Anderson Municipal Water Rate Case: Public Comments Invited

IURC Hearing Mar. 6 in Anderson

The Indiana Office of Utility Consumer Counselor (OUCC) is inviting public comments on the City of Anderson's pending water rate request through Mar. 13, 2025.

In addition, the Indiana Utility Regulatory Commission (IURC) will hold a public field hearing in Anderson on Thursday, Mar. 6, 2025.

The OUCC – the state agency representing consumer interests in cases before the IURC – is using its technical and legal resources to review the utility's proposal. Formal testimony from the OUCC is due Mar. 20, 2025.

Written Consumer Comments

Consumers who wish to submit written comments for the case record may do so via the form on the OUCC's website at www.in.gov/oucc/2361.htm, or by mail at:

Public Comments

Indiana Office of Utility Consumer Counselor (OUCC)
115 W. Washington St., Suite 1500 SOUTH
Indianapolis, IN 46204

Consumer comments will be included in the formal case record for Commission review. Comments **should not** contain sensitive or personal information as comments will become viewable and searchable online once posted to the IURC's online case file. Consumers with questions about commenting can contact the OUCC's consumer services staff at 1-888-441-2494.

The OUCC needs to receive all written consumer comments **no later than Thursday, Mar. 13, 2025**, so that it can: 1) Consider comments in preparing its testimony and 2) File them with the Commission to be included in the case's formal evidentiary record. Comments should include the consumer's name, city, zip code, and a reference to either "**IURC Cause No. 46171**" or "**Anderson Water**." Consumers with questions about submitting written comments can contact the OUCC's consumer services staff toll-free at 1-888-441-2494.

Public Field Hearing

The IURC has scheduled a public field hearing in this case for Thursday, Mar. 6, 2025, in the Anderson City Hall Auditorium (120 East Eighth Street).

The hearing will begin at **6:00 p.m.** Consumers are encouraged to arrive by 5:45 p.m. for an overview of field hearing procedures and the rate case process. No final decisions about the case will be made at the hearing.

(Continued)

The sole purpose of a field hearing is to receive public testimony. A final decision is expected in Fall 2025.

- Consumers can speak directly to the Commission under oath and on the record.
- Oral comments presented during the field hearing will become part of the case record. They will carry the same weight as written consumer comments submitted to the OUCC by Mar. 13, 2025.
- Utilities do not make presentations or answer questions during field hearings. The focus, again, is on public input. In this case, the city filed testimony and exhibits in December 2024.
- Commissioners are not allowed to answer questions about the case. They will ultimately render a decision after weighing evidence from the utility, the OUCC, and intervening parties. OUCC staff will be available to answer questions at the hearing.

Case Overview

Anderson's current water rates received IURC approval in 2015.

The utility is seeking approval to issue up to \$130 million in long-term debt in this case, along with the rate increase. According to its testimony, the city is seeking the changes due to higher operating and maintenance costs and to pay for infrastructure repairs and improvements. Specific items include construction of a new treatment plant and well field, decommissioning of the Wheeler Water Treatment Plant, and repairs and replacements to water distribution lines.

The utility is proposing a five-phase increase. Under the city's pending proposal, monthly water charges for a residential customer using 4,000 gallons would rise as follows:

Current	Phase 1 (Fall 2025)	Phase 2 (Jan. 2026)	Phase 3 (Jan. 2027)	Phase 4 (Jan. 2028)	Phase 5 (Jan. 2029)
\$24.95	\$30.46	\$31.42	\$36.70	\$42.46	\$47.58

Calculations Include Includes Fire Protection

Only the city's water rates are at issue in this case. The IURC does not have jurisdiction over municipal sewer rates, which are set by locally elected city and town councils throughout the state.

A settlement agreement is possible in any legal proceeding; such an agreement, if reached, would require IURC approval.

The OUCC is posting case updates online at www.in.gov/oucc/watersewer/key-cases-by-utility/anderson-municipal-water-rates/. Case updates are also available through the agency's monthly electronic newsletter. Consumers can subscribe at www.in.gov/oucc/news/.

(IURC Cause No. 46171)

The Indiana Office of Utility Consumer Counselor (OUCC) represents Indiana consumer interests before state and federal bodies that regulate utilities. As a state agency, the OUCC's mission is to represent all Indiana consumers to ensure quality, reliable utility services at the most reasonable prices possible through dedicated advocacy, consumer education, and creative problem solving.
