Community Resilience Score Index Formula Application

This document provides a concise summary of the data in chart form how points are awarded based on STATS Indiana’s annual Community Resilience Score Index. A point-based system formula is used to translate these scores into a straightforward format for evaluation.

$$\text{Points Awarded} = (\text{Slope} * \text{Community Resilience Score} - \text{Intercept})$$

Resilience Score Index Point Allocation

Updated March 2026

City and Town Resilience Score + Points Awarded

City/Town	County	Resilience Score (RS) (Updated Feb 2026)	Points Awarded (PA) for Resilience Score towards Bonus Points
Woodlawn Heights	Madison	40.2	1.00
Williams Creek	Marion	42.6	1.42
Meridian Hills	Marion	42.7	1.44
Wynnedale	Marion	42.9	1.47
