Subject: Pleasant view utilities raise

I have a family of 4 including my wife . We both work she works Walmart and I have a full time job . Over a year ago we moved to the newly remodeled apartments in pleasantview owner John Lucas . Since we have lived here we pay 44.00 a month on water and my mother and father have lived out here for 30+ years and have not had a significant change in there water sewage bill. My wife and I struggle month to month to pay our bills as it is this increase in the water sewage will be detrimental to our family and many others that live here . It is not right for pleasantview utilities to reap benefits from newly remodeled apartments by raising water bill to detrimental amounts this economy is hard enough to live in with gas prices and cost of food rising every month so please consider us the middle class that struggle week to week before you raise something that doesn't need to be raised . And it's only to benefit pleasantview utilities not us the middle class that struggle day to day reconsider and think about the people not your wallets thank you for your time

Matt
