

Northwestern Indiana Regional Planning Commission  
Annual List of Obligated Projects  
Federal Fiscal Year 2010

---

May 2011

# INTRODUCTION

---

The Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) requires that "...an Annual Listing of projects, including investments in pedestrian walkways and bicycle transportation facilities, for which Federal funds have been obligated in the preceding year shall be published or otherwise made available by the cooperative effort of the State, transit operator, and metropolitan planning organization for public review. The listing shall be consistent with the funding categories identified in each metropolitan transportation improvement program (TIP)."

The Annual List of Obligated Projects is a list of transportation projects in the Northwestern Indiana Regional Planning Commission (NIRPC) planning area for which Federal funds were obligated during Federal Fiscal (FY) year 2010 (October 1, 2009 to September 30, 2010).

An obligation is the Federal government's legal commitment to pay the Federal share of a project's cost. An obligated project is one that has been authorized by the Federal agency and funds have been obligated. Projects for which funds have been obligated are not necessarily initiated or completed in the program year, and the amount of the obligation will not necessarily equal the total cost of the project. For Federal Transit Administration (FTA) projects, obligation occurs when the FTA grant is awarded. For Federal Highway Administration projects, obligation occurs when a project agreement is executed and the State/grantee requests that the funds be obligated.

NIRPC is the metropolitan planning organization for the Indiana portion of the Chicago Urbanized Area and the Indiana portion of the Michigan City-LaPorte Urbanized Area. The NIRPC region includes Lake, Porter and LaPorte counties in Indiana. This list was produced by NIRPC in cooperation with the Indiana Department of Transportation and the transit operators of the three counties.
