**Part 1: Application Process**

**1.1 Overview and Funding Priorities**
The purpose of this HOME Investment Partnership Program (HOME) application is to provide subsidies in the form of grants and loans to selected applicants for the acquisition, rehabilitation and/or new construction of single-family housing to serve low and moderate-income beneficiaries. Through this program, the Indiana Housing and Community Development Authority (IHCDA) seeks to improve the quality of existing housing stock in Indiana.

This program is designed to allocate HOME funds to be used for the rehabilitation and/or new construction of single-family homebuyer housing among selected applicants having developments that meet the requirements of the program and IHCDA’s goals for the program.

1. Demonstrate they are meeting the needs of their specific community;
2. Serve low-income households (at or below 80% of area median income);
3. Proceed with the activity upon receipt of the award and begin construction within 12 months of receipt of the award;
4. Link the project to the revitalization of existing neighborhoods, preferably through a comprehensive approach (i.e. as part of a published and approved community revitalization plan); Advance projects that promote aging-in-place strategies for seniors, persons with disabilities, and families with seniors or persons with disabilities;
5. Propose projects that are energy-efficient and are of the highest quality attainable within a reasonable cost structure; and,
6. Propose the use of state certified Minority Business Enterprise (MBE), Women Business Enterprise (WBE), Federal Disadvantaged Business Enterprise (DBE) Participation, Veteran-Owned Small Business (VOSB), and/or Service Disabled Veteran Owned Small Business (SDVOSB) contractors, employees, and products when applicants are planning and undertaking their housing activities.

**1.2 HOME Application Forms and HOME Policy Discrepancies**
In the event of a conflict or inconsistency between the HOME Homebuyer Policy and the HOME Application Form and/or Appendices, the procedures described in the HOME Homebuyer Application Policy will prevail.

Local units of government and not-for-profit entities intending to apply are strongly encouraged to attend.
1.5 Technical Assistance
The applicant may schedule a technical assistance meeting with its regional IHCDA Real Estate Production Analyst to discuss both the proposed development and IHCDA’s application process. Applicants are urged to contact their Real Estate Production Analyst early in the planning process to obtain guidance and technical assistance.

1.6 Application Submission
The applicant must submit the following items to IHCDA’s Real Estate Department Coordinator:

- Via IHCDA’s FTP site:
  - One completed copy of the HOME application forms.
  - All supporting documents required in the tabs. Please submit this information as separate, labeled PDF documents under the required labeled tabs. Do not send one PDF containing all of the supporting documentation.

Indiana Housing and Community Development Authority
ATTN: Real Estate Department Coordinator
RE: HOME Application
30 South Meridian Street, Suite 1000
Indianapolis, IN 46204

All applicants must retain a copy of this application package. Applicants that receive funding will be bound by the information contained herein.

IHCDA will send an email confirmation to the applicant contact within one week of submission notifying the applicant that the application was received by IHCDA. Please notify the Real Estate Department Coordinator if the applicant would like to add an additional contact person for communications regarding its application.
1.7 Application Review
Each application must address only one development. Applications are reviewed in a three step process:

**Step One - Completeness**
On or before the application deadline, the applicant must provide all required documents, signatures and attachments.

**Step Two - Threshold**
The application must meet each of the applicable threshold criteria. After initial threshold review, IHDCA staff may contact an applicant to request clarification of threshold information contained in the pending application. The applicant will have the opportunity to respond on or before the due date provided by IHCDA. If the applicant does not respond to the threshold clarification letter and therefore threshold item(s) are still in question, the application will be disqualified. Applications may have no more than three outstanding clarifications after the second review or the application will be disqualified. Points will be awarded to those applications where no clarifications are required.

**Step Three - Scoring**
Applications that pass the completeness and threshold reviews are then scored according to IHCDA's published scoring criteria. After initial score review, IHCDA staff may contact the applicant for further clarification of a scoring item. Failure to respond to the requested scoring clarification items by the due date and in the manner requested may result in application denial. Supporting documentation for scoring categories will not have the opportunity to be submitted after the initial application submission.

Applications proposing homebuyer activities will be scored separately from, and will not compete with, applications proposing rental activities. An amount of funding, determined at the discretion of IHCDA, will be set aside for homebuyer projects each year. This round has a maximum of $1,000,000 available for homebuyer activities. If additional funds are available after this round that were originally reserved for homebuyer activities (either due to lack of sufficient number of homebuyer applications in general or lack of homebuyer applications meeting threshold requirements), these funds will be redirected and used for rental development.

Funded applications will be announced at the published IHCDA Board Meeting date. Confirmation letters and score sheets will be uploaded to the FTP site by the close of business on the day of the Board Meeting. Applications that are not funded will be notified by IHCDA via denial letters and final score sheets being uploaded to the FTP site by the close of business on the day of the Board Meeting. Applications not funded will not be rolled over into the next funding round.
1.8 HOME Past Awards
Before an Applicant can apply for a new HOME award, any other HOME awards that the applicant has received from IHCDA must be drawn by a minimum of 25% of the award’s total funding amount. HOME funds awarded within the last six months (from the last day signed on the contract agreement) are exempt from this requirement.

1.9 Minimum Score Requirement
An application must score at least 65 points to be considered for funding.

1.10 IHCDA CDBG & HOME Program Manual 3rd Edition
The IHCDA CDBG & HOME Program Manual outlines the requirements for administering IHCDA’s CDBG awards. A complete copy of the CDBG & HOME Program Manual is available on IHCDA’s website at this location:
Program Manual exhibits may be found at http://www.in.gov/myihcda/2490.htm

1.11 IHCDA Waiver Policy
IHCDA, in its sole discretion, will consider a waiver request from any Applicant, Owner and/or Developer in regards to Section 5.1 (Subsidy Limitations only) and Section 6.5 (Underwriting guidelines). IHCDA does not accept waiver requests for any Federal Regulation or scoring requirements.

IHCDA must receive the waiver request no later than 30 days prior to the application deadline. The waiver request must include the following:

- The details of the specific threshold requirement for which the Applicant is requesting a waiver,
- A detailed description as to why the Applicant cannot meet the threshold requirement,
- Any additional information the Applicant would like IHCDA to consider with the request.

This includes, but is not limited to, the Indiana Office of Community and Rural Affairs, the U.S. Department of Housing and Urban Development (HUD), the U.S. Department of Agriculture - Rural Development, or the Federal Home Loan Bank.
Additionally, any entity currently on IHCDAs’s suspension or debarment list is ineligible to submit an application. IHCDAs Suspension and Debarment Policy can be found in the Program Manual Chapter 17.

2.3 Religious and Faith-Based Organizations

• **Equal treatment of program participants and program beneficiaries.** (1) Program participants. Organizations that are religious or faith-based are eligible, on the same basis as any other organization, to participate in the HOME program. Neither the Federal Government nor a State or local government receiving funds under the HOME program shall discriminate against an organization on the basis of the organizations religious character or affiliation. Recipients and subrecipients of program funds shall not, in providing program assistance, discriminate against a program participant or prospective program participant on the basis of religion or religious belief.

• **Beneficiaries.** In providing services supported in whole or in part with federal financial assistance, and in their outreach activities related to such services, program participants shall not discriminate against current or prospective program beneficiaries on the basis of a religious belief, a refusal to hold a religious belief, or a refusal to attend or participate in a religious practice.

• **Separation of explicitly religious activities.** Recipients and subrecipients of HOME program funds that engage in explicitly religious activities, including activities that involve overt religious content such as worship, religious instruction, or proselytization, must perform such activities and offer such services outside of programs that are supported with federal financial assistance separately, in time or location, from the programs or services funded under this part, and participation in any such explicitly religious activities must be voluntary for the program beneficiaries of the HUD-funded programs or services.

• **Religious identity.** A faith-based organization that is a recipient or subrecipient of HOME program funds is eligible to use such funds as provided under the regulations of this part without impairing its independence, autonomy, expression of religious beliefs, or religious character. Such organization will retain its independence from Federal, State, and local government, and may continue to carry out its mission, including the definition, development, practice, and expression of its religious beliefs, provided that it does not use direct program funds to support or engage in any explicitly religious activities, including activities that involve overt religious content, such as worship, religious instruction, or proselytization, or any manner prohibited by law. Among other things, faith-based organizations may use space in their facilities to provide program-funded services, without removing or altering religious art, icons, scriptures, or other religious symbols. In addition, a HOME program-funded religious organization retains its authority over its internal governance, and it may retain religious terms in its organizations name, select its board members on a religious basis, and include religious references in its organizations mission statements and other governing documents.

• **Alternative provider.** If a program participant or prospective program participant of the HOME program supported by HUD objects to the religious character of an organization that provides services under the program, that organization shall, within a reasonably prompt time after the objection, undertake reasonable efforts to identify and refer the program participant to an alternative provider to which the prospective program participant has no objection. Except for services provided by telephone, the Internet, or similar means, the referral must be to an alternate provider in reasonable geographic proximity to the organization making the referral. In making the referral, the organization shall comply with applicable privacy laws and regulations.
Recipients and subrecipients shall document any objections from program participants and prospective program participants and any efforts to refer such participants to alternative providers in accordance with the requirements of §92.508(a)(2)(xiii). Recipients shall ensure that all subrecipient agreements make organizations receiving program funds aware of these requirements.

- **Structures.** Program funds may not be used for the acquisition, construction, or rehabilitation of structures to the extent that those structures are used for explicitly religious activities. Program funds may be used for the acquisition, construction, or rehabilitation of structures only to the extent that those structures are used for conducting eligible activities under this part. When a structure is used for both eligible and explicitly religious activities, program funds may not exceed the cost of those portions of the acquisition, new construction, or rehabilitation that are attributable to eligible activities in accordance with the cost accounting requirements applicable to the HOME program. Sanctuaries, chapels, or other rooms that a HOME program-funded religious congregation uses as its principal place of worship, however, are ineligible for HOME program-funded improvements. Disposition of real property after the term of the grant, or any change in the use of the property during the term of the grant, is subject to government wide regulations governing real property disposition (see 24 CFR parts 84 and 85).

- **Supplemental funds.** If a State or local government voluntarily contributes its own funds to supplement federally funded activities, the State or local government has the option to segregate the federal funds or commingle them. However, if the funds are commingled, this section applies to all of the commingled funds.
3.1 Eligible Activities

The counseling should be comprehensive by including post-purchasing counseling, if feasible.

• **Selling unit to eligible buyer:**
  - Any HOME-assisted homeownership unit that has not been sold by the recipient to an eligible homebuyer within **nine months** of completion must be converted to a HOME-assisted rental unit.
• In accordance with CPD Notice 12-003, the recipient must also execute a HOME written agreement with the homebuyer before or at the time of sale. The purpose of the agreement is to ensure that all parties are aware of the provisions related to the lien and restrictive covenant agreement and HOME requirements applicable to the HOME-assisted unit (i.e., period or affordability, principal residency requirement, etc.). The recipient will be required to use IHCDA’s form of Homebuyer Recapture Agreement.

HOME funds awarded (from the date of the executed contract) within the last six months are exempt from this requirement.

3.4 Affordability Requirements
HOME subsidized activities must be secured throughout the affordability period by a recorded lien and restrictive covenant agreement created by IHCDA. The affordability period begins after development completion. The affordability period begins on the date the activity is completed in IDIS. To be completed in IDIS, the project must be completed, completion and close out documents submitted and approved, final monitoring is completed and, when any findings or concerns are resolved, all of the funds are drawn and/or de-obligated. For more information, see IHCDA Program Manual, Lien and Restrictive Covenants & Affordability Requirements Chapter 15.

The following affordability periods apply to all HOME homebuyer activities:

<table>
<thead>
<tr>
<th>Amount of HOME subsidy per unit:</th>
<th>Affordability Period</th>
</tr>
</thead>
<tbody>
<tr>
<td>Under $15,000</td>
<td>5 years</td>
</tr>
<tr>
<td>$15,000 - $40,000</td>
<td>10 years</td>
</tr>
<tr>
<td>Over $40,000 or any rehabilitation/refinance combination activity</td>
<td>15 years</td>
</tr>
</tbody>
</table>
Annual Certification of Compliance:

In order to ensure compliance with the Affordability Period and principal place of residency requirements of the HOME Program for HOME-assisted homebuyer units, the recipient must submit a “Homebuyer Activity Annual Certification of Compliance” annually throughout the Affordability Period. Confirmation that the buyer is using the property as his or her principal residence can often be accomplished by verifying that the buyer’s name appears on utility company records and/or insurance company records for the home. In addition, postcards or letters mailed with “do not forward” instructions can demonstrate whether the buyer is receiving mail at the home.

This will require the recipient to certify compliance to IHCDA annually, under penalties of perjury, for each year of the Affordability Period. The recipient must certify that each home/homeowner assisted with HOME funds under this Award meets the affordability requirements. This will require the recipient to request each homeowner to sign the “Exhibit A: Principal Place of Residency Certification.”

The “Homebuyer Activity Annual Certification of Compliance” is due on or before January 31st of each year and will certify information for the preceding twelve (12) month period. The first annual owner certification is due by January 31st of the year following closeout date (i.e. the first year of the affordability period) of this Award.

A complete submission includes the Certification, Exhibit A, and Exhibit B. The “Homebuyer Activity Annual Certification of Compliance” and related exhibit forms are made available on the compliance and asset management page of IHCDA’s website at http://www.in.gov/myihcda/2342.htm. IHCDA will not send these forms to the recipient annually. Rather, it is the responsibility of the recipient to download the necessary forms and to contact IHCDA if there are any questions or concerns.

If the annual certification is not submitted for the Award by the January 31st due date, IHCDA will contact the recipient with a reminder letter. Failure to submit reports by the deadline will result in a $100 late fee. This fee will be requested in the reminder letter sent by IHCDA.

Repeated failure to submit reports or to comply with requests for reports could result in repayment of HOME funds associated with these home-assisted homebuyer units or suspension or debarment of the recipient. For more information on IHCDA’s suspension and debarment policy, refer to Chapter 17 of IHCDA’s Program Manual.

3.5 Homebuyer Resale Provisions

Applicants are encouraged to structure homebuyer projects to include a direct subsidy which can be achieved by reducing the sales price below the fair market value of the property. IHCDA does not recommend the use of resale provisions due to the risks associated with foreclosure, non-compliance and the administrative burdens associated with ensuring a fair return.

When a homebuyer property is constructed, redeveloped, rehabilitated, or acquired, in whole or in part, with HOME funds and the HOME funds are provided to the homebuyer property in the form of a development subsidy and there is no homebuyer subsidy the recipient must implement resale requirements. A direct homebuyer subsidy consists of any financial assistance that reduces the purchase price from fair market value to an affordable price, or otherwise directly subsidizes the
purchase ("homebuyer subsidy"). The development subsidy consists of the difference between the cost of producing the unit and the market value of the property.

There are two different consequences that may be associated with a resale provisions (1) the resale provision can be triggered and its requirements must be met (as described below) or (2) an event of non-compliance can occur (as described further below).

The resale provisions are triggered if any of the following occur during the Affordability Period:

1. The homebuyer transfers or conveys the property by deed, land contract, or otherwise;
2. Foreclosure proceedings are commenced against the property;
3. The property is transferred by an instrument in lieu of foreclosure; or
4. The title to the property is transferred from the homebuyer through any other involuntary means.

The resale provision requires that the property:

1. Be marketed to families at or below 80% AMI;
2. Be resold to another individual or family whose income is at or below 80% of the area median income;
3. Be occupied by that individual or family as its primary residence for the remainder of the Affordability Period;
4. Be resold at a price that does not exceed 29% of the reasonable range of low income buyer’s income towards the principal, interest, taxes and insurance for the property on a monthly basis ("Affordable Price"); and
5. Be affordable for a reasonable range of low income families between 50% and 80% of the median area income for the geographic area published annually by HUD.

The homebuyer is entitled to a fair return on its investment (as described below) upon the sale of the property. The fair return will be based on the percentage change in the Consumer Price Index for All Urban Consumers Owners’ Equivalent Rent of Primary Residence category in Table I of the CPI Detailed Report (the “CPI Index”) during the period of the homebuyer’s ownership of the property. Accordingly, the CPI Index during the month the residence was completed (the month during which the completion reports were received by and approved by IHCDA) will be compared to the CPI Index during the month the homebuyer sells the residence to determine the percentage of the return. This percentage will be multiplied by the homebuyer’s investment. Here is an example:

Original sales price = $100,000
Initial homebuyer investment = $5,000
Capital investment = $9,000
Percentage change in CPI = 3.5%

\[ (5,000 + 9,000) \times 3.5\% = 490 \text{ fair return} \]
\[ 5,000 + 9,000 + 490 = 14,490 \text{ total return to original homebuyer at sale} \]

\[ 100,000 + 14,490 = \text{maximum allowable subsequent sales price.} \]

The homebuyer’s investment will include any down payment, plus any capital improvements. A capital improvement is any property enhancement that increases the overall value of the property, adapts it to
new uses, or extends its life such as: adding windows, insulation, a new drive way, a new furnace, a garage, bedroom, new roof, remodeling kitchen, etc. Any capital improvement will be valued based on actual cost as documented by the homebuyer’s receipts submitted to, and approved by IHCDA. Generally, replacing worn or dated components such as appliances or carpet would not be considered an improvement that adds value or adapts it to new uses. In certain circumstances, such as a declining housing market where home values are depreciating, the homebuyer may not receive a return on his or her investment because the home sold for less or the same price as the original purchase price and a loss on investment may constitute a fair return.

IHCDA will provide HOME assistance to the subsequent homebuyer to ensure that the original homebuyer received a fair return and that the unit is affordable to the defined low-income population.

The recipient will be required to ensure that a lien and restrictive covenant agreement, drafted by IHCDA has been executed and recorded on any HOME-assisted property. In accordance with CPD Notice 12-003, the recipient must also execute a HOME written agreement with the homebuyer before or at the time of sale. The purpose of the agreement is to ensure that all parties are aware of the provisions related to the lien and restrictive covenant agreement and HOME requirements applicable to the HOME-assisted unit (i.e., period or affordability, principal residency requirement, etc.). The recipient will be required to use IHCDA’s form of Homebuyer Resale Agreement.

Non-Compliance - Occurs during the Affordability Period when an owner (1) vacates the unit or rents the unit to another household, (2) sells the unit to a buyer that is not income-eligible, (3) sells the unit to a buyer that will not agree to use the property as its principle residence for the remainder of the Affordability Period (will not sign a lien and restrictive covenant agreement), or (4) does not sell it to the buyer at a reasonable price. In the event of noncompliance, the recipient must repay the entire amount of HOME funds invested in the housing.

Under resale guidelines the Affordability Period is based upon the total amount of HOME funds invested into the property and this is the amount that would need to be repaid by the recipient in the event of non-compliance or foreclosure that occurs during the affordability period.

Applicants are encouraged to structure homebuyer projects to include a direct subsidy which can be achieved by reducing the sales price below the fair market value of the property. IHCDA does not recommend the use of resale provisions due to the risks associated with foreclosure, non-compliance and the administrative burdens associated with ensuring a fair return.

3.6 Homebuyer Recapture Guidelines
The recipient must implement recapture restrictions for any homebuyer property purchased, in whole or in part, by a homebuyer that received a direct buyer subsidy from the recipient in an amount greater than or equal to One Thousand and 01/100 Dollars ($1,001) from HOME funds. A homebuyer subsidy consists of any financial assistance that reduces the purchase price from fair market value to an affordable price, or otherwise directly subsidizes the purchase (e.g., down-payment or closing cost assistance, subordinate financing). Developers, other than CHDO’s, are not allowed to provide down-payment or closing cost assistance; however a developer may provide a direct subsidy by reducing the purchase price from fair market value to an affordable price.
There are two different consequences that may be associated with a recapture provision: (1) the recapture provision can be triggered (as described just below) or (2) an event of non-compliance can occur (as described further below).

The recapture provisions are triggered if any of the following occur during the Affordability Period:
1. The homebuyer transfers or conveys the property by deed, land contract, or otherwise;
2. Foreclosure proceedings are commenced against the property;
3. The property is transferred by an instrument in lieu of foreclosure; or,
4. The title to the property is transferred from the homebuyer through any other involuntary means.

The amount of the homebuyer subsidy shall be reduced by multiplying the homebuyer subsidy by the Forgiven Ratio (“defined below”) in order to determine the amount that will be forgiven. The amount to be recaptured and shall be limited to the Net Proceeds of the sale. “Net Proceeds” is defined as the sales price minus superior loan repayment (other than HOME funds) and closing costs. If there are no Net Proceeds, the amount to be recaptured will be zero and the HOME loan is considered satisfied. In the event there is significant market appreciation, once the HOME obligation is recaptured, the homebuyer can retain any appreciation. The amount recaptured cannot exceed the Net Proceeds, if any. “Forgiven Ratio” means a ratio that calculates the amount of the Direct Subsidy that is forgiven. This ratio shall be calculated by dividing the number of full months that owner occupies the property as its principal residence by the total of number of months in the Affordability Period.

The recipient will be required to ensure that a lien and restrictive covenant agreement, drafted by IHCDA has been executed and recorded on any HOME-assisted property.

In accordance with CPD Notice 12-003, the recipient must also execute a HOME written agreement with the homebuyer before or at the time of sale. The purpose of the agreement is to ensure that all parties are aware of the provisions related to the lien and restrictive covenant agreement and HOME requirements applicable to the HOME-assisted unit (i.e., period or affordability, principal residency requirement, etc.). The recipient will be required to use IHCDA’s form of Homebuyer Recapture Agreement.

If there is both a development subsidy and a direct homebuyer subsidy or just a direct homebuyer subsidy, a recapture provision must be implemented. In cases where a direct homebuyer subsidy was not provided and there is only a development subsidy, resale restrictions must be executed on the property.

Under recapture guidelines the Affordability Period is based upon the total amount of the direct homebuyer subsidy that the homebuyer received in HOME funds. A direct homebuyer subsidy consists of any financial assistance that reduces the purchase price from fair market value to an affordable price, or otherwise directly subsidizes the purchase (e.g., down-payment or closing cost assistance, subordinate financing).

Non-Compliance - Occurs during the Affordability Period when any of the following occur: 1) the original homebuyer no longer occupies the unit as his or her principal residence (i.e., unit is rented or vacant), or 2) the home was sold during the Affordability Period and the recapture provisions were not enforced. In the event of noncompliance, the recipient must repay the entire amount of the HOME funds invested.
in the property. Net Proceeds ("as defined above") and the Forgiven Ratio ("as defined above") are not applicable when there is a non-compliance.
Part 4: CHDO

4.1 IHCDA CHDO Set-Aside
IHCDA must allocate at least 15% of its HOME funds for CHDO developments.

4.2 CHDO Eligible Activities
For this round, single-family homebuyer housing is considered a CHDO-eligible activity for purposes of the CHDO set-aside as long as the activity takes place within the CHDO’s state-certified service area and the CHDO develop the homeownership activity. As Developer, the CHDO must solely own the property in fee simple during the development period. The CHDO must further arrange financing for the development and be in sole charge of construction.

4.3 CHDO Program Requirements
CHDOs must adhere to all HOME requirements listed in this Application Package and the additional CHDO specific program requirements:

- Applicants that would like to apply as a CHDO must apply for CHDO certification at the time of submitting a HOME application. The CHDO application can be found as a separate document on the IHCDA website here: [http://www.in.gov/myihcda/2541.htm](http://www.in.gov/myihcda/2541.htm). The CHDO application must be submitted at the same time as submittal of the HOME application.

- Treatment of Program Income by a CHDO:
  - CHDOs receiving loan repayments back from homebuyers during the affordability period may retain these funds. The funds must be utilized for housing activities that benefit low-income families as provided in 24 CFR 92.300(a)(2). However, if at any time during the affordability period, the CHDO becomes decertified or no longer has a mission of providing affordable housing then all CHDO proceeds must immediately be remitted to IHCDA. Additionally, funds recaptured because housing no longer meets affordability requirements are not considered CHDO proceeds and are subject to the requirements of 24 CFR 92.503(b) and must be returned to IHCDA. Please contact your Compliance Monitor for further assistance in this area.

- An application for a CHDO eligible undertaking must demonstrate the following:
  - Low- and moderate-income persons have had the opportunity to advise the CHDO in its decision regarding the design, site, development, and management of the affordable housing undertaking.
  - Certify that the organization continues to meet the definition of a CHDO by being a certified CHDO by IHCDA.
  - Complete the CHDO related sections in the HOME 2016 FY Application Forms.

- Homebuyer provision for CHDO-eligible activities: HOME funds may be provided as a homebuyer deferred payment or forgivable loan and must carry a 0% interest rate and the term must not exceed the affordability period. The Single Family proforma that is submitted to IHCDA at set-up must include:
  - The affordable payment (principal, interest, taxes, insurance, and utilities) must have a front-end ratio of 29% of gross income.
  - Applicants should not allow a mortgage payment that exceeds the back-end affordable payment ratio calculated at 41% of gross monthly income.
• If the activity is for new construction, at least $50 per month must be budgeted for property taxes, unless documentation is provided that indicates that taxes will be lower than this amount.
• Applicants must include a utility allowance between $125 and $200, unless documentation is provided that indicates utilities will be lower than this amount.
• Donations toward a home must be counted at 100% of the value; however, in the financial analysis 75% of this value must be counted toward either development and/or homebuyer subsidy. But if including a developer fee this is not eligible and 100% of the value must be counted.

4.4 CHDO Operating Supplement
CHDOs may apply for supplemental funds in the HOME 2017 Supplemental application forms. A CHDO may not receive CHDO operating supplement funds in an amount to exceed $50,000 within one program year.

Eligible costs include:
- Accounting Services/Audit
- Communication Costs
- Education/Training
- Equipment/Software
- Insurance
- Lead-Based Paint Equipment
- Legal Fees

- Postage
- Professional Dues/Subscriptions
- Rent
- Staff Salary/Fringe
- Taxes
- Travel
- Utilities

CHDOs can be eligible for a second year of CHDO Operating Support. CHDOs funded within the past 12-24 months for a HOME project can apply for additional supplemental operating support of up to $25,000, if they have met the following criteria:

- Have begun construction within the first 12 months of the executed agreement with IHCDA;
- Have drawn a minimum of 25% of the IHCDA housing development award;
- Have drawn 100% of the original CHDO Operating Support award.

CHDO Operating Support cannot exceed to greater of $50,000 within one fiscal year.

4.5 CHDO Predevelopment and Seed Money Loans
CHDOs are eligible for development specific predevelopment or seed money loans. Applicants may request up to $30,000 in loans for special project-specific pre-development expenses. All loans may not exceed customary and reasonable project preparation costs and must be repaid from construction loan proceeds or other program income. The CHDO must apply for the predevelopment or seed money through a separate application process. Please contact your Real Estate Production Analyst for more details.
Part 5: Subsidy Limitations & Eligible Activity Costs

5.1 Subsidy & Budget Limitations
The maximum request amount per application is $600,000 for homebuyer activities.

Subsidy Limitations
HOME funds used for acquisition, rehabilitation, new construction, program delivery, relocation, rent-up reserve, and developer’s fee combined cannot exceed:

<table>
<thead>
<tr>
<th>Bedroom Size</th>
<th>Per Unit Subsidy Limit</th>
</tr>
</thead>
<tbody>
<tr>
<td>0</td>
<td>$60,000</td>
</tr>
<tr>
<td>1</td>
<td>$68,000</td>
</tr>
<tr>
<td>2</td>
<td>$83,000</td>
</tr>
<tr>
<td>3</td>
<td>$106,000</td>
</tr>
<tr>
<td>4+</td>
<td>$116,000</td>
</tr>
</tbody>
</table>

Minimum amount of HOME funds to be used for rehabilitation or new construction is $1,001 per unit.

Budget Limitations
- All subsidies must be secured throughout the affordability period by a written, legally binding, recorded restrictive covenant.
- HOME funds budgeted for developer’s fee cannot exceed 15% of the HOME award.
- HOME funds budgeted for soft costs, environmental review, and developer’s fee together cannot exceed 20% of the HOME award.

5.2 Form of Assistance
HOME funds will be awarded to the recipient in the form of a grant or loan. Award documents must be executed in order to access funds and may include, but are not limited to: award agreement, resolution, and a lien and restrictive covenant agreement.

The applicant may then provide the HOME award as a forgivable, amortized, or deferred loan to as many other entities as they choose, known as subgrantees (beneficiaries if a homebuyer award). However, subgrantees must be identified in the application and approved by IHCDA.

A title company is required to be used for all loans that occur between the IHCDA recipient and the beneficiary or subgrantee of the program. For example, an IHCDA recipient providing funds for a homebuyer activity must use a title company when the loan is made to the homeowner. Another example is when an IHCDA recipient is assisting a property that it does not own. When the loan is made from the IHCDA recipient to the subgrantee, a title company must be used.
The IHCDA recipient must execute a promissory note, mortgage, lien and restrictive covenant agreement, security agreement, UCC Financing Statement(s), and other documents as directed by IHCDA in order to secure IHCDA’s investment in the assisted property. The recipient is required to deliver these documents to the county recorder’s office for recording. These documents will be reviewed during monitoring visits.

The homebuyer must execute a lien and restrictive covenant agreement and in accordance with CPD Notice 12-003, the recipient must execute a HOME written agreement with the homebuyer before or at the time of sale. The purpose of the agreement is to ensure that all parties are aware of the provisions related to the lien and restrictive covenant agreement and HOME requirements applicable to the HOME-assisted unit (i.e., period or affordability, principal residency requirement, etc.), and assists the recipient in enforcing those requirements.

5.3 Eligible Activity Costs
The bolded items listed below are included in the application budget. If you have a question about which line item an expense goes under, contact your IHCDA Real Estate Production Analyst.

**RETAINEAGE POLICY** - IHCDA will hold the final $5,000 of an award until all match documentation, closeout documentation, and completion reports are received and approved. Closeout documentation will not be approved until the final monitoring and inspection is completed and all associated findings and/or concerns are resolved.

**5.4 Ineligible Activity Costs**
- Annual contributions for operation of public housing
- Commercial development costs - All costs associated with the construction or rehabilitation of space within a development that will be used for non-residential purposes such as offices or other commercial uses. This does not include the common area used by tenants of rental property or the leasing office of the apartment manager. HOME awards cannot be used to underwrite any portion of commercial development costs. The expenses incurred and income to be generated from commercial space must be reported in a separate “Annual Expense Information” sheet and 15-year proforma.

Income generated by CHDOs acting as owners, sponsors or developers of HOME units may be retained by the CHDOs but it must be used for housing activities that benefit low-income families as provided in 24 CFR 92.300(a)(2). However, funds recaptured because housing no longer meets affordability requirements are not considered CHDO proceeds, are subject to the requirements of 24 CFR 92.503(b) and must be returned to IHCDA.

Income generated by not-for-profits or for-profits, acting as developers of HOME units, may be retained by the developer and is not subject to HOME Program requirements.
Additionally, all legal documents, such as mortgages, security agreements, UCC financing statements, and liens executed by the IHCDA recipient, beneficiary, or subrecipient receiving assistance, must be recorded at the county recorder’s office. These documents must be submitted to IHCDA at closeout along with the IHCDA recipient’s completion reports and will be reviewed during monitoring visits conducted by IHCDA staff.
Part 6: Homebuyer Requirements

The purpose of this activity is to provide funding to improve the quality of housing stock while making it affordable for homebuyers. Funding is available for the acquisition, rehabilitation and new construction of housing that will be sold to income-eligible homebuyers.

6.1 Eligible Beneficiaries
Each household must have an annual income equal to or less than 80% of the area median family income (adjusted for household size) at the time the contract to purchase the home is signed. The Section 8 definition of household income applies. See Chapter 8 of the CDBG and HOME Program Manual for instructions on calculating and verifying household income. Households must also meet the definition of “low-income families” at 24 CFR 92.2 which limits occupancy based on certain student status rules (see Chapter 1 in the CDBG and HOME Program Manual).

To be eligible for homebuyer activities, the prospective purchaser beneficiary must be low-income and must occupy the property as a principal residence upon purchase.

The purchasing household must be low-income at either:
- In the case of a contract to purchase existing housing, at the time of purchase; or
- In the case of a contract to purchase housing to be constructed, at the time the contract is signed.

6.2 Affordability Periods and Resale/Recapture Requirements
All homebuyer developments are subject to an affordability period as defined in Part 3.4 of this document.

The recipient must implement resale or recapture provisions through a recorded lien and restrictive covenant agreement as described in Parts 3.5 and 3.6 of this document.

6.3 Homebuyer Provisions
- All homebuyer units must meet the “visitability” standard (see below). In addition, all units shall be made accessible upon the request of the prospective buyer.
  - Visitability is defined as design concepts that allow persons with mobility impairments to enter and stay, but not necessarily live, in a residence. There are three specific design elements that must be incorporated to satisfy the visitability mandate:
    - Each unit must contain at least one zero-step entrance on an accessible route. This can be any entrance to the unit;
    - All main floor interior doors (including bathroom doors and walk-in closets) in each unit must provide at least 31 ¾ inches of clear opening width; and
    - Each unit must contain at least one half or full bathroom on the main level that is accessible per ICC A117.1.Section 1004.11.
- Recipients will be required to provide an “after rehab” or “construction value” appraisal; whichever is appropriate, from a licensed appraiser for all property assisted with the award with the first draw that includes hard costs. If the applicant is acquiring property, an “as-is” appraisal
is required with the first draw request for acquisition reimbursement. See IHCDA’s [Program Manual](#) for details.

- Applicants also performing rehabilitation on the housing in this activity must purchase:
  - Homebuyer residential units, or
  - Rental units that have been vacant for three or more months.
  - See the IHCDA’s [Program Manual](#) for further guidance.

- According to 24 CFR 92.254(a)(2) in the case of acquisition of newly constructed housing or standard housing, the property must have a purchase price that does not exceed the Homeownership Values as determined by HUD. The HOME-assisted housing unit must be occupied as the homebuyer's principal residence throughout the affordability period.

- Recipients are required to identify and qualify homebuyers prior to acquiring and beginning construction on the HOME-assisted units; however, HOME-assisted units are not considered completed until occupied by an income eligible homebuyer. The Developer Fee cannot be claimed until the unit is occupied by an eligible applicant, and the paperwork is submitted and approved by IHCDA staff.

- Subsidy analysis must be based on a borrower’s payment for a minimum of a 20-year mortgage.

- The recipient may not charge servicing, origination, processing, inspection, or other fees for the costs of providing homeownership program assistance.

- If the not-for-profit applicant anticipates selling the HOME-assisted unit to a buyer that will utilize an FHA or VA insured mortgage, they may be required to first be approved by HUD to be a secondary lender. Information on how to become a HUD-approved lender can be obtained at HUD’s website or by calling the HUD’s Atlanta Homeownership Center toll free at (888) 696-4687 ext. 2055.

- Homebuyer units that are multi-family (four or less units) must meet all program requirements. The owner must be income qualified (income from the rental units must be included). The occupants of the rental units must also be income qualified and impose all rental requirements.

- Any HOME-assisted homeownership unit that has not been sold by the recipient to an eligible homebuyer within nine months of completion of construction or rehabilitation (meaning all necessary title transfer requirements and construction work has been performed and the housing unit complies with the property standards as evidenced by a final inspection) must be converted to a HOME-assisted rental unit subject to all compliance requirements of HOME-assisted rental housing in accordance with 24 CFR 92.252

### 6.6 Market Assessment Guidelines for Homebuyer Projects

The following market assessment guidelines must be followed for any homebuyer development. The numbers submitted should accurately reflect the market feasibility of the proposed activity.

**MARKET AREA** – Describe the market area from which the majority of the development’s homebuyers are likely to come and provide a map with a scale. Describe how the market area was determined to be appropriate for the development.

**SOCIOECONOMIC PROFILE AND TRENDS** – Describe the trends in population and households by age and income and estimate the number of eligible homebuyers for the development.

**HOUSING STOCK** – Describe the existing housing stock within the market area including the number of housing units, type (single family or multifamily), percent vacant, percent owner-occupied and renter-
occupied, etc. In addition, provide a list of all other rent restricted properties in the market area and indicate whether they are age restricted.

**CAPTURE RATE AND ABSORPTION PERIOD** – Provide an estimate of the capture rate for the development (project’s units divided by the number of eligible homebuyers from the market area), and estimate the absorption period to ensure the sale of all units within nine months of construction completion.

**NEEDS ASSESSMENT** – Describe how the development addresses the community’s housing needs, given the market area’s socioeconomic profile, trends, and housing stock.

**DEVELOPMENT SITE DESCRIPTION** – Explain how the site is adequate in size, exposure, and contour to accommodate the number and type of units proposed. In addition, describe whether there are adequate utilities (water, sewer, gas, and electricity) to accommodate the development.
Part 7: Completeness & Threshold Requirements

Each proposed development must satisfy the Federal requirements of the HOME program and any additional requirements established by IHCD. To be considered for funding, an applicant must meet all of the completeness and threshold requirements listed below.

7.1 Completeness Requirements

- Timeliness – All documentation must be turned in by the application due date.
  - On or before the application deadline, the applicant must provide all documentation as instructed in this application policy as well as required documentation listed in the HOME Application Form.
  - If IHCD requests additional information from the applicant, all requests are due on or before the date provided by IHCD staff.
  - Any forms that are late will be denied review and will be sent back to the applicant.

- Responsiveness – All questions must be answered and all supporting documentation must be provided.
  - The applicant must provide all documentation as instructed in this application policy as well as required documentation listed in the HOME Application Forms.
  - The applicant must provide all documentation as requested (i.e. uploaded or hard copies, labeled correctly, etc.)
  - Required signatures must be originally signed.

- All main floor interior doors (including bathroom doors and walk-in closets) in each unit must provide at least at least 31 ¾ inches of clear opening width;
- Each unit must contain at least one half or full bathroom on the main level that is accessible per ICC A117.1.Section 1004.11.

### Site Map and Photos
- Submit a clear, colored, site map
- Submit clear, colored site photos including views from all cardinal directions.

### Title Search

### Construction Cost Estimate
- Submit detailed construction cost estimate for the development.

### Site Control
- Submit a purchase option or purchase agreement that expires no less than 30 days subsequent to the award announcement date.

### Zoning Approval
- Provide a letter no older than 6 months from the local planning official that certifies the current zoning allows for construction and operation of the proposed homes and any required variances that have been approved.
### Environmental Review
- Submit completed environmental review forms. Instructions and forms can be found in Chapter 11 of the IHCD ADBG & HOME Program Manual.
- A FIRM floodplain map must be submitted with each parcel identified on the map. (Any property located in any variation of zone “A” on the map is ineligible for funding).

### Affirmative Fair Marketing Plan (if applicable)
- In accordance with 24 CFR 200.620 and 24 CFR 92.351 (a), the recipient must adopt an Affirmative Fair Housing Marketing Plan for rental and homebuyer developments containing five or more HOME-assisted housing units. Submit form HUD 935.2A.

### Development Fund
- Developments requesting a Development Fund loan must designate at least 50% of the Development Fund-assisted units for households at or below 50% AMI with the remaining Development Fund-assisted units designated for households at or below 80% AMI.

### Funding Committed Prior to Application
- All other development funding must be committed prior to submitting an application for HOME funding to IHCD A. Please complete the sources and uses tab in the application.

### Letters of Commitment
- Submit signed letters of commitment for all funding sources with funding terms and amounts.

### CHDO Operating Supplement

Features found in Column A are regarded as being of high cost and/or high burden of inclusion to the development. Features found in Column B are regarded as being of moderate cost and/or moderate burden of inclusion to the development. Features found in Column C are regarded as being of low cost and/or low burden of inclusion to the development. By columnizing such features, IHCDA encourages applicants to diversify their universal design portfolio to the greatest extent possible.

When there is a scoring criteria based on the county being served and there are multiple counties, the applicant should add up the scores from each county and average them, rounding to the nearest whole number. An application must score at least 65 points to be considered for funding.

8.1 Project Characteristics  

Category Maximum Points Possible: 17

This scoring category describes the proposed development. Points can be achieved through the following sub-categories: Comprehensive Community Development and Opportunity Index.

1) **Comprehensive Community Development**  

Maximum Number of Points:  5

Developments with a Comprehensive Community Development focus are a part of a broader, more comprehensive approach to area improvement. These developments have the capability of contributing to fundamental changes in the character of a targeted area. Only one plan will be considered for points unless the development spans multiple communities. In such cases, each community in which a unit is located must have a plan that satisfies all requirements. Stellar Community Strategic Investment Plans will not count for points.

In order to receive points under the Comprehensive Community Development scoring sub-category, the applicant must submit a copy of the entire plan in **Tab P_Project Characteristics**.

The plan must meet all of the following criteria:

- Specific reference to the creation of or need for affordable housing
- No older than 15 years
- Public participation and narrative about efforts leading to the creation of the plan
- A target area that includes the proposed home sites
  - Submit a scaled map that includes the plan’s area boundaries and the specific development site(s) with a map key labeling the site address(es).
- Adoption by highest local unit of government
  - Submit a copy of the resolution by the highest local unit of government adopting the plan.
2) **Opportunity Index**

Applicants may earn up to 12 points (with 2 points for each feature) for homes located within areas of opportunity.

- **Walk Score (2 points):** Points will be awarded to homes with a Walk Score of at least 50. Find the Walk Score for the site by visiting [Walk Score](http://www.walkscore.com) and typing in the home address. For scattered site developments, the average score found from each address must be at least 50.

- **Quality Education (2 points):** Points will be awarded to applicants with homes assigned to at least one K-12 school that, at the time of IHCDA application review, have a rating of “A”, “exemplary”, or equivalent according to the most recent accounting from the Indiana Department of Education ([http://www.doe.in.gov/sites/default/files/accountability/2015-f-school-grade-results-mar-16-2016.xlsx](http://www.doe.in.gov/sites/default/files/accountability/2015-f-school-grade-results-mar-16-2016.xlsx)). For scattered site developments, at least 50% of the proposed homes must meet this requirement to be eligible for points.

  *Note: An “A” school must be assigned to the development address according to [http://www.greatschools.org/](http://www.greatschools.org/).*

- **Public Transportation (2 points):** Points will be awarded to applicants proposing homes located within a half-mile of a public transit station or bus stop. For scattered site developments, at least 50% of the proposed homes must meet this requirement to be eligible for points.

  In order to receive points for this scoring subcategory, the applicant must submit a map in **Tab P_Project Characteristics** including:
  - Specific home locations,
  - Transit station or bus stop location, and
  - A half-mile radius drawn from the development location.

- **Fresh Produce (2 points):** Points will be awarded to applicants proposing homes located within a half-mile of a supermarket or grocery store with fresh produce. For scattered site developments, at least 50% of the proposed homes must meet this requirement to be eligible for points.

  Stores with fresh produce must be:
  - Currently established,
  - Have a physical location,
  - Documentation that the store is currently open for business, and
  - Have regular business hours.

  *For the purposes of this scoring subcategory, farmers’ markets, produce stands, gas stations, convenience stores, and drug stores do not qualify.*
In order to receive points for this scoring subcategory, the applicant must submit a map in **Tab P_Project Characteristics** including:

- Specific home locations,
- Store location, and
- A half-mile radius drawn from the home locations.

- **Health Factors (2 points):** Points will be awarded to applicants proposing homes located within a county ranked from 1-23 in the most recent Overall Rankings in Health Factors ([http://www.countyhealthrankings.org/app/indiana/2016/overview](http://www.countyhealthrankings.org/app/indiana/2016/overview)). For scattered site developments located in multiple counties, at least 50% of the proposed homes must meet this requirement to be eligible for points.

- **Unemployment Rate (2 points):** Points will be awarded to applicants proposing homes located within a county that has an unemployment rate below the state average ([http://opportunityindex.org/](http://opportunityindex.org/)). For scattered site developments located in multiple counties, at least 50% of the proposed homes must meet this requirement to be eligible for points.

- **Poverty Rate (2 points):** Points will be awarded to applicants proposing homes located within a county that has a poverty rate below the state average ([http://opportunityindex.org/](http://opportunityindex.org/)). For scattered site developments located in multiple counties, at least 50% of the proposed homes must meet this requirement to be eligible for points.

- **County Median Household Income (2 points):** Points will be awarded to applicants proposing homes located within a county that has a median household income above the state average ([http://opportunityindex.org/](http://opportunityindex.org/)). For scattered site developments located in multiple counties, at least 50% of the proposed homes must meet this requirement to be eligible for points.

- **Census Tract Income Level (2 points):** Points will be awarded to applicants proposing homes located in higher income neighborhoods compared to surrounding areas. Points will be determined according to the Federal Financial Institutions Examination Council’s (FFIEC) income level of its census tract. Find the census tract income level by entering the project address at the FFIEC website ([https://geomap.ffiec.gov/FFIECGeocMap/GeocodeMap1.aspx](https://geomap.ffiec.gov/FFIECGeocMap/GeocodeMap1.aspx)) and clicking “Census Demographic Data” below the matched address. For scattered site developments, points will be averaged according to the number of units within each income level.

8.2 Development Features  
This category describes the features of the overall proposed HOME development.

1) **Existing Structures**  
   **Maximum Number of Points:** 5
   
   Points will be awarded to developments where at least 50% of the HOME-assisted units are within an existing structure. 
   
   In order to receive points, the applicant must submit in **Tab Q_Development Features:**
   
   • Photographs of the home to be rehabilitated

   *Note: Developments receiving points in the Infill New Construction category are not eligible for points in the Existing Structure category.

2) **Historic Preservation**  
   **Maximum Number of Points:** 2
   
   Points will be awarded to an applicant that proposes rehabilitation of a historic home. 
   
   In order to receive points, the applicant must submit in **Tab Q_Development Features:**

3) **Infill New Construction**  
   **Maximum Number of Points:** 5
   
   Points will be awarded to new construction and demolition/new construction projects that meet IHCDA’s HOME criteria for infill. For the HOME program, IHCDA defines infill housing as the process of developing on vacant or underused parcels of land within existing areas that are already largely developed or previously developed. At least two sides of the home must be adjacent to occupied residential development, operating commercial development, active public space, or another active community activity. 
   
   For purposes of this category, the following will not qualify as infill housing:
   
   • Existing agricultural land,
   • Existing structures that will be rehabilitated,
   • Land where agriculture was the last use and it was within the last 10 years except within corporate limits, or
   • Undeveloped Master Planned Communities.
In order to receive points, the applicant must submit in Tab Q_Development Features:

- Aerial photos of the proposed site(s) with the site labeled
- For scattered site developments, all of the proposed development sites must meet the infill attribute scoring criteria to receive points.

*Note: Developments receiving points in the Existing Structure category are not eligible for points in the Infill New Construction category.

4) **Provision of Additional Bedrooms**

8.4 Capacity  

**Category Maximum Points Possible: 27**

This category evaluates the applicant’s ability to successfully carry out the proposed development based on trainings, certifications and/or experience in housing or community development.

1) **Certification**  

**Maximum Number of Points: 5**

Points will be awarded for a member of the development team, property management team, applicant, and/or administrator staff who has completed the following certifications. Five points will be awarded for the completion of two of the three certifications listed below. The completion of only one of the certifications below will receive three points. If two staff members hold the same certification, points will be awarded for two certifications.

If you do not see a certification you have received on the list that you believe would be relevant, please consult with your Real Estate Production Analyst at least one week prior to the application due date to request that it be eligible for points.

### 8.5 Financing  
**Category Maximum Points Possible:** 10

1) **Public Participation Funding**  
_**Maximum Number of Points:** 5_

Banked match is an allowable source of match for the proposed development, however, banked match is not allowed as a source to count for points in this scoring category. Points will be awarded based on the amount of public participation funding divided by the total development costs:

Part 9: Glossary of Terms

Below are definitions for commonly used terminology found throughout the IHCDA HOME application policy and forms and applicable to the IHCDA HOME program.

Administrator: A procured entity that will assist carrying out the HOME award.

Aging in Place: Aging in Place (AIP) refers to adapting our collective living environment so it is safer, more comfortable, and increases the likelihood a person can live independently and remain at home as circumstances change. Primary target populations for aging in place strategies are seniors, families with seniors, and persons with disabilities.

Beneficiary: The household or unit that received homeowner repair work as a result of the HOME award.

CHDO: A Community Housing Development Organization. A non-profit, community-based organization with the capacity to develop affordable housing for the community it serves, as defined in the HOME rule and as certified by IHCDA. Participating Jurisdictions (IHCDA) must set aside a minimum of 15% of their HOME allocations for activities in which CHDOs are the owners, developers, and/or sponsors of the housing.

Comprehensive Community Development: Every community strives to be a place where people choose to live, work, and play. Comprehensive development means that a community's potential lies in the identification and creation of a shared vision, planned by local leadership, and carried out by an array of partners. When successful, it yields results beyond what can be achieved by individual organizations or disparate programs because of the unique synergy they generate. A thriving community is a community with job opportunities, strong schools, safe neighborhoods, a full range of housing choices, and a vibrant culture. Comprehensive development marshals resources and deploys coordinated strategies in a concentrated area to create opportunities for others in the community to take prudent risks and reap the rewards. The demolition of blighted structures, the rehabilitation of long-vacant housing and the creation of new community amenities and retail opportunities serve as a tipping point for future development through market forces.

Development: The HOME activity proposed in the application.

Disabled: The Fair Housing Act defines disability as a person who has/is:

- A physical or mental impairment which substantially limits one or more of such person’s major life activities; or
- A record of having such an impairment; or
- Is regarded as having such an impairment, but such term does not include current, illegal use of or addiction to a controlled substance (as defined in section 102 of the Controlled Substances Act).

Elderly: Elderly can have one of two definitions as elected by the applicant:
• A person 55 years of age or older. This target population category also includes families with a person living in their home that is 55 years of age or older. For housing using this definition of elderly, at least 80% of the units must be age restricted; OR
• A person 62 years of age or older. This target population only includes households in which all household members are 62 years of age or older. For housing using this definition of elderly, 100% of the units must be age restricted.

HOME: The Home Investment Partnerships Program as created by the National Affordable Housing Act of 1990.

IHCDA: Indiana Housing and Community Development Authority

Income Limits: Maximum incomes as published by HUD for developments giving the maximum Income Limits per unit for beneficiary (30%, 40%, 50%, 60% and 80% of median) units.

Large City: For purposes of this policy, a large city is defined as a city with a population of 75,000 or more. To qualify as being located within a large city, the development must be located within one mile of the zoning jurisdiction and/or use city utility services (water and sewer).

Median Income: A determination made through statistical methods establishing a middle point for determining income limits. Median is the amount that divides the distribution into two equal groups, one group having income above the median and one group having income below the median.

MOU: A Memorandum of Understanding (MOU) is a document describing a bilateral or multilateral agreement between two or more parties.

Narrative: A written description by the applicant that describes the application question and generally supports the need of the development.

Referral Agreement: An agreement in which the recipient and a qualified organization enter into an agreement in which the recipient agrees to (a) set aside a number of units at the development for a special needs population and (b) notify the qualified organization when vacancies occur, and in which the qualified organization agrees to (a) refer qualified households to the development and (b) notify clients of vacancies at the development.

Rural: A development is considered to be rural if it meets one of the following criteria:

a. The development is located within the corporate limits of a city or town with a population of 14,999 or less; or

b. The development is located in an unincorporated area of a county that does not contain a city or town that meets the definition of large city or small city as set forth in this glossary; or

c. The development is located in an unincorporated area of a county whereas;
   i. The development is outside the 2-mile jurisdiction of either a large city or small city as defined in this glossary; and
ii. The development does not have access to public water or public sewer from either the large city or small city as defined in this glossary.

*Small City:* For purposes of this policy, a small city is defined as a city with a population of between 15,000 and 74,999. To qualify as being located within a small city, the development must be located within one mile of the zoning jurisdiction and/or use city utility services (water and sewer).

*Visitability:* Visitability is defined as design concepts that allow persons with mobility impairments to enter and stay, but not necessarily live, in a residence. There are three (3) specific design elements that must be incorporated to satisfy the visitability mandate:

- Each unit must contain at least one (1) zero-step entrance on an accessible route. This can be any entrance to the unit;
- All main floor interior doors (including bathroom doors and walk-in closets) in each unit must provide at least at least 31 ¾ inches of clear opening width; and

**Part 10: Development Fund**

1.1 Overview

The Indiana Affordable Housing and Community Development Fund (“Development Fund”) was established in 1989 to provide financing options for the creation of safe, decent, and affordable housing and for economic development projects in Indiana communities. Development Fund regulations may be found in Indiana Code 5-20-4. Developments also involving federal funding (e.g. HOME Investment Partnership Program or Community Development Block Grant), tax-exempt bonds, or Low-Income Housing Tax Credits (“LIHTC”) must comply with the requirements of those programs.

The Development Fund provides a loan of up to $500,000 (or a grant in limited special circumstances) for eligible activities as defined within this policy.

For more detailed information on the Development Fund program please consult the Development Fund Manual.

1.2 How to Apply

Development Fund awards are approved through the IHCDA Development Fund Application or in conjunction with LIHTC applications through the Qualified Allocation Plan (“QAP”), HOME applications through the HOME funding round, or with CDBG applications through the CDBG funding round.

Development Fund requests in conjunction with other funding sources must be submitted in accordance with the application procedures and deadlines for those programs.

1.3 Eligible Applicants

Applicants eligible to apply in conjunction with a HOME application include nonprofit corporations and local units of government. IHCDA must allocate at least 50% of the fund to recognized nonprofit corporations under Section 501(c)(3) of the U.S. Internal Revenue Code.

Awardees with current Development Fund awards are eligible to apply for additional funding. All outstanding awards must be current (if loans), in compliance with all program requirements, and otherwise in good standing in order to be considered for additional awards. However, no individual project sponsor or its affiliates may hold more than 20% of the Development Fund’s total portfolio at any one time.

Individuals or organizations currently on IHCDA’s suspension or debarment list are not eligible to apply for Development Fund awards.

1.4 Eligible Beneficiaries

The Development Fund can be used to finance assisted units for occupancy by households earning up to 80% of the area median income, as published annually by HUD. Indiana Code governing the Development Fund requires at least 50% of the dollars allocated to be used to serve “very low-income families.”
households” (households earning less than 50% of the area median income). Therefore, at least 50% of the Development Fund assisted units must be designated for households at or below 50% AMI, and the remaining Development Fund assisted units must be designated for households at or below 80% AMI.

1.5 Eligible Residential Activities

Eligible HOME activities include, but are not limited to, acquisition, new construction, and/or rehabilitation of homes for sale, permanent rental units, and permanent supportive housing projects that have successfully completed the Indiana Supportive Housing Institute.

1.6 Eligible Activity Costs

For more information on eligible and ineligible activity costs please see §1.8 and §1.9 of the Development Fund Manual. Questions about eligible vs. ineligible soft costs under the Development Fund program can be directed to the IHCDA Underwriting and Closing Manager.

1.7 Match Requirements

Applicants for Development Fund must be able to document a local match in an amount of at least 10%. Acceptable match sources include in-kind donations, donated land, owner equity, building materials, loans, cash grants, or any combination of both in-kind and cash. Other sources of match may also qualify, except for funds administered by IHCDA.

1.8 Development Fund Activity Provisions

The Development Fund may provide loans or grants up to $500,000 per development. Development Fund grants will only be made in conjunction with special IHCDA initiatives as announced by IHCDA. Except for these special initiatives, IHCDA will only accept Development Fund applications for loans.

The Development Fund may be used for the following types of loans:
- Pre-development: to pay project pre-development expenses;
- Acquisition: to pay for purchase and closing costs for property acquisition;
- Construction: to pay for hard and soft costs of new construction and rehab projects;
- Permanent: to provide permanent financing to the project; and/or
- Bridge: financing to bridge the timing gap between project or program costs and cash from committed sources not yet available (equity).

Homebuyer projects are not eligible for permanent or bridge financing.

1.9 Loan Terms

The base interest rate for loans is 3%. The interest rate offered by IHCDA will be determined during underwriting. Underwriting will start at 3% and make a final determination based on financial capacity. The final interest rate will not be less than 3%, but may exceed 3% based on capacity.

1.10 Underwriting Guidelines
For more information on underwriting guidelines please see §2.4 of the Development Fund Manual. Questions about these guidelines can be directed to the IHCDA Underwriting and Closing Manager.

1.11 **Affordability Period/Lien and Restrictive Covenants**

Rental developments will be subject to a Lien and Restrictive Covenant Agreement that must be executed against every residential property constructed, rehabilitated, or acquired, in whole or in part, with Development Fund funds. If the award is made in conjunction with HOME or CDBG funding, the development will be subject to the applicable program affordability period.

Upon occurrence of any of the following events during the affordability period, the entire sum secured by the lien, without interest, shall be due and payable by developer and/or owner upon demand. Repayment may be demanded upon: (1) transfer or conveyance of the real estate by deed, land contract, lease, or otherwise, during the affordability period; (2) commencement of foreclosure proceedings by any mortgagee (or deed in lieu of foreclosure), within the affordability period; or (3) determination that units are not being used as a residence by a qualifying tenant or not leased according to the program affordability requirements. The award recipient will be responsible for repaying IHCDA. At the end of the affordability period, if the borrower/recipient has met all conditions, the lien will be released.

1.12 **Income and Rent Restrictions/Ongoing Compliance**

All Development Fund-assisted units in residential developments must be income and rent restricted. If the award is made in conjunction with HOME funding or is Development Fund only, then the HOME program income and rent limits will apply. Developments with Development Fund combined with another program must follow the recertification requirements of that program.

When Development Fund is combined with other funding sources, the audit/inspection cycle will occur based on the cycle and frequency prescribed by that program.

1.13 **Modifications**

IHCDA may consider requests for changes to the characteristics of a development. A modification fee of $500 will be imposed if loan documentation has been finalized. Additionally, a $1,500 fee will be required if any legal documents, such as the recorded Lien and Restrictive Covenant, need to be amended as a result of the request.

Approval of modification requests is at the sole discretion of IHCDA. IHCDA must evaluate each request to see how the change would have affected original funding and underwriting of the development as well as to ensure that the proposed change will not cause noncompliance.

When submitting a modification request, please provide the following:

- a. Formal written request from the Owner/Developer detailing the specific request and the reason the request is needed
- b. The impact to the project in the event the modification request is not approved
- c. Modification fee of $500.00 if loan documentation has been finalized
d. Updated HOME application pages that reflect changes to the original application based on the current closing projections and/or proposed modification.

At its discretion, IHCDA may request additional supporting documentation.
