## Columbus City Utilities Water Rate Case: Public Comments Invited

***IURC Hearing Mar. 10 in Columbus***

The Indiana Office of Utility Consumer Counselor (OUCC) is inviting public comments on the City of Columbus's pending water rate request through Mar. 26, 2025.

In addition, the Indiana Utility Regulatory Commission (IURC) will hold a public field hearing in Columbus on Monday, Mar. 10, 2025.

The OUCC – the state agency representing consumer interests in cases before the IURC – is using its technical and legal resources to review the utility's proposal. Formal testimony from the OUCC is due Apr. 2, 2025.

### Written Consumer Comments

Consumers who wish to submit written comments for the case record may do so via the form on the OUCC's website at [www.in.gov/oucc/2361.htm](http://www.in.gov/oucc/2361.htm), or by mail at:

Public Comments  
Indiana Office of Utility Consumer Counselor (OUCC)  
115 W. Washington St., Suite 1500 SOUTH  
Indianapolis, IN 46204

Consumer comments will be included in the formal case record for Commission review. Comments **should not** contain sensitive or personal information as comments will become viewable and searchable online once posted to the IURC's online case file.

The OUCC needs to receive all written consumer comments **no later than Wednesday, Mar. 26, 2025**, so that it can: 1) Consider comments in preparing its testimony and 2) File them with the Commission to be included in the case's formal evidentiary record. Comments should include the consumer's name, city, zip code, and a reference to either "**IURC Cause No. 46173**" or "**Columbus City Utilities**".

Consumers with questions about submitting written comments can contact the OUCC's consumer services staff toll-free at 1-888-441-2494.

### Public Field Hearing

The IURC has scheduled a public field hearing in this case for Monday, Mar. 10, 2025, in the Cal Brand Meeting Hall at Columbus City Hall (123 Washington Street).

**(Continued)**

The hearing will begin at **6:00 p.m.** Consumers are encouraged to arrive by 5:45 p.m. for an overview of field hearing procedures and the rate case process. No final decisions about the case will be made at the hearing.

The sole purpose of a field hearing is to receive public testimony. A final decision is expected this fall.

- Consumers can speak directly to the Commission under oath and on the record.
- Oral comments presented during the field hearing will become part of the case record. They will carry the same weight as written consumer comments submitted to the OUCC by Mar. 26, 2025.
- Utilities do not make presentations or answer questions during field hearings. The focus, again, is on public input. In this case, the utility filed testimony and exhibits in December 2024.
- Commissioners are not allowed to answer questions about the case. They will ultimately render a decision after weighing evidence from the utility, the OUCC, and intervening parties. OUCC staff will be available to answer questions at the hearing.

## Case Overview

Columbus City Utilities' current water rates received Commission approval in 2021.

The utility is requesting approval to issue approximately \$30 million in long-term debt in this case, along with the rate increase. According to its testimony, the utility is seeking the changes due to higher operating and maintenance costs and to continue ongoing repairs and enhancements intended to extend the useful life of its water treatment plants and storage tanks, as well as the replacement of aging water mains.

Under the city's proposed two-phase increase, monthly water charges for a residential customer using 4,000 gallons would rise as follows:

| Current | Phase 1<br>(Fall 2025) | Phase 2<br>(Jan. 2027) |
|---------|------------------------|------------------------|
| \$18.97 | \$22.53                | \$26.04                |

Only the city's water rates are at issue in this case. The IURC does not have jurisdiction over municipal sewer rates, which are set by locally elected city and town councils throughout the state.

A settlement agreement is possible in any legal proceeding; such an agreement, if reached, would require IURC approval.

The OUCC is posting case updates online at [www.in.gov/oucc/watersewer/key-cases-by-utility/columbus-city-utilities/](http://www.in.gov/oucc/watersewer/key-cases-by-utility/columbus-city-utilities/). Case updates are also available through the agency's monthly electronic newsletter. Consumers can subscribe at [www.in.gov/oucc/news/](http://www.in.gov/oucc/news/).

(IURC Cause No. 46173)

The Indiana Office of Utility Consumer Counselor (OUCC) represents Indiana consumer interests before state and federal bodies that regulate utilities. As a state agency, the OUCC's mission is to represent all Indiana consumers to ensure quality, reliable utility services at the most reasonable prices possible through dedicated advocacy, consumer education, and creative problem solving.
