## FULL BOARD APPEARANCES

### Tech Check Tech Variance for a Pilot Program, Grevorg Martirosyan, PharmD, St. Joseph Health System:

Participating Members: Donna Wall, R.Ph., Del Fanning, R.Ph., Winnie Landis, R.Ph., Mark Smosna, R.Ph., John Wilson, J.D., Matt Balla, R.Ph., Steve Anderson, R.Ph.

Jason Jablonski and Jason Stabnik also appeared on behalf of this request.

They are requesting a variance in which a technician can check the work of another technician. The technician checking the work would check what was pulled and put into the machine, then it leaves the pharmacy. The nurse would then check it at the patient's bedside.

The checking technician would have to work 20 hours per week and have been employed with the pharmacy for 1 year to be eligible. They must achieve a 99.8% error free during their training.

Mr. White indicated this is a request for a variance of the Boards statute and the Board can't grant a variance of statutes.

The Hospital/Nurse will be the final check as the Nurse checks the medication before giving it to the patient, therefore a variance is not needed.

The Board requested Mr. Martirosyan return in December 2018 to give the Board some statistics of this procedure.

The Board thanked them for their presentation.

### Indiana University Health, Inc. d/b/a Methodist Retail Pharmacy – Remote

#### Location App:

Participating Members: Donna Wall, R.Ph., Del Fanning, R.Ph., Winnie Landis, R.Ph., Mark Smosna, R.Ph., John Wilson, J.D., Matt Balla, R.Ph., Steve Anderson, R.Ph.

Julie Thornton, R.Ph., Cindy Miller, R.Ph. and Laura Lord, R.Ph. all appeared regarding this matter.

They appeared before the Board in March regarding the ScriptCenter Locker System:

The following appeared to discuss the ScriptCenter Locker System:

- Laura Lord, R.Ph., Julie Thornton R.Ph., Cindy Miller R.Ph., Edward Rickert, J.D. and Dawn Moore, R.Ph., VP of Pharmacy, IU Health.

They are looking at placing these in Methodist and Riley Hospitals

The potential positive impact:

- Increase ease of prescription pick-up
  - Increase adherence rates
  - Improve employee satisfaction
  - Increased access for difficult to find medications for discharge patients
- Free up time for pharmacy staff for:
  - Counseling patients
  - Developing patient/pharmacist relationships
  - Improve safety

Statement of explanation:

- At their retail locations, ScriptCenter will be primarily implemented for:
  - Employee pickup
  - Discharge patient pickup
- Implementation of ScriptCenter will:
  - Allow prescription pick up 24/7
  - Reduce pharmacy lines and wait times for employees and clinic or discharge patients waiting to go home.
  - Leads to improving access: Patients discharged with difficult to find medications will have access afterhours, potentially reducing readmission rates
- How ScriptCenter works:
  - Prescriptions are received, filled, labeled and verified in the pharmacy according to applicable law using their current prescription filling policy and workflow process
  - Once verified by a pharmacist medications are linked to a barcoded container and securely transported and loaded into ScriptCenter
  - The patient receives a notification that their prescriptions are ready. The patient is also notified if any counseling is required.
  - Patient logs into ScriptCenter using two (2) unique identifiers to pick up and pay for their prescriptions. Counseling is offered and prescriptions are released once the patient has received counseling.
- Security Features:
  - Kiosk:
    - Weighs 1,300 lbs and requires identification for pharmacy personnel to access
    - Monitored by on-site hospital security personnel 24/7
    - External security cameras monitoring the location 24/7
  - Anti-diversion controls & procedures:
    - Electronic monitoring – ScriptCenter uses a variety of reports to ensure 100% prescription tracking.
    - Photo and signature captured for every prescription pick up.

This will be for employees and patients discharged after hours. Counseling will be done upon pick-up for employees, discharged patients will be seen prior to their discharge. There is a screen for counseling and it cannot be seen; they also have the option of using a phone so no one can hear it.

IPLA's Compliance Officer has completed the inspection with a passing grade.

After discussion, the Board moved to APPROVE the Remote Location App.

**Gregg Winn, R.Ph., Pillbox Pharmacy – Remote Dispensing Facility App:**

Participating Members: Donna Wall, R.Ph., Del Fanning, R.Ph., Winnie Landis, R.Ph., Mark Smosna, R.Ph., John Wilson, J.D., Matt Balla, R.Ph., Steve Anderson, R.Ph.

Gerald Blocker, R.Ph, P.I.C. also appeared regarding this matter.

They are requesting to open a tele-pharmacy in Albien, Indiana. It is located forty-five (45) minutes from the nearest Pharmacy in Warsaw.

They will have technicians working in the tele-pharmacy. The technician at the Albien store will take pictures and que them by computer to the Pharmacist in Warsaw who will check the prescription. Once the pharmacist checks the prescription the technician in Albien will put the prescription on the rack for the patient to pick up.

If a consultation is needed, the patient can step to the right and where the panel is and will talk with the Pharmacist in Warsaw by screen. It is a full size monitor with the option to use a phone or use the speakers by talking directly to the monitor. Both sides can see each other.

They will carry some over the counter drugs and some medical equipment.

The Pharmacist will be there on scheduled days to give vaccines and to do routine inspections.

The tele-pharmacy will be open Monday through Friday 9:00 a.m. to 6:00 p.m. and Saturday 9:00a.m. to 2:00p.m.

They have two (2) technicians splitting the time with one (1) to two (2) others to cover for time off.

The building will be locked and a sign posted that they are closed for lunch.

After discussion, the Board moved to APPROVE the Remote Dispensing Application pending an approved inspection.

**Carol Ott, PharmD, BCCP, Clinical Professor of Pharmacy Practice, Clinical Pharmacy Specialists, Psychiatry, Eskenazi Health/Midtown Community Mental Health, Purdue University College of Pharmacy, and David Butterfield, PharmD, BCPS, PGY2 Psychiatric Pharmacy Resident Research Presentation regarding Gabapentin use:**

Ms. Ott and Mr. Butterfield were before the Board in September 2017:

Ms. Ott stated that Gabapentin has become an issue over the last seven (7) to eight (8) years.

Ohio requires it to be reported to their PDMP program.

Virginia legislature passed a law to require it to be reported to their PDMP program

Kentucky made it a schedule V drug.

Gabapentin: Indicators of Misuse:

- A study in the US found that 22% of 162 study participants with opioid use disorder had a prescription for gabapentin
- Of these, 40%, used higher than prescribed doses
- Gabapentin has been found in 1% of drug-related deaths in Scotland
- Cross-sectional studies of opioid abuse in UK and US samples found gabapentin misuse to be 15% - 22% of the sample
- "Street market" demand for gabapentin for misuse of the drug itself and as a cutting agent for heroin
- Street market" price - \$1.00 - \$7.00 per table depending on dose
- Increase ER visits by 90% since 2008 (Drug Abuse Warning Network)

Systematic Review (2017):

- Gabapentin abuse has been studied in 23 epidemiologic studies since 2010
- More prevalent in past or current opioid abusers (1.1%) and in those with an opioid use disorder (15% - 22%)
- Poison center data in 2014 noted 116 overdose cases reported, usually co-ingestion with other substances
- 2 fatal overdoses were with gabapentin alone – highest reported overdoses were 11,500 mg and 91,000 mg
- One study of prison inmates with psychiatric diagnoses and substance use disorder suggested 16% rate of gabapentin misuse

Objectives of this research were:

- Explain the similarities between gabapentin and pregabalin
- Identify the predictors for misuse of gabapentin
- Describe the patients on gabapentin within Indiana Medicaid
- Assess the potential for misuse of gabapentin within Indiana Medicaid

Gabapentin Misuse:

- 2012 report in UK found gabapentin prescribing increased by 150%
- Street demand for gabapentin - \$1.00 - \$7.00 per tablet
- Has been used on the streets as a cutting agent with heroin
- Virginia/Ohio – require prescription drug monitoring reporting for gabapentin
- Kentucky – beginning July 2017 scheduled gabapentin as a controlled V substance

Study purpose:

- To provide descriptive information relative to Indiana Medicaid members 18 years of age and older receiving prescriptions for gabapentin

Data collection:

- Retrospective data was collected on patients with claims for gabapentin patients with claims for gabapentin through Indiana Medicaid from October 1, 2014 to September 20, 2016.

Study methods:

- Inclusion Criteria:
  - Use of gabapentin between October 1, 2014 to September 30, 2016
  - Age 18 years or older
  - Indiana Medicaid member
- Exclusion Criteria:
  - Younger than 18 years of age
  - No gabapentin fills within the study time frame

Study Endpoints:

- Primary Endpoint:
  - Evaluation of diagnoses for the use of gabapentin in individuals within Indiana Medicaid during the designated study time frame
- Secondary Endpoint:
  - Characterization of the study population
  - Analysis of individuals receiving greater than the maximum daily dose (>3600 mg)
  - Analysis of gabapentin dose (>3600 mg) in individuals receiving concomitant MAT therapy.

Study Implications:

- Gabapentin is most commonly prescribed to middle-aged white females
- Gabapentin was utilized for off-label or no indication in 77.5% of cases
- Gabapentin prescriptions were not commonly written for >3600 mg per day

The Board thanked them for their updated report.

**Patrick Carroll, D.D.S., License No. 12010982B, Cause No. 2018 IBP 0021**

Respondent did appear in person and was represented by counsel, Mary Feldhake regarding a CSR Renewal Order to Show Cause scheduled before the Board. The State of Indiana was represented by Ryan Eldridge, Deputy Attorney General and the court reporter sworn in for this matter was Sherri Rutledge with Rutledge Independent Reporting.

In 2013 an elderly patient went into cardiac arrest while being treated by Dr. Carroll. The patient passed away sixteen (16) days later.

Illinois Board placed his license on suspension and suspended his CSR for one year.

His Indiana dental license was also placed on suspension. He now has both dental licenses back. He has entered into an MOU with DEA.

After all licenses were reinstated, Dr. Carroll changed his address on his CSR/DEA to his South Bend Office as he had more patients in this location. He then applied for a new CSR/DEA at the Chesterton location where he already had stored drugs.

DEA came in and said the drugs at the Chesterton location were considered contraband as he no longer had a DEA at that location. He then surrendered his DEA and his Indiana CSR was then suspended by law.

Respondent Exhibits:

- 1 – MOU with DEA
- 2 – Emails to DEA
- 3 – Response letter to AG's office
- 4 – DEA surrender

After having considered the evidence presented and taking official, judicial notice of the pleadings, evidence and orders in this matter, the Board moved to reinstates the Respondent's CSR on INDEFINITE PROBATION for one (1) year with terms and conditions.

Respondent did appear in person and was represented by counsel, Derek Petersen regarding a Violation of Probation Order to Show Cause scheduled before the Board. The State of Indiana was represented by Stacy Oliver, Deputy Attorney General and the court reporter sworn in for this matter was Sherri Rutledge with Rutledge Independent Reporting.

Darrin Covington, Board Director was sworn in as a witness.

Mr. Covington testified that the Respondent was originally put on probation for two (2) years, may not lift until Illinois is cleared up. His medical license and CSR in Illinois are currently suspended.

Mr. Covington indicated that the Medical Board modified the Respondents terms of probation to indicate that he cannot have his Indiana probation lifted until his license in Illinois is on active status and he will need to have a Board approved practice monitor who will send quarterly reports to the Board, the rest of the terms of probation remain the same.

Respondent Exhibits:

- 1 – copy of Indiana & Illinois orders
- 2 – Quarterly reports for Illinois

After having considered the evidence presented and taking official, judicial notice of the pleadings, evidence and orders in this matter, the Board moved to MODIFY the INDEFINITE PROBATION terms as follows:

- Keep all terms currently in order; add must have a practice monitor to submit quarterly reports to the Pharmacy Board regarding his prescribing of controlled substances
- Dr. Ring must run quarterly downloads of his own inspect reports and submit them to the Pharmacy Board for review.

States Exhibit:

A – CVS employee file

In a written statement to CVS the Respondent admitted to taking Tramadol, which she put in her smock pocket.

She indicated to the Board that she knows she admitted to taking Tramadol but it wasn't Tramadol that she accidentally took. She has the bottle and showed it to the Board – it was Haloperidol. She put it in her smock pocket to return it to stock and she forgot about it and accidentally took it home.

She indicated that tried to give it back and no one at CVS or the police station would take it back. She surrendered the bottle of Haloperidol to Zaneta Nunnally, Compliance Director with the Board of Pharmacy.

She also indicated she wasn't even at work the day the Tramadol went missing as she was out on family leave as her sister has just passed away.

She also indicated she did admit to taking the Tramadol as they were threatening to take her to jail and she had been in with them for hours. She was tired and wanted to go home.

After having considered the evidence presented and taking official, judicial notice of the pleadings, evidence and orders in this matter, the Board moved to DISMISS this matter as the State didn't prove their case beyond a preponderance of evidence.

## DISCUSSION

### **INSPECT Report – Kara Slusser, Inspect Director:**

Participating Members: Donna Wall, R.Ph., Del Fanning, R.Ph., Winnie Landis, R.Ph., Mark Smosna, R.Ph., John Wilson, J.D., Steve Anderson, R.Ph., Matt Balla, R.Ph.

#### **AWARxE**

- As you may know, the Center for Disease Control (CDC) updated its NDC file last fall. As a result, they eliminated the buprenorphine morphine milligram equivalency (MME) value. This would cause a significant impact in automated MME calculations for patients who have buprenorphine in their prescription history. To avoid confusion, our vendor made the following changes to the AWARxE system on April 11th:
  - a. Buprenorphine will be excluded from displayed MME calculations.
  - b. The patient report will display MMEs for opioids (excluding buprenorphine) and include information on buprenorphine in mg/day instead of MME.

#### **INSPECT Funding Request**

- The Indiana Professional Licensing Agency would like to purchase an annual subscription for the American Hospital Formulary Service, known as AHFS Drug Information. The American Society of Health-System Pharmacists (ASHP) developed and published this drug information table, which has been the foundation for organizing drug formularies in institutional, governmental, and other settings since 1959. AHFS is currently used as the basis for drug classification within AWARxE. To maintain consistency and accuracy in State prescription drug data reports, MPH will need a copy of the AHFS Drug Information. IPLA can purchase a subscription to the AHFS Drug Information from ASHP for an annual fee of \$1,000. We request permission from the Board to utilize INSPECT funds for this purchase.

#### **PMP Interconnect**

- INSPECT is now connected to Rhode Island. The two States are actively sharing PDMP data. This decision was made as part of a multi-State integration effort with CVS, which Indiana plans to participate in later this year.

#### **INSPECT Integration Initiative**

- Within the last month, we completed INSPECT integrations with Advanced Care Pain Clinic, Topeka Pharmacy, Franciscan Alliance and Good Samaritan Hospital. Good Samaritan is an affiliate of Deaconess Hospital. We are currently working with three additional affiliate hospitals that share an EMR with Deaconess.

The Board thanked Kara for her report.

**Zaneta Nunnally – Compliance Director – Report:**

Participating Members: Mark Smosna, R.Ph., Donna Wall, R.Ph., Del Fanning, R.Ph., Winnie Landis, R.Ph., John Wilson, J.D., Steve Anderson, R.Ph., Matt Balla, R.Ph.

Zaneta Nunnally reported the following:

- 131 inspections were performed for the month of January
  - 57 Pharmacies
  - 19 Home Medical Equipment Facilities
  - 55 Controlled Substance Registrations
  
- 13 deficiencies were found

The Board thanked Ms. Nunnally for her report.

**Opioid Initiatives:**

Participating Members: Mark Smosna, R.Ph., Donna Wall, R.Ph., Del Fanning, R.Ph., Winnie Landis, R.Ph., John Wilson, J.D., Steve Anderson, R.Ph., Matt Balla, R.Ph.

The Board reviewed a letter from Jim Davidson, PharmD, MBA, Pharmacy Director, MHS regarding the opioid epidemic.

The Board reviewed the letter and requested staff to invite Mr. Davidson as well as INSPECT staff in to discuss this matter.

**Third Party Logistics Providers (3PL's):**

Participating Members: Mark Smosna, R.Ph., Donna Wall, R.Ph., Del Fanning, R.Ph., Winnie Landis, R.Ph., John Wilson, J.D., Steve Anderson, R.Ph., Matt Balla, R.Ph.

Darren indicated we need to start working on rules for 3PL's. Donna Wall, Matt Balla and Steve Anderson volunteered to assist with the rules. Darren indicated he hopes to have a sample for review at the July 2018 meeting.

**Wholesale Drug Distributor Renewals:**

Participating Members: Mark Smosna, R.Ph., Donna Wall, R.Ph., Del Fanning, R.Ph., Winnie Landis, R.Ph., John Wilson, J.D., Steve Anderson, R.Ph., Matt Balla, R.Ph.

Staff will have a question placed on the WDD renewals that states are you a third party logistics company. Those that are will be grandfathered in as a 3PL license.

Would the Board like for the WDD's to continue to send in proof of their VAWD accreditation or just have them attest to it and do an audit after the renewal. The Board indicated they would like to continue to have the VAWD certificate submitted.

**NAPB Annual Meeting Update:**

Participating Members: Mark Smosna, R.Ph., Donna Wall, R.Ph., Del Fanning, R.Ph., Winnie Landis, R.Ph., John Wilson, J.D., Steve Anderson, R.Ph., Matt Balla, R.Ph.

Donna requested that all members read the proposed amendments and email herself, Winnie or Mark any suggestions/opinions for the NAPB meeting that is coming up.

Donna, Winnie and Mark all attended the NAPB meeting and gave the other members an update of the event.

**Emergency Drug Scheduling:**

Participating Members: Mark Smosna, R.Ph., Donna Wall, R.Ph., Del Fanning, R.Ph., Winnie Landis, R.Ph., John Wilson, J.D., Steve Anderson, R.Ph., Matt Balla, R.Ph.

**Emergency Rule, LSA Document #18-XXX(E) DIGEST**

Temporarily amends 856 IAC 2-2-2 to add synthetic drug compounds to Schedule I, II and V. Statutory authority: IC 25-26-13-4.1. Effective 30 days after filing with the Publisher.

SECTION 1. (a) This SECTION is supplemental to 856 IAC 2-2-2.

(b) Unless specifically excepted or unless listed in another schedule, any material compound, mixture, or preparation, which contains any quantity of the following synthetic drugs, or which contains any of its salts, isomers, and salts of isomers, whenever the existence of such salts, isomers, and salts of isomers is possible within the specific chemical designation (for purposes of this subsection only, "isomer" includes the optical, position and geometric isomers):

- (1) 4-fluoroisobutyryl fentanyl.
- (2) methyl 2-(1-(5-fluoropentyl)-1H-indazole-3-carboxamido)-3,3-dimethylbutanoate [5F-ADB; 5F-MDMB-PINACA].
- (3) methyl 2-(1-(5-fluoropentyl)-1H-indazole-3-carboxamido)-3-methylbutanoate [5F-AMB].
- (4) N-(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-(4-fluorobenzyl)-1H-indazole-3-carboxamide [ADB-FUBINACA].
- (5) N-(adamantan-1-yl)-1-(5-fluoropentyl)-1H-indazole-3-carboxamide [5F-APINACA, 5F-AKB48].
- (6) methyl 2-(1-(cyclohexylmethyl)-1H-indole-3-carboxamido)-3,3-dimethylbutanoate [MDMB-CHMICA, MMB-CHMINACA].
- (7) methyl 2-(1-(4-fluorobenzyl)-1H-indazole-3-carboxamido)-3,3-dimethylbutanoate [MDMB-FUBINACA].
- (8) N-(1-amino-3,3-dimethyl-1-oxobutan-2-yl)-1-(cyclohexylmethyl)-1 H-indazole-3-carboxamide [MAB-CHMINACA and ADB-CHMINACA].

(9) Methyl 2-(1-(4-fluorobenzyl)-1H-indazole-3-carboxamido)-3-methylbutanoate [FUB-AMB, MMB-FUBINACA, AMB-FUBINACA].

(10) 3,4-dichloro-N-[(1dimethylamino)cyclohexylmethyl]benzamide [AH7921].

(11) N-(1-phenethylpiperidin-4-yl)-N-phenylbutyramide, also known as N-(1-phenethylpiperidin-4-yl)-N-phenylbutanamide, (butyryl fentanyl) .

(12) N-[1-[2-hydroxy-2-(thiophen-2-yl)ethyl]piperidin-4-yl]-N-phenylpropionamide, also known as N-[1-[2-hydroxy-2-(2-thienyl)ethyl]-4-piperidinyl]-N-phenylpropanamide, (beta-hydroxythiofentanyl).

(13) Furanyl fentanyl.

SECTION 2. (a) This SECTION is supplemental to 856 IAC 2-2-3.

(c) Unless specifically excepted or unless listed in another schedule, any of the following opiates, including its isomers, esters, ethers, salts and salts of isomers, esters and ethers whenever the existence of such isomers, esters, ethers, and salts is possible within the specific chemical designation:

(1) Thiafentanil.

SECTION 3. (a) This SECTION is supplemental to 856 IAC 2-2-6.

(c) Brivaracetam ((2S)-2-[(4R)-2-oxo-4-propylpyrrolidin-1-yl] butanamide)).

They are all scheduled by the DEA.

After discussion, the Board moved to schedule all as a scheduled 1 under the emergency rules.

**Licensing of multiple automated dispensing machines at one location:**

Participating Members: Mark Smosna, R.Ph., Donna Wall, R.Ph., Del Fanning, R.Ph., Winnie Landis, R.Ph., John Wilson, J.D., Steve Anderson, R.Ph., Matt Balla, R.Ph.

The machine is licensed as a remote location. If a facility has more than one machine should it have more than one license?

After discussion, the Board requested staff to look into the possibility of having one license, but then having a separate alphabet at the end of the license number, like physicians do with their CSR's. Staff will look into this and get back with them.
