ISP Labs  Other Agency Labs Reported to ISP via EPIC Submission

All Agencies’ Lab Incidents
ISP has been asked by several entities if labs are counted by bottles in Indiana. All reporting agencies in the state count labs by individual site or multiple sites in an area if the labs have been dumped with no suspect information. One pot reaction vessels, HCl generators and empty plastic bottles/mason jars are indicative that manufacturing has taken place or will take place. Data includes all agencies’ lab incidents.
Comparison of Lab Seizures:
Pre-tracking of PSE 3 years before NPLEx PSE block sale system tracking and 3 years after
