

# Annual Listing of Obligated Projects

## Fiscal Year - 2018

6100 Southport Road  
Portage, IN 46368  
[www.nirpc.org](http://www.nirpc.org)

## Introduction

The **Northwestern Indiana Regional Planning Commission (NIRPC)** is a regional council of local governments serving the citizens of Lake, Porter, and LaPorte counties in Northwest Indiana. It is organized under the provisions of Indiana Code 36-7-7.6. NIRPC also serves as the Metropolitan Planning Organization for these three counties.

The FAST Act (Fixing America's Surface Transportation Act) was signed into law by President Barack Obama in 2015. This act provides long term funding certainty for surface transportation infrastructure planning and investment. The act continues (from the Moving Ahead for Progress in the 21<sup>st</sup> Century-MAP 21) the requirement that Metropolitan Planning Organizations (MPO's) prepare an annual list of projects in which federal funds have been obligated for in the preceding year (23 U.S.C. of 49 U.S.C. Chapter 53). The Act further states that this list must be published within 90 days of the close of the preceding year. In Indiana, the fiscal year runs from July 1 to June 30. This Act is intended to increase the transparency of federal government spending on transportation projects within a Metropolitan Planning Area (MPA). Lake, Porter and LaPorte Counties constitute this MPA. This report fulfills this requirement for the fiscal year 2018.

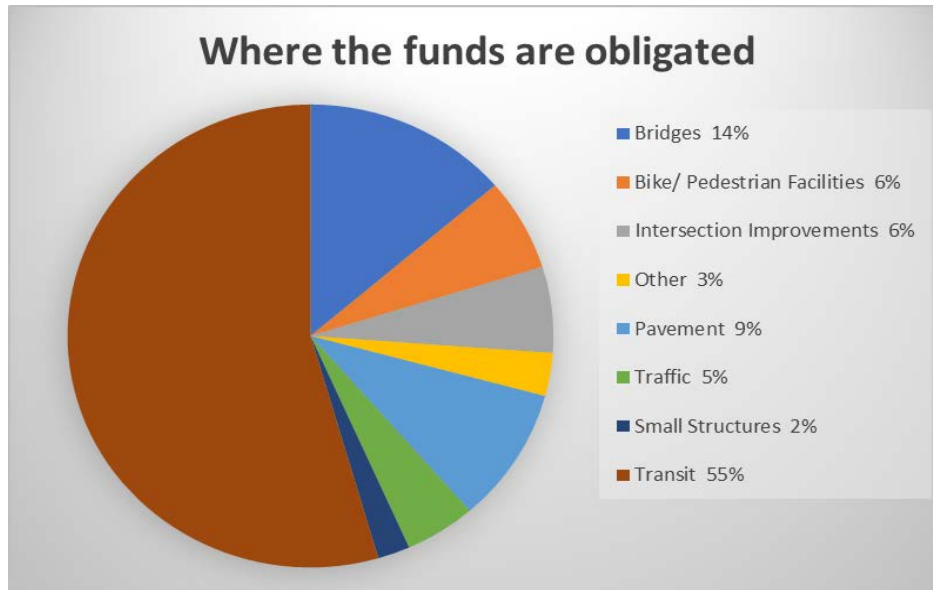

The term *obligation* in this report is the federal government's legal commitment to pay the federal share of a project's eligible costs. An *obligated project* is one that has been authorized by the Federal Highway Agency (FHWA) or the Federal Transit Administration (FTA) as meeting certain eligibility requirements for federal funds. For projects under FHWA jurisdiction this obligation occurs when FHWA approves the project and executes the project agreement. For FTA projects, the obligation occurs when the FTA grant is awarded. Funds are considered obligated, even if no funds have been transferred.

Once funds for a project have been obligated, the project's sponsor is able to begin incurring eligible expenses and then requests reimbursement. Each request must demonstrate that the recipient incurred the costs that are approved with the project agreement as well as federal guidelines. Obligations are not necessarily initiated or completed within the program year that it is stated. The amount of the obligation usually does not equal to total cost of the project. An obligation may be for only one phase of a project, and does not consider any other funds for the project such as local or private funds.

## Where the funds were obligated

In fiscal year 2018, the federal government allocated \$176,304,538 for projects in Lake, Porter and LaPorte Counties. This report includes a variety of sponsors, including Indiana Department of Transportation, counties, municipalities, transit operators, and NIRPC. The following graph shows the general type of projects that these funds were spent on. In general, obligated funds were spent in seven different areas:

- Bridges
- Bike / Pedestrian Facilities
- Intersection Improvements
- Pavement
- Traffic
- Small Structures (culverts, pipes)
- Transit
- Other miscellaneous projects

## Frequently Used Terms

Throughout the following tables, there may be some terms that the reader may not be familiar with. The following list spells out these terms. The first part of the list includes different funding programs that are shown in the tables. The second part of the list gives phases of a project that the funds went towards.

- CMAQ – Congestion Mitigation Air Quality
  - DEMO – Demonstration Funds
  - HSIP – Highway Safety Improvement Program
  - NHPP – National Highway Performance Program
  - NHS – National Highway Safety
  - SMFR – State Matching Federal Resources
  - SOGR – State of Good Repair
  - STBG – Surface Transportation Block Grant
  - STP – Surface Transportation Program
  - TA / TAP – Transportation Alternatives Program
  - TIGER – Transportation Investment Generating Economic Recovery
- 
- CE – Construction Engineering
  - CN – Construction
  - OA – Operating Assistance
  - PE – Preliminary Engineering
  - PL – Planning
  - ROW / RW – Right of Way
  - RW LID – Right of Way, Land Improvement & Damages
  - UPWP – Unified Planning Work Program

## Annual Listing of Obligated Projects – FY 2018

### More information

For more information or answers to specific questions please contact us. We will be happy to discuss with anyone the projects we listed or other projects that either have been completed or may be coming up in the future. Please contact:
