

Calumet Heritage Area Calendar

Calumet Heritage Area

The Calumet Heritage Area is a place of nationally significant natural, industrial, labor, and cultural heritage assets, that are preserved and interpreted to advance economic opportunity, and enrich the lives of its residents and visitors from across the nation.

The Calumet Heritage Area will connect the region's two National Parks, local parks, trails, tourism gateways, and historical sites, which will raise awareness of all assets in the region for residents and visitors, and spur community development through increased visitation and heritage tourism.

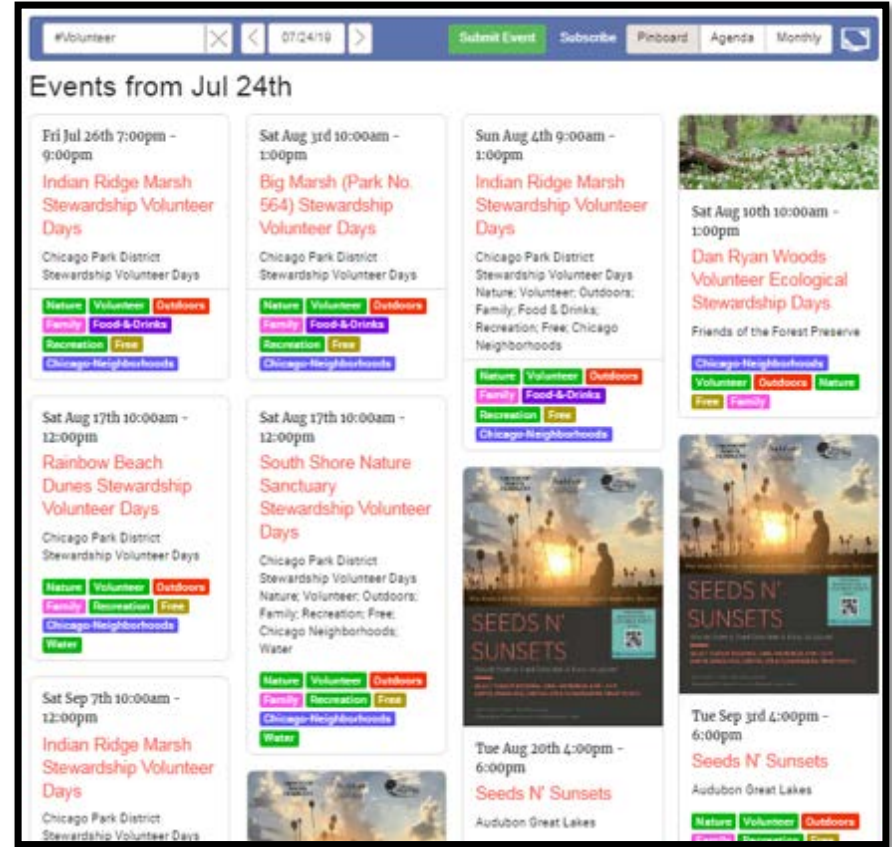

There is an initiative underway being led by Calumet Heritage Partnership and Calumet Collaborative with the help of the Field Museum to achieve national designation for the heritage area. Until then, by highlighting the events in the region with the calendar, we are already showing that we are a Heritage Area!
