1.6 Application Review
Each application must address only one development. Applications are reviewed in a seven step process:

**Step One – Completeness**  
IHCDA reviews to determine if the applicant submitted all required documents, signatures, and attachments before the application deadline.

**Step Two – Preliminary Threshold**  
IHCDA reviews application and submitted documents to determine if the application meets the minimum threshold criteria for awards.

**Step Three – Threshold Clarification**  
IHCDA provides preliminary threshold review information to the applicant. The applicant has the opportunity to provide clarification or point out documents that may have been misplaced in the application submittal. If the applicant responds, it must be by the deadline set by IHCDA.
IHCDA reviews applicant’s response to preliminary threshold and determines if applicant meets threshold. If applicant does not meet threshold, the application will not be scored or awarded funding.

Applications that pass the completeness and threshold reviews are scored according to IHCDA’s published scoring criteria in this policy.

IHCDA provides a preliminary score sheet to the applicant. The applicant has the opportunity to provide clarification or point out documents that may have been misplaced in the application submittal. No new scoring documentation may be submitted after the initial application has been submitted. Any response must be received by the deadline set by IHCDA.

IHCDA reviews applicant’s response to preliminary scoring and determines a final application score. Applications with more than three outstanding threshold and/or scoring clarifications at final threshold or final scoring, respectively, will be disqualified. IHCDA determines which applications will be funded based on their final scores. Some applications may receive less than their total request amount based on the total funding available.

Bonus points will be awarded to applications submitted according to IHCDA guidelines that pass threshold without any technical errors or incomplete information.

Funded applications will be announced at the published IHCDA Board Meeting date – the announcement timing is dependent upon the approval of the State of Indiana 2017 Annual Action Plan. Confirmation letters and score sheets will be uploaded to the FTP site by the close of business on the day of the board meeting. Applications that are not funded will be notified via a denial letter and final score sheets which will be uploaded to the FTP site by the close of business on the day of the board meeting. Applications that are not funded will not be rolled over into the next funding round.

1.7 Minimum Score Requirement
There is no minimum score required for funding in the CDBG OOR Round.

2.2 Ineligible Applicants
IHCDA reserves the right to disqualify any application from an applicant, subrecipient, administrator, preparer, or related party with a history of disregarding policies, procedures, or staff directives associated with administering any program through IHCDA. This also applies to programs administered by any other State, Federal, or affordable housing entities, including but not limited to the Indiana Office of Community and Rural Affairs (OCRA), the U.S. Department of Housing and Urban Development (HUD), the U.S. Department of Agriculture - Rural Development (USDA), or the Federal Home Loan Bank (FHLB).

Applicants with an open CDBG OOR grant are ineligible to apply for another grant until the current award has been completed with all completion reports and close out documents submitted.

A county is eligible to apply for an OOR grant but may not serve any municipality within that county that has a current OOR grant.

Additionally, any entity currently on IHCDA’s suspension or debarment list is ineligible to submit an application. IHCDA’s Suspension and Debarment Policy can be found in Chapter 17 of the IHCDA CDBG & HOME Program Manual.

2.3 Religious and Faith-Based Organizations
i. **Religious/faith-based organization eligibility.** Organizations that are religious or faith-based are eligible, on the same basis as any other organization, to participate in the OOR program. Neither the Federal Government nor a state or local government receiving funds under the OOR program shall discriminate against an organization on the basis of the organization’s religious character or affiliation. Recipients and subrecipients of program funds shall not, in providing program assistance, discriminate against a program participant or prospective program participant on the basis of religion or religious belief.

ii. **Beneficiaries.** In providing services supported in whole or in part with federal financial assistance, and in their outreach activities related to such services, program participants shall not discriminate against current or prospective program beneficiaries on the basis of religion, a religious belief, a refusal to hold a religious belief, or a refusal to attend or participate in a religious practice.

iii. **Separation of explicitly religious activities.** Recipients and subrecipients of OOR program funds that engage in explicitly religious activities, including activities that involve overt religious content such as worship, religious instruction, or proselytization, must perform such activities and offer such services outside of programs that are supported with federal financial assistance separately, in time or location, from the programs or services funded under this part, and
participation in any such explicitly religious activities must be voluntary for the program beneficiaries of the HUD-funded programs or services.

iv. **Religious identity.** A faith-based organization that is a recipient or subrecipient of OOR program funds is eligible to use such funds as provided under the regulations of this part without impairing its independence, autonomy, expression of religious beliefs, or religious character. Such organization will retain its independence from federal, state, and local government, and may continue to carry out its mission, including the definition, development, practice, and expression of its religious beliefs, provided that it does not use direct program funds to support or engage in any explicitly religious activities, including activities that involve overt religious content, such as worship, religious instruction, or proselytization, or any manner prohibited by law. Among other things, faith-based organizations may use space in their facilities to provide program-funded services, without removing or altering religious art, icons, scriptures, or other religious symbols. In addition, an OOR program-funded religious organization retains its authority over its internal governance, and it may retain religious terms in its organization's name, select its board members on a religious basis, and include religious references in its organization's mission statements and other governing documents.

v. **Alternative provider.** If a program participant or prospective program participant of the OOR program supported by HUD objects to the religious character of an organization that provides services under the program, that organization shall, within a reasonably prompt time after the objection, undertake reasonable efforts to identify and refer the program participant to an alternative provider to which the prospective program participant has no objection. Except for services provided by telephone, the Internet, or similar means, the referral must be to an alternate provider in reasonable geographic proximity to the organization making the referral. In making the referral, the organization shall comply with applicable privacy laws and regulations. Recipients and subrecipients shall document any objections from program participants and prospective program participants and any efforts to refer such participants to alternative providers in accordance with the requirements of §92.508(a)(2)(xiii). Recipients shall ensure that all subrecipient agreements make organizations receiving program funds aware of these requirements.

vi. **Structures.** Program funds may not be used for the acquisition, construction, or rehabilitation of structures to the extent that those structures are used for explicitly religious activities. Program funds may be used for the acquisition, construction, or rehabilitation of structures only to the extent that those structures are used for conducting eligible activities under this part. When a structure is used for both eligible and explicitly religious activities, program funds may not exceed the cost of those portions of the acquisition, new construction, or rehabilitation that are attributable to eligible activities in accordance with the cost accounting requirements applicable to the OOR program. Sanctuaries, chapels, or other rooms that an OOR program-funded religious congregation uses as its principal place of worship, however, are ineligible for OOR program-funded improvements. Disposition of real property after the term of the grant, or any change in the use of the property during the term of the grant, is subject to government-wide regulations governing real property disposition (see 2 CFR 200.311).
vii. **Supplemental funds.** If a state or local government voluntarily contributes its own funds to supplement federally funded activities, the state or local government has the option to segregate the federal funds or commingle them. However, if the funds are commingled, this section applies to all of the commingled funds.

When there is a scoring criteria based on the county being served and the development is in multiple counties, the applicant should add up the scores from each county and average them and round to the nearest half point.

**6.1 Population Served**

There are 13 total possible points for this scoring category, which describes the proposed OOR development.

The points can be achieved through the following sub-categories: Area Median Income (AMI) served, Serving Individuals with Disabilities, Serving Families with Children Under the Age of Six, Aging in Place and Community Without Recent OOR Award.

1) **Area Median Income (AMI) Served:**

Six points will be awarded to applicants that commit to serving beneficiaries in CDBG assisted units in accordance with the following chart. The Area Median Income (AMI) level is for the county in which the development is to be located. Awarded recipients will be held to the unit commitment in their award agreement. Changes to the AMI levels served will require prior IHCDA approval. Rent and Income Limits may be found in Appendix C of the Ongoing Rental Compliance Manual located online at [http://www.in.gov/myihcda/2490.htm](http://www.in.gov/myihcda/2490.htm).

6.2 Needs Analysis  
Category Maximum Points Possible: 15

This category assesses the market need of the targeted area based on socio-economic factors. A market study is not required. All information may be found in the Appendix or at the links listed in the below categories.

1) **Median age of owner-occupied structure**  
Maximum Number of Points: 4

Points will be awarded based on the county’s median age of owner-occupied single-family housing stock based on a scale of older median age of the structures compared to newer structures. IHCD will use the Purdue Rural Indiana Statistics to determine the number of points. Applicant may use the following mapping service to determine median age of the owner-occupied structures: [https://pcrd.purdue.edu/ruralindianastats/](https://pcrd.purdue.edu/ruralindianastats/) and use the “Owner occupied, Median Year Structure Built by Tenure” layer.
### Owner-occupied median year built

<tr>
<td>1986 and newer</td>
<td>0 points</td>
</tr>
</tbody>
</table>

If target area is multiple counties, an average will be taken. If County A receives three points, and County B receives two points, the applicant will get 2.5 points.

If the target area is only within the municipal boundaries of a single local unit of government the Purdue map can be substituted with supporting documentation from the US Census and must be reviewed and approved by IHCDA staff prior to submission.

### Distressed Counties

**Maximum Number of Points: 2**

Points will be awarded based on the county’s level of distress based on unemployment and income. IHCDA will use the Purdue Rural Indiana Statistics to determine the number of points. Applicant may use the following mapping service to determine the distress level of the county: [https://pcrd.purdue.edu/ruralindianastats/](https://pcrd.purdue.edu/ruralindianastats/) and use the “Distressed Counties, 2015” layer.

</tbody>
</table>

If target area is multiple counties, the average will be taken.

### Poverty Rate

**Maximum Number of Points: 4**

Points will be awarded based on the County Poverty Level. IHCDA will use the Purdue Rural Indiana Statistics to determine the number of points. Applicant may use the following mapping service to determine the poverty level of the county: [https://pcrd.purdue.edu/ruralindianastats/](https://pcrd.purdue.edu/ruralindianastats/) and use the “Poverty Rate, 2015” layer.

</tr>
</tbody>
</table>
Above 20% 4 points

If target area is multiple counties, an average will be taken.

If the target area is only within the municipal boundaries of a single local unit of government the Purdue map can be substituted with supporting documentation from the US Census and must be reviewed and approved by IHCDAs staff prior to submission.

4) Community Without Recent OOR Award  Maximum Number of Points: 5

- Five points will be awarded to applicants whose proposed service area is a town, city, or county that has not received an Owner-Occupied-Rehabilitation award within the last five years. The date is based upon the date the Board of Directors’ approved the award.
- If a county has received an OOR award within the last five years, but a local unit of government within that county has not received an award within the last five years, that LUG is eligible for points in this category.
- If a city within a county has received an OOR award within the last five years, but the county level of government has not received an OOR award within the last five years, the county is eligible for points in this category. The County must certify at least 50% of the benefitted units be outside the city that had received the award to be eligible.

If the target area is multiple counties, an average will be taken. If County A had an OOR award within the past five years and County B did not, the applicant will receive 2.5 points.

To receive points in this category, the applicant must fill out this section of the application.

6.3 Readiness  Category Maximum Points Possible: 8
This category describes the applicant’s ability to begin and timely execute an awarded development.

1) Client Intake  Maximum Number of Points: 6

Points will be awarded to applicants that have already begun the client intake process, according to the chart below. Client intake means that potential clients have been identified, are interested in participating in the OOR program, and have certified their income within twelve months of application date. A complete income verification is not required, but please provide the best estimate of the household’s annual income after initial interview/contact. If full income verification has been completed, clients must be appropriately income-verified per the HUD Part 5 definition.

Part 8: Glossary of Terms

Below are definitions for commonly used terminology found throughout the CDBG and CDBG-D OOR Application policy and forms and applicable to the OOR program.

Administrator: A procured entity that will assist carrying out the OOR program.

Administering Entity: This is the organization that will be carrying out the requirements of the award through the life of the affordability period. Since this entity will be doing the work required by the award, they are eligible for certain point categories. The applicant can administer its own award; however, it is also possible to procure a grant administrator or to have a subrecipient.

Beneficiary: The household or unit that receives homeowner repair work as a result of a CDBG/CDBG-D OOR grant.

CDBG: The Community Development Block Grant (CDBG) program is a federally-funded program that provides states and communities with resources to address a wide range of unique community development needs. The CDBG program provides annual grants on a formula basis to 1209 general units of local government and States. The Indiana Housing and Community Development Authority (IHCDA) is a State Administered CDBG program. The IHCDA allocates awards in the form of grants to Local Units of Government that carry out CDBG OOR developments.

Children: Children are defined as those persons ages 18 years of age or younger. The child must reside in the home that will benefit from the OOR program.

Development: The CDBG OOR activity proposed in the application.

Disabled: The Fair Housing Act defines disability as a person who has/is:
- A physical or mental impairment which substantially limits one or more of such person’s major life activities; or
- A record of having such an impairment; or
- Is regarded as having such an impairment, but such term does not include current, illegal use of or addiction to a controlled substance (as defined in section 102 of the Controlled Substances Act).

Elderly: A person 55 years of age or older. This target population category also includes families with a person living in their home that is 55 years of age or older and modifications to the home are needed so this person may age in place in the home benefitting from the OOR program with the family.

Entitlement Community: The CDBG entitlement program allocates annual grants to larger cities and urban counties to develop viable communities by providing decent housing, a suitable living environment, and opportunities to expand economic opportunities, principally for low- and moderate-income persons.
**IHCDA: Indiana Housing and Community Development Authority**

**Income Limits:** Maximum incomes as published by HUD for developments giving the maximum Income Limits per unit for beneficiary (30%, 40%, 50%, 60% and 80% of median) units.

**Inspection:** A scheduled visit made by an Inspector to the households units that received IHCDA CDBG/CDCG-D OOR grant dollars. All IHCDA-assisted households/units that receive CDBG/CDBG-D must be inspected twice during the award period. The first inspection must occur within four weeks of the completion of the documented scope of work and prior to the IHCDA Inspector’s final physical inspection. The second inspection will be conducted upon completion of the construction for the award. The IHCDA Inspector will conduct the physical inspections.

**Median Income:** A determination made through statistical methods establishing a middle point for determining Income Limits. Median is the amount that divides the distribution into two equal groups, one group having income above the median and one group having income below the median.

**MOU:** A Memorandum of Understanding (MOU) is a document describing a bilateral or multilateral agreement between two or more parties.

**Narrative:** A written description by the applicant that describes the application question and generally supports the need of the development.

**OOR:** Owner-Occupied Rehabilitation
