North Manchester Public Library

*Advocating for our library since 1979*

## STATEMENT OF PURPOSE

The Friends of the Library (FOL) helps the North Manchester Public Library extend and expand its services in the community in many ways. Since 1979, FOL has funded a variety of library programs and purchased items not covered by the library's budget.

This money comes from FOL sponsored fundraisers, the sale of FOL merchandise and donations. Donors are an important source for FOL funding of library programs, purchases and projects.
