August 21, 2025

**WHEREAS**, Northwest Indiana's citizens require a safe, efficient, and resource-conserving regional transportation system that maintains and enhances regional mobility and contributes to improving the quality of life in Northwest Indiana; and

**WHEREAS**, the Northwestern Indiana Regional Planning Commission, hereafter referred to as "the Commission", being designated the Metropolitan Planning Organization (MPO) for the Lake, Porter and La Porte County Metropolitan Planning Area, has established a regional, comprehensive, cooperative, and continuing (3-C) transportation planning process to develop the unified planning work program, a transportation plan, and a transportation improvement program to facilitate federal funding for communities, counties, and transit operators, and to provide technical assistance and expertise to regional transportation interests; and

**WHEREAS**, the Commission performs the above activities to satisfy requirements of the Infrastructure Investment and Jobs Act of 2021 (PL 117-58), applicable portions of all prior federal transportation program authorizing legislation, as well as other federal, state, and local laws mandating or authorizing transportation planning activities; and

**WHEREAS**, the FY 2026 – 2030 Transportation Improvement Program is a product of a multi-modal, 3-C transportation planning process, compatible with regional goals and objectives and socio-economic and demographic factors used to develop *NWI 2050+*; and

**WHEREAS**, the FY 2026 – 2030 Transportation Improvement Program implements *NWI 2050+*, is fiscally constrained, and is consistent with the State Implementation Plan for Air Quality; and

**WHEREAS**, the FY 2026 – 2030 Transportation Improvement Program is developed by the Commission in coordination and cooperation with local elected and appointed highway and transit officials, special interest and service organizations, including users of public transit, the Indiana Department of Transportation, the Indiana Department of Environmental Management, the U.S. Federal Highway Administration, the U.S. Federal Transit Administration, and the U. S. Environmental Protection Agency; and

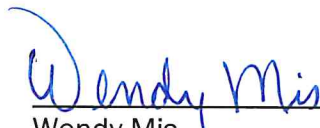

WHEREAS, the changes to the FY 2026 – 2030 Transportation Improvement Program brought about by this amendment were reviewed by the Air Quality Conformity Task Force's Interagency Consultation Group (ICG); and

WHEREAS, the changes to the FY 2026 – 2030 Transportation Improvement Program brought about by this amendment were made available for public comment in the manner prescribed by the 2019 Public Participation Plan, *ENGAGE NW*; with no comments received; and

WHEREAS, on August 5, 2025, the Transportation Committee recommended that the Northwestern Indiana Regional Planning Commission make these changes to the FY 2026 – 2030 Transportation Improvement Program.
