts, which may include negotiated rates. All reimbursement rates must be at or above the IHCP Professional Fee Schedule rates for services covered under the member's benefit plan. In the absence of another arrangement, MCEs reimburse out-of-network providers according to FFS pricing methodologies. Providers should contact the MCE for managed care program reimbursement rates.*
>
> *For contact information, see the IHCP Quick Reference Guide, available at in.gov/medicaid/providers.*

State, Regional and Contractor Responsibilities

This section outlines the responsibilities of the entities involved in administering the IHCP.

Family and Social Services Administration

The FSSA is the state agency responsible for administration of the IHCP, which requires coordination with a number of entities. This section outlines the primary agencies involved in program administration.

Division of Family Resources

The FSSA Division of Family Resources (DFR) is responsible for determining eligibility for IHCP members, enrolling members in the appropriate program, and maintaining the eligibility files for the IHCP member population. A complete directory of local DFR offices is available on the DFR website at in.gov/fssa/dfr.

Office of Medicaid Policy and Planning

The FSSA Office of Medicaid Policy and Planning (OMPP) is responsible for the general planning and oversight of the IHCP, including coordination with program partners and contractors. The OMPP oversees the Indiana Medicaid State Plan, Medicaid waivers and federal reporting. In addition, the OMPP establishes IHCP policy and manages IHCP contractor relationships.

The FSSA OMPP is responsible for overseeing one 1915(c) Home- and Community-Based Services (HCBS) waiver program: the Indiana PathWays for Aging (PathWays) Waiver.

Division of Disability and Rehabilitative Services

The FSSA Division of Disability and Rehabilitative Services (DDRS) manages the delivery of services to children and adults with intellectual and developmental disabilities. The DDRS administers four 1915(c) HCBS waiver programs:

- Community Integration and Habilitation (CIH) Waiver
- Family Supports Waiver (FSW)
- Health and Wellness (H&W) Waiver
- Traumatic Brain Injury (TBI) Waiver

The DDRS also administers the Money Follows the Person CIH Demonstration Grant, which assists institutionalized members who are transitioning into the CIH Waiver, as well as the Money Follows the Person Demonstration Grant, which assists institutionalized members who are transitioning into the H&W or PathWays Waiver.

Division of Aging

The FSSA Division of Aging is responsible for processing Preadmission Screening and Resident Review (PASRR) requests, including level-of-care (LOC) assessments, for long-term care.

Division of Mental Health and Addiction

The FSSA Division of Mental Health and Addiction (DMHA) administers three 1915(i) State Plan HCBS programs:

- Adult Mental Health and Habilitation (AMHH)
- Behavioral and Primary Healthcare Coordination (BPHC)
- Child Mental Health Wraparound (CMHW)

Contractors

The FSSA contracts with a fiscal agent and other entities to perform the day-to-day program functions associated with administration of the IHCP. Current contractors and responsibilities include the following:

- Gainwell Technologies – Fiscal agent
  - Fee-for-service (FFS) claim processing for services other than pharmacy and brokered NEMT
  - Member and provider customer service (excluding PA-related issues)
  - Provider enrollment
  - Provider relations
  - Managed care entity and enrollment broker support
  - Third-party liability
  - IHCP Provider Healthcare Portal
- Acentra Health (formerly Kepro) – IHCP FFS prior authorization and utilization management (PA-UM) contractor
  - FFS nonpharmacy prior authorization and utilization management
- Optum Rx – FFS pharmacy benefit manager
  - FFS pharmacy claim processing
  - FFS pharmacy-related prior authorization
  - FFS pharmacy-related member and provider support
  - Drug rebate services
  - Pharmacy rate setting
- Verida – FFS nonemergency medical transportation (NEMT) broker
  - FFS NEMT provider network development
  - FFS NEMT member and provider support
  - FFS NEMT claim processing*
  - FFS NEMT transportation scheduling*

    * *Except for NEMT services that are exempt from the brokerage requirement.*
- MAXIMUS
  - Enrollment broker (managed care programs)
    - HIP, Hoosier Care Connect, Hoosier Healthwise and PathWays general program information
    - Member counseling for initial selection of MCE (also known a health plan)
    - Member assistance with health plan changes (first 90-day plan changes, open enrollment, just cause and so on)

  - Member support services (PathWays only)
    - PathWays member education about managed care operations and how to access services
    - Mediation between MCE and PathWays member, when needed
    - PathWays member support through the grievance and appeals process, when requested

- Myers and Stauffer LC – Rate-setting contractor
  - Nonpharmacy rate setting
  - Long-term care audits
- Anthem, CareSource, Humana, Managed Health Services (MHS), MDwise and UnitedHealthcare – IHCP-contracted managed care entities (MCEs) for the HIP, Hoosier Care Connect, Hoosier Healthwise and PathWays programs
  - Utilization management and PA
  - Provider network development
  - Care management
  - Claim processing
  - Member and provider support
  - Community outreach
  - Provider education

> *Note: For certain services (such as dental or pharmacy), some functions (such as PA and claim processing) may be handled by a subcontractor of the MCE.*

Contact information for these contractors is available in the *IHCP Quick Reference Guide*, available at in.gov/medicaid/providers.

Indiana Department of Health

The Indiana Department of Health (IDOH) is responsible for certifying, credentialing and/or licensing certain provider types and specialties – including, in conjunction with the CMS, certifying providers for Clinical Laboratory Improvement Amendments (CLIA). For applicable specialties, see the *IHCP Provider Enrollment Type and Specialty Matrix*, available at in.gov/medicaid/providers.

For questions about the IDOH certification, credentialing or licensure process, providers may contact the IDOH at the following address or telephone number:

Indiana Department of Health
2 N. Meridian St.
Indianapolis, IN 46204

317-233-1325 or **800-382-9480**

Provider Services

Being responsive to the needs of IHCP providers is a primary emphasis for the IHCP. Entities contracted with the FSSA perform parallel provider services functions for providers in their respective networks.

MCE Provider Services

Each MCE contracted for HIP, Hoosier Care Connect, Hoosier Healthwise or PathWays maintains a provider services unit to address the concerns and questions of providers serving members in their health plans. The *IHCP Quick Reference Guide*, available at in.gov/medicaid/providers, includes contact information for these provider services units.

Optum Rx Provider Services

Optum Rx, the FFS pharmacy benefit manager, maintains a provider services unit to address the questions and concerns of pharmacy providers rendering services under the IHCP FFS delivery system – including the resolution of pharmacy-claim-processing issues. The *IHCP Quick Reference Guide*, available at in.gov/medicaid/providers includes contact information for the Optum Rx Clinical and Technical Help Desk, where member and provider telephone inquiries should be directed.

Verida Provider Services

Verida is responsible for brokering most nonemergency medical transportation (NEMT) services for IHCP members served through the FFS delivery system. (For services exempt from brokerage, see the *Transportation Services* module.)

Contact information for Verida, including reservation and facility dispatch lines and links for members, transportation providers and facilities, is included in the *IHCP Quick Reference Guide*, available at in.gov/medicaid/providers. Information about contracting with Verida and other guidance for transportation providers can be found on the *Indiana Transportation Providers* webpage at verida.com.

Acentra Health Provider Services

Acentra Health (formerly Kepro) is responsible for managing IHCP FFS nonpharmacy PA services, as well as for performing utilization management functions (including Right Choices Program administration) for FFS members. Contact information for Acentra Health (formerly Kepro), including its customer assistance line, is available in the *IHCP Quick Reference Guide*, available at in.gov/medicaid/providers.

Gainwell Provider Services

Gainwell Technologies, the IHCP fiscal agent, performs general provider services and serves as the overall liaison between the provider and member communities for the IHCP. Gainwell addresses concerns and questions for providers conducting certain types of business with the IHCP, such as resolving FFS nonpharmacy claim-processing issues. The following Gainwell business units perform provider services:

- The Provider Enrollment Unit is responsible for provider enrollment, revalidation and provider profile maintenance activities.
- The Customer Assistance Unit is responsible for answering telephone inquiries.
- The Written Correspondence Unit responds to inquiries submitted through the IHCP Portal and performs claim administrative reviews as directed by the FSSA.
- The Provider Relations Unit functions as the educational arm of the IHCP.

Provider Enrollment

The Provider Enrollment Unit performs the following key functions:

- Assesses provider eligibility through verification of licensure, certification and insurance and approves documents required for enrollment. Enrollment requirements are based on provider type and specialty, and adhere to guidelines and rules set by federal and state regulations.
- Ensures that no enrolled provider is excluded from participation by the Office of the Inspector General (OIG), the CMS, or other federal or state agencies.
- Processes provider enrollment transactions, including applications and profile maintenance updates.

- Deactivates enrolled providers that no longer meet state requirements for participation in the IHCP.
- Maintains provider files for all enrolled, denied and terminated providers.

Enrollment analysts monitor enrollment activities from initial receipt of an enrollment application or provider profile update through final disposition.

IHCP enrollment applications and provider profile updates may be completed online using the IHCP Provider Healthcare Portal, accessible from the homepage at in.gov/medicaid/providers. Printable enrollment packets and profile maintenance forms are available on the *Complete an IHCP Provider Enrollment Application* webpage at in.gov/medicaid/providers. For additional information about provider enrollment and profile maintenance, see the *Provider Enrollment* module or call Customer Assistance.

Customer Assistance

As the front line of communications with providers, Customer Assistance representatives quickly detect the impact of program policy and procedural changes through provider inquiries. Customer Assistance can be contacted toll-free at **800-457-4584**.

Live assistance is available 8 a.m. to 6 p.m. Eastern Time, Monday through Friday, excluding holidays. To maintain compliance with the HIPAA Privacy Rule, Customer Assistance representatives cannot verify member eligibility.

Automated responses to provider inquiries are available 24 hours per day through the virtual assistant, GABBY. This interactive voice response system provides information and assists with questions related to such functions as verifying member eligibility, member benefit limits and claim status.

> *Note: Providers can also access pertinent member eligibility and claim status information 24 hours a day, seven days a week, using automated online and electronic transaction systems as described in the relevant modules, such as Member Eligibility and Benefit Coverage and Claim Submission and Processing.*
>
> - *Instructions for accessing information online via the IHCP Portal are included in the Provider Healthcare Portal module.*
> - *Instructions for accessing information via the 270/271 and 276/277 electronic data interchange (EDI) transactions are available in the Electronic Data Interchange module and the IHCP companion guides at in.gov/medicaid/providers.*

To assist with timely processing of inquiries, providers should consider the following guidelines when contacting the Customer Assistance Unit:

- To verify member eligibility (for both FFS and managed care members), providers can inquire through the phone-based virtual assistant (GABBY), IHCP Portal, or 270/271 health care eligibility benefit inquiry and response transaction.
- For general claim status inquiries of FFS nonpharmacy claims, providers can check the weekly remittance advice (RA) or inquire through GABBY, the IHCP Portal, or 276/277 claim status request and response transaction.
- Providers should not inquire about the status of a specific claim until at least 30 business days after submission. This length of time is generally considered reasonable to process a claim.
- When contacting Customer Assistance to request information about an claim, providers should be prepared with the following information:
  - Billing provider's 10-digit National Provider Identifier (NPI) or IHCP Provider ID
  - Full nine-digit ZIP Code (ZIP + 4) of the service location address
  - Facility name or practice name

  - Last four digits of the taxpayer identification number (TIN)
  - Claim ID or other information needed to identify the claim, including:
    - Member information (Member ID or name and date of birth)
    - Service information (dates of service and claim type [inpatient, outpatient, medical, dental and so forth])
    - Amount billed

- If a provider speaks to a Customer Assistance representative, the provider should make a note of the date of the telephone call, the name of the representative who handled the call, and the contact tracking number (CTN). This information is helpful when a follow-up inquiry is necessary.

Written Correspondence

Providers should contact the Written Correspondence Unit for assistance with researching complex FFS claim denials or when the provider experiences difficulty receiving claim payment. Additionally, providers can contact the Written Correspondence Unit to obtain other information, including member benefit limit information and clarification of the IHCP rules and regulations.

Providers are encouraged to provide comprehensive information in their correspondence, including a clearly stated reason for the inquiry. Providers should also include any of the following items that are applicable:

- Copies of submitted claim forms (or printouts of electronic claims) and any documentation that was attached
- Copies of RA statements

This information provides necessary details and is helpful in formulating an accurate and complete response to the provider. The more information provided about the history of a particular issue, the more easily an analyst can reach the resolution.

Inquiries and supporting documentation can be submitted electronically through the IHCP Portal using the Secure Correspondence feature. Each message is assigned a CTN, which can be used to track the status of the correspondence and should be referred to in subsequent correspondence with the IHCP about the issue. When the Written Correspondence analyst resolves the inquiry, an automated notification email is sent to the provider with a link to the page on the IHCP Portal where the response can be reviewed. See the *Provider Healthcare Portal* module for details.

Written Correspondence analysts will respond in writing to the provider within 10 business days of receiving the inquiry.

Providers should not use Written Correspondence to check claim status. Claim status can be determined by checking RA statements or inquiring through the IHCP Portal, phone-based virtual assistant GABBY, or 276/277 claim status request and response transaction.

Providers should not use the Written Correspondence Unit for claim submission, unless specifically directed to do so.

Requests for Paper Remittance Advice

Providers are encouraged to use the IHCP Portal to view or download a remittance advice. However, if needed, providers can request a paper RA from the Written Correspondence Unit as described in the *Financial Transactions and Remittance Advice* module.

Requests for Claim Administrative Review

The Written Correspondence Unit handles provider requests for administrative review of claim adjudication of all FFS nonpharmacy claims. See the *Claim Administrative Review and Appeals* module for more information.

Provider Relations

The Provider Relations Unit organizes its team of consultants into regions to minimize wait times when providers contact the unit for assistance. Every region has a consultant working to meet the needs of the provider community. A dedicated email address and voicemail number for each region enables the consultant for that region to access, research and respond to provider inquiries. Consultants also offer on-site training to encourage the provider community to use the IHCP Portal and HIPAA-compliant electronic transactions, and to recruit new providers for the IHCP. Specific region assignments and contact information are available on the *Provider Relations Consultants* webpage at in.gov/medicaid/providers or by calling Customer Assistance at 800-457-4584.

Provider Relations consultants have the following key responsibilities:

- Work directly with the provider community to provide education and ensure program and claim-processing understanding.
- Create a stable, interpersonal relationship with the providers in their assigned geographical territory.
- Work closely with the financial managers, administrators and business leaders of the provider community to educate providers about IHCP policies and objectives, assist with resolving provider issues, and conduct training.

When scheduling an on-site visit from a Provider Relations consultant, providers should convey the following information to assist the consultant in structuring the meeting or presentation to best meet the needs of the audience:

- Provider community segment attending the visit
- Number of attendees
- Preferred time and location of the visit
- Issues to be addressed
- Point of contact, in case additional information is needed prior to the visit

The Provider Relations Unit also coordinates the broader provider education component of the IHCP. In conjunction with the FSSA, the Provider Relations Unit arranges and hosts a set of scheduled workshops (IHCP Roadshow) and an annual seminar (IHCP Works) where Provider Relations and other IHCP contractors present educational sessions about all aspects of the IHCP. See the *Provider Education Opportunities* webpage at in.gov/medicaid/providers for links to information about upcoming workshops or seminars (including registration instructions), as well as additional training resources, such as archived presentations from past workshops and seminars, periodic online webinars (IHCP Live), and various training documents for self-paced learning. Workshops and webinars are announced in IHCP provider bulletins, provider association newsletters, and on the IHCP provider website at in.gov/medicaid/providers.

When contacting a Provider Relations consultant, allow 24 hours for a response to the email or voicemail.

> *Note: The "IHCP Listens" email account (IHCPListens@fssa.in.gov) allows providers to give feedback on current or past trainings and to suggest topics for future trainings. The FSSA conveys relevant information received at this account to the Provider Relations Unit.*

Provider Resources and Contact Information

Providers can sign up for email of IHCP and FSSA news, reminders and other important information at the *Email Notifications* webpage or by entering their email address in the green sign-up box at the bottom of any webpage on in.gov/medicaid/providers. After submitting an email address, select the **IHCP Providers** subscription topic to receive notices when news items, bulletins and updates to provider reference modules, code tables and other important reference documents are published to the website.

Table 2 serves as a quick reference for providers with questions about claims or programs, or in need of clarification on a specific topic.

Table 2 – Provider Resources

Provider Resource	How to Access Resource	When to Use Resource
IHCP bulletins	Browse, search, and view or download bulletins from the *IHCP Bulletins* webpage at in.gov/medicaid/providers *Note: If needed, providers can also find information that posted in banner pages prior to June 13, 2023, on the IHCP Banner Pages webpage.*	IHCP bulletins provide official notice of new and revised policies, program changes, updated billing guidance, and as claim-processing issues. Bulletins may also be used to provide information about special initiatives or announce provider education opportunities. Providers are required to stay abreast of IHCP notices. IHCP publications are archived on the website for historical purposes. Providers are cautioned not to rely on dated publications. The most current information about a topic can be found either in the posted provider reference module or in publications issued after the effective date of the module.
IHCP provider reference modules	View or download modules from the *IHCP Provider Reference Modules* webpage at in.gov/medicaid/providers	Providers can refer to the IHCP provider reference modules as a resource for service coverage parameters, PA procedures, billing guidance (including information about applicable code tables), claim submission and processing information, reimbursement policy, and other related topics. Updates to policies and procedures are announced in IHCP bulletins and added to the published reference modules at regular intervals.

Provider Resource	How to Access Resource	When to Use Resource
IHCP provider website	in.gov/medicaid/providers	Providers can access the website to obtain program information, such as the following: • IHCP bulletins • News and announcements • IHCP provider reference modules • Fee schedules (professional and outpatient) • Code tables • Provider enrollment and profile maintenance packets • Program descriptions • Contact information • Provider education opportunities • Forms, including PA request forms • Links to various FFS provider portals • EDI information, including IHCP companion guides for HIPAA version 5010
IHCP Provider Healthcare Portal	portal.indianamedicaid.com, accessible from the homepage at in.gov/medicaid/providers	New providers can enroll in the IHCP through the IHCP Portal. Enrolled providers can become registered IHCP Portal users to access functions such as the following: • Update provider information on file • Verify member eligibility and check benefit limits • File claims and check claim status (FFS, nonpharmacy claims only)
Atrezzo Provider Portal	atrezzo.acentra.com, accessible from the *Portal Links for Providers* webpage at in.gov/medicaid/providers	Providers can use this portal to submit PA requests, update existing PA requests and check the status of PA (FFS, nonpharmacy services only).

Provider Resource	How to Access Resource	When to Use Resource
IHCP Customer Assistance telephone line	Toll-free at **800-457-4584** Automated provider assistance is available 24 hours a day through the virtual assistant, GABBY. Live assistance is available 8 a.m. – 6 p.m. Eastern Time Monday through Friday, excluding holidays	The IHCP Customer Assistance line represents the primary access point for telephone inquiries about IHCP provider enrollment, third-party liability, claim submission and processing, EDI trading partner and IHCP Portal technical assistance, policy, and covered services. The GABBY virtual assistant can perform functions such as the following: • Verify member eligibility and check benefit limits • Check claim status and payment information (FFS, nonpharmacy claims only) • Check provider enrollment status and make a revalidation payment
Written Correspondence	Contact Gainwell via secure correspondence on the IHCP Provider Healthcare Portal	Providers can contact the Written Correspondence Unit to address specific questions about the IHCP, to get claim-specific assistance (such as researching complex claim denials, member benefit limits or issues receiving payment), to request a paper RA, or to request administrative review of a claim. Providers should not submit claims for processing to the Written Correspondence Unit unless specifically directed to do so. The Written Correspondence Unit forwards medical policy inquiries to the OMPP.
Provider Relations consultants	Regional consultant assignments, with email and voicemail information, are available on the *Provider Relations Consultants* webpage at in.gov/medicaid/providers or from Customer Assistance	Providers can contact Provider Relations consultants for explanations of IHCP policies and objectives, assistance in resolving issues, and setting up training seminars and on-site visits.
IHCP Quick Reference Guide	View or download the *IHCP Quick Reference Guide* at in.gov/medicaid/providers	Refer to this guide for telephone numbers, addresses and online resources for various entities that support the IHCP.

Table 3 provides email addresses to OMPP business units for providers' questions, feedback and requests for guidance.

> *Note: The IHCP encourages providers to check with their IHCP Provider Relations consultants for initial questions. A complete list of the consultants is available on the Provider Relations Consultants webpage at in.gov/medicaid/providers.*

Table 3 – Office of Medicaid Policy and Planning Email Inboxes for Providers

OMPP Business Unit	Email Address	When To Use Email Inbox
Provider Enrollment	OMPPProviderEnrollment@fssa.in.gov	To ask questions and request clarification about any aspect of IHCP provider enrollment, including: • Enrollment policy • Initial enrollment and application process • IHCP-requested changes to a submitted application
Provider Relations	OMPPProviderRelations@fssa.in.gov	To ask questions, general or specific, about the following: • Announcements, including bulletins and news items • Claim appeals • Claim processing and reimbursement • Clarification of policies and deadlines • Prior authorization
	IHCPListens@fssa.in.gov	To allow providers to give input about the following: • Feedback on past IHCP workshops, webinars and other presentations • Ideas for future workshops or presentations • Requests for clarification of policies and programs (in future workshops or written communication)
Reimbursement	FSSA.IHCPReimbursement@fssa.in.gov	For questions or issues regarding reimbursement of services, including the following: • Payment rates for claims • Requests for changes to reimbursement rates
Policy Consideration	PolicyConsideration@fssa.in.gov	For technical issues with using the online *OMPP Policy Consideration Request Submission Form* or to inquire about a previously submitted request or update the email address submitted with a request *Note: Do not submit policy consideration requests via email; instead, use the online submission form. More information about the policy consideration process is available on the Policy Consideration Requests page at in.gov/medicaid/providers.*

OMPP Business Unit	Email Address	When To Use Email Inbox
FSSA Substance Use Disorder (SUD) and Serious Mental Illness (SMI) services	SUD.Services@fssa.in.gov	To email questions or concerns about SUD or SMI treatment services *Note: Additional information is available on the Substance Use Disorder (SUD/Serious Mental Illness (SMI) Treatment page at in.gov/medicaid/providers.*

Avenues of Resolution

The following tools are available to assist providers in resolving concerns related to various issues.

IHCP Coverage and Medical Coverage Policy

To request a change to IHCP coverage parameters or medical policies, submit a policy consideration request. Instructions for submitting a policy consideration request can be found on the *Policy Consideration Requests* page at in.gov/medicaid/providers.

Reimbursement

To resolve issues or disagreements related to the denial or payment of FFS claims, follow the procedures outlined in the *Claim Administrative Review and Appeals* module.

To resolve issues or disagreements related to managed care claims, providers should contact the MCE with which the member is enrolled.

Prior Authorization

To resolve issues associated with FFS PA, follow the procedures outlined in the *Prior Authorization* module.

To resolve issues associated with managed care PA, providers should contact the MCE with which the member is enrolled.

Provider or Member Fraud

To report Medicaid fraud, waste or abuse, see contact information in the *IHCP Quick Reference Guide*, available at in.gov/medicaid/providers. More information about provider or member fraud and abuse is available in the *Provider and Member Utilization Review* module.

Member Eligibility Determination

To resolve member eligibility issues, call the DFR toll-free telephone number at **800-403-0864** or contact the local DFR office. See the directory of local DFR offices on the FSSA website at in.gov/fssa.

The mailing address and fax number for the FSSA Document Center are as follows:

FSSA Document Center
PO Box 1810
Marion, IN 46952

Fax: 888-436-9199

If a regional manager does not respond to the complaint to the provider's satisfaction, the provider can write a letter providing facts to the DFR deputy director at the following address:

MS03
Deputy Director
Division of Family Resources
Family and Social Services Administration
402 W. Washington St., Room W392
Indianapolis, IN 46204

Providers should specify in the letter their attempts made to resolve the issue.

Civil Rights Requirements

The IHCP does not discriminate on the basis of race, color, national origin, sex, age or disability in compliance with federal requirements set forth in:

- *Section 1557 of the Affordable Care Act*
- *Title VI of the Civil Rights Act of 1964*
- *Section 504 of the Rehabilitation Act of 1973*
- *Age Discrimination Act of 1975*
- *Title II of the Americans with Disabilities Act (ADA)*
- *Omnibus Budget Reconciliation Act (OBRA) of 1981, where applicable*

If a provider receives a complaint of an alleged civil rights violation, the provider must advise the FSSA of the complaint. Within 10 working days from the date the provider receives notification of a civil rights violation complaint, the provider must send a copy of the complaint to the following address:

MS15
Civil Rights Plan Coordinator
Office of Medicaid Policy and Planning
402 W. Washington St., Room W374
Indianapolis, IN 46204

Federal laws and regulations require similar compliance from all recipients of federal funds. Federal rules require such entities, including IHCP providers, to demonstrate such compliance by taking the following actions:

- All IHCP providers must prominently post notices that specify the following information:
  - The provider complies with applicable federal civil rights laws and does not discriminate on the basis of race, color, national origin, sex, age or disability
  - The provider makes available free aids and services to people with disabilities to communicate effectively with the provider, including qualified interpreters, written information in other formats and free language services to people whose primary language is not English

- How to obtain the aids and services referenced previously
- The name and contact information of the provider's civil rights coordinator who handles grievances (if the provider employs 15 or more individuals)
- The availability of a grievance procedure as well as how to file a grievance
- How to file an Office for Civil Rights (OCR) complaint

A sample posting is available at the Department of Health and Human Services (HHS) website at hhs.gov for your reference. The IHCP has developed a sample posting specific to the state of Indiana, as shown on page 1 of Figure 1.

- All IHCP providers must include taglines in published materials to alert individuals with limited English proficiency (LEP) to the availability of language assistance services. Major patient publications are required to include taglines translated into at least the top 15 languages spoken by individuals with LEP in the state. Lesser patient publications are required to include taglines for the top two languages spoken. Translated resources for nondiscrimination notices and taglines are available in these and many languages at the HHS website at hhs.gov. The sample nondiscrimination posting includes taglines with the top 16 languages spoken in Indiana, as shown on page 2 of Figure 1.

Providers must comply with federal law with regard to the *Patient Self-Determination Act* contained in the *OBRA of 1990*. This law requires that providers advise adult patients about the patient's right to determine treatment before they can no longer make healthcare decisions for themselves. The patient can express their choice in an *advance directive*.

Discrimination Is Against the Law

[Name of provider (individual or group entity)] complies with applicable federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex.
[Name of provider (individual or group entity)] does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

[Name of provider (individual or group entity)]:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
  - Qualified sign language interpreters
  - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
  - Qualified interpreters
  - Information written in other languages

If you need these services, contact [name of civil rights coordinator (or other contact, if fewer than 15 employees)].

If you believe that [name of provider entity] failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with:

[Name and title of civil rights coordinator (or other contact, if fewer than 15 employees)]
[Mailing address]
[Telephone number]; [TTY number, if entity has one]
[Fax]
[Email]

You can file a grievance in person or by mail, fax, or email. If you need help filing a grievance, [name and title of civil rights coordinator (or other contact, if fewer than 15 employees)] is available to help you.

You can also file a civil rights complaint with the Indiana Civil Rights Commission (ICRC) by calling **1-800-628-2909 or filing electronically at** in.gov/icrc.

You can also file a civil rights complaint with the U.S. Department of Health and Human Services, Office for Civil Rights electronically through the Office for Civil Rights Complaint Portal, available at https://ocrportal.hhs.gov/ocr/portal/lobby.jsf, or by mail or telephone at:

U.S. Department of Health and Human Services
200 Independence Avenue, SW
Room 509F, HHH Building
Washington, D.C. 20201
1-800-368-1019; 1-800-537-7697 (TDD)

Complaint forms are available at https://www.hhs.gov/ocr/complaints.
