## INTRODUCTION

---

The 2016 Annual List of Obligated Projects (ALOP) is a list of transportation projects in the Northwestern Indiana Regional Planning Commission (NIRPC) planning area for which Federal funds from the U.S. Department of Transportation were obligated during State Fiscal Year (SFY) 2016 (July 1, 2015 to June 30, 2016).

The joint transportation planning regulations of the U.S. Federal Highway Administration (FHWA) and Federal Transit Administration (FTA), published at 23 CFR 450.322, require that "...an Annual Listing of projects, including investments in pedestrian walkways and bicycle transportation facilities, for which Federal funds have been obligated in the preceding year shall be published or otherwise made available by the cooperative effort of the State, transit operator, and metropolitan planning organization for public review. The listing shall be consistent with the funding categories identified in each metropolitan transportation improvement program (TIP)."

An "obligation" is the Federal government's legal commitment to pay the Federal share of a project's cost. Prior to appearing on this list, a listed project must have been approved for federal funding by one of two operating administrations of the U.S. DOT—either the Federal Highway Administration (FHWA) or Federal Transit Administration (FTA). These projects are not necessarily initiated or completed in the program year, and the amount obligated will not necessarily equal the total cost of the project. For FTA projects, obligation occurs when the FTA grant is awarded. For FHWA projects, fund obligation occurs when a project agreement is executed and the State requests that the funds be obligated.

NIRPC is the metropolitan planning organization for the Indiana portion of the Chicago Urbanized Area and the Indiana portion of the Michigan City-LaPorte Urbanized Area. The NIRPC region includes Lake, Porter and LaPorte counties in Indiana. This list was produced by NIRPC in cooperation with the Indiana Department of Transportation and the public transit operators serving the three county area.

## Summary Information

for the 2016 report and the two prior reports

Comparison with Prior Reports	Prior Year Report		Prior Year Report		This Report	
	2014		2015		2016	
	Funds Obligated	Number of Projects	Funds Obligated	Number of Projects	Funds Obligated	Number of Projects
Bicycle & Pedestrian	\$ 2,099,643	2	\$ 2,246,041	20	\$ 8,284,007	29
Roadway Improvements	119,106,810	138	72,981,635	122	111,908,519	276
Public Transit	29,761,669	63	33,005,667	65	36,820,154	82

## Terms Used in this Report

<b>DES Number</b>	A unique identifying number for the specific project. If communicating with INDOT or FHWA regarding a project, refer to this number.
<b>Phase Codes</b>	
PE - Preliminary Engineering	Design work for the project, including NEPA and other approvals.
RW - Right of Way	Acquisition of land or easements and/or damages to property owners. Also includes Title searches.
CN - Construction, including Construction Engineering (CE)	Actual construction work, including Construction Engineering (CE).
Construction Engineering (CE)	This expense is for an engineer to oversee construction to ensure that it is built as designed.
Utility Relocation Costs	This expense is for relocation of utilities that are in the construction zone.
RR - Railroad Involvement Costs (PE, RW, CN)	Payments to railroads whenever the construction activity encroaches upon railroad property or directly involves improvement of rail crossings.
FTA - Federal Transit Administration	Grant funds awarded to the project sponsor by FTA.
<b>Mode</b>	
Blke/Ped	Projects that consist solely of the construction of bicycle and pedestrian projects.
Highways - Local	Locally-implemented roadway improvement projects.
Highways - State	State-implemented roadway improvement projects.
Transit - Bus	Local bus transit projects.
Transit - Planning and Oversight Projects (NIRPC)	NIRPC-sponsored planning and oversight projects.
<b>Other Terms Used</b>	
Change Order	A change to a construction contract brought about by the need to perform additional and/or unanticipated work.
Refund of Revenue	A post-audit refund to a project sponsor.
HMA Overlay, Preventive Maintenance, Functional, or Structural. Includes other forms of surface treatment.	HMA = Hot Mix Asphalt. Preventive Maintenance involves asphalt pavement treatments, such as a thin overlay, bonded wearing course, or chip-seal. A functional overlay involves removing several inches of asphalt and replacing it with the same amount (or greater) of new asphalt. Structural indicates improvement or correction of subsurface conditions.
Concrete Pavement Restoration (CPR)	Removal and full-depth replacement of deteriorated segments of concrete pavement.
Added Travel Lanes	Addition of travel lanes to an existing highway.
Bridge - Replacement	Replacement of the entire bridge, including piers, superstructure, deck, and other components.
Bridge - Repair or Restoration	Repair or Restoration of the entire bridge or major bridge components.
Bridge - Deck Replacement	Replacement of the entire bridge deck.
Bridge - Removal	Removal of a bridge without replacing it.
Bridge - Deck Overlay	Placement of an HMA Overlay on the bridge deck.
Bridge - Replace Superstructure	Replacement of the supporting structure beneath the bridge deck.
Road Reconstruction/Rehabilitation	Full reconstruction of the roadway, including the road bed.
Pipe Lining	Placement of a heat-activated, hardened plastic lining within an existing culvert that eliminates the need to replace the culvert.
Small Structure	Usually a small bridge of less than 20' in length. Could also be a location where multiple culverts are installed.
Intersection Improvement	Any improvement at an intersection. Usually involves the addition of turn lanes or upgraded traffic signals. May also consist of construction of a roundabout.
ITS	Intelligent Transportation Systems deployment (Borman Traffic Management, CCTV, Message Boards, etc.)
Railroad Protection	Safety Improvements at Railroad Crossings
Transit Operating	Funds used to reimburse transit operators for operating costs. May consist of Operating Assistance or Capital funds.
Transit Capital	Funds used to purchase capital items, construct facilities, or purchase goods and services.
