## **LMH Utilities rate case: Consumer comments invited**

If you would like to comment on the rate increase requested by LMH Utilities, Inc., here's your chance.

The Indiana Office of Utility Consumer Counselor (OUCC), the state agency representing consumer interests in cases before the Indiana Utility Regulatory Commission (IURC), is reviewing the utility's request and expects to file testimony on Jan. 14, 2020.

Along with its legal and technical review, the OUCC is inviting written consumer comments through Jan. 7, 2020.

LMH is a privately owned sewer utility serving more than 1,200 customers in Dearborn County. Under its request, a monthly residential sewer rate for 5,000 gallons would rise from \$44.86 to \$87.16. The utility cites increases in operating and maintenance costs in its filing with the Commission, along with a lack of customer growth. LMH's current rates were approved in 2009.

The utility is seeking the rate increase through the state's Small Utility Filing Procedure, which is available to utilities with fewer than 8,000 customers. The procedure is designed to reduce the time and expense involved with regulatory filings. Savings are gained by allowing utility staff to use standardized forms resulting in utilities needing less assistance from rate consultants or attorneys, leading to fewer expenses that would be passed on to customers.

The standard for OUCC and IURC reviews on small utility filings is the same that applies to traditional utility filings. The OUCC conducts its review on behalf of all utility consumers while the IURC's review is conducted on behalf of the public interest (a balancing of utility and customer interests). A settlement agreement is possible in any legal proceeding; such an agreement, if reached, would require IURC approval.

Consumers who wish to submit written comments for the case record may do so via the OUCC's website at [www.in.gov/oucc/2361.htm](http://www.in.gov/oucc/2361.htm), by email at [uccinfo@oucc.IN.gov](mailto:uccinfo@oucc.IN.gov), or by mail at:
