John Wilson, J.D., Past Consumer Board Member:

Mr. Covington informed the Board of John Wilson's passing and read his obituary as follows:

John Thomas Wilson, 61, went home Tuesday, May 14, 2019 to be with the Lord. He was born November 9, 1957, in Anderson, to Archie and Bonnie (Garrett) Wilson.

John accepted Jesus as his Lord and Savior at an early age and was a man of great faith. He was a member of Anderson First Church of the Nazarene where he enjoyed attending the New Life Sunday School Class.

He graduated from Pendleton Heights High School in 1976, and later from Indiana University and Ohio Northern School of Law. With his love of history, he also graduated from Ball State University with a Master's Degree in History.

John was an attorney in Anderson for 30 years. He previously served on the Indiana State Pharmacy Board, Paramount Theatre Board and the Salvation Army Board.

He had a great interest in the Civil War, traveling to Gettysburg numerous times with his friend, the late Keith Schimmel. John was an avid IU fan and visited the Bloomington campus annually with his friend, Jeff Morehead.

He also loved ballroom dancing with his dance family including, John & Lea Ann Sandlin, Tim & Coleen Rector, Jeff & Cindy Garretson and many, many others. His favorite DJ was Buddy Patterson and his favorite musicians were The Blue Notes, Jack & Rusty Welker. The highlight of his year was always attending the New Year's Eve dance with friends.

John was a loving husband, father and "PaPa" to Myla and Greta who never failed to bring a smile to his face. He will be remembered as an honest man with a kind and gentle spirit. As a man with great integrity, his advice to his family was to "always take the high road."

He is survived by his wife, Margie (Carr) Wilson; daughters, Natalie Raper, Valerie (Josh) Howard and Hilary Raper; grandchildren, Myla Howard and Greta Howard; siblings, Beverly Wilson, Debbie Wilson and David (Wendy) Wilson; niece, Grace Wilson, and nephew, Gregory John Wilson, his namesake; mother-in-law, Aline Carr; brother-in-law, Dan (Vicky) Carr; nieces, Rebecca (Stephen) Dervan, Rachel (Josh) Ortegon, nephew, Ryan Carr; sister-in-law, Pam (Roger) McKinney; niece, Kelly McKinney; nephew, Matthew (Chelsea) McKinney; and finally his mother-in-law by choice, Evelyn Raper. John was preceded in death and now joyfully reunited with his parents, his baby girl, Rebecca Ann Wilson; and his beloved nephew, Grant Wilson.

John fought a hard battle with ALS. He will be missed dearly but lovingly remembered by his family and friends.

A homegoing service celebrating John's life will be Saturday, May 18, at 10 a.m., at First Church of the Nazarene, 2324 Jackson Street, Anderson, with the Rev. Gary Cable officiating. Burial will follow in East Maplewood Cemetery.

A visitation will be held on Friday, May 17, from 4 to 8pm at Brown-Butz-Diedring Funeral Service & Crematory, 515 East 53rd Street, Anderson. Memorial gifts may be made to the ALS Association or Anderson First Church of the Nazarene.

Dean Soltis has been in his position with Butler for three (3) years. He and his wife are both Butler Alumni.

He explained that Butler has a mentoring program to help students plan ahead. Currently the job market has around 92-93% placement, which has gone down from the 98-99% placement a few years ago.

There currently is a national decline in enrollment in pharmacy programs and they are working on changing this.

He also talked a little bit about an IBJ article titled "Butler pharmacists develop tool to guide insurers on drug formularies".

The Board thanked him for the information.

Participating Members: Donna Wall, R.Ph., Steve Anderson, R.Ph., Mark Smosna, R.Ph., Del Fanning, R.Ph., Winnie Landis, R.Ph.

Mr. Stoldt and Ms. Gillespie both appeared before the Board in September 2018 regarding this issue.

Pharmacist Administration of Penicillin Skin Testing Protocol – St. Joseph Health System:

Participating Members: Donna Wall, R.Ph., Del Fanning, R.Ph., Mark Smosna, R.Ph., Winnie Landis, R.Ph., Steve Anderson, R.Ph., Matt Balla, R.Ph.

Joseph Stoldt, Pharmacist Resident and Jason Jablonski, Pharmacy Director St. Joseph Health System appeared.

They are requesting approval from the Board for a Pharmacist to be able to do skin testing. The pharmacist would be trained and must do a re-training each year to keep their certification up.

Their question to the Board is can a Pharmacist do diagnostic testing? They indicated a Physician will actually order the skin test.

Only hospital inpatients will be tested who have been consulted to the PST/CST team and who have reported penicillin or cephalosporin allergy and a beta-lactam is preferred for the infectious process currently requiring treatment. They must meet the inclusion/exclusion criteria.

They do have a CLIA waiver; and protocol by the institution.

The Board thanked them for their presentation and requested they keep them updated.

They are here today to give the Board an update on what they found. The allergy testing

program was fully up and operational on January 1, 2019.

The have tested fifty-five (55) individuals so far. Of these, one (1) individual had a positive skin test and four (4) were indeterminate tests. The test results are comparative to what is seen in the literature were over 90% of tested individuals have a negative skin test. The average age of individuals tested was 55 years old. All those who had a negative skin test were able to safely receive a penicillin type antibiotic without incident.

The positive skin tests was identified during the scratch test. No systemic or anaphylactic reactions occurred. Positive reaction symptoms included pruritis (itchiness) and erythema (redness) localized at the testing site. The reaction subsided quickly.

A positive cost savings was calculated for the allergy testing program at Saint Joseph Hospital. This cost savings was assessed through a reduction in drug expenditure. Investigators compared cost of therapy patient was on compared to de-escalation to penicillin, cephalosporin, or nothing depending on an individual's specific case. It was assumed if seven (7) patients were tested per week this would equate to a cost savings of \$153,806. This cost savings was reduced when subtracting pharmacist time to \$62,806. However, assuming the allergy testing would help reduce Cdiff rates at the hospital (one per quarter), the cost savings increases to \$182,806 – \$230,806.

The Board thanked them for the update.

DISCUSSION

INSPECT:

- **INSPECT Training and Education**
 - IVMA sponsored Veterinarian training on May 15th
 - Practitioner Diversion Awareness Conference (PDAC) conference on July 22nd and 23rd

- **Data Integrity**
 - We have identified a large number of dispensations reported to INSPECT from chain pharmacies that are missing the prescriber name. The reason for this is that the pharmacies are reporting the facility DEA, instead of the prescriber's personal DEA. An accurate NPI is being reported, so the INSPECT team will be able to find each prescriber's name and update those records. We have contacted the corporate offices and will be working with them to clean-up the pharmacy system's data.

- **DEA Scam Calls**
 - Practitioners are reporting calls from individuals claiming to be DEA. We are sending out a notice to registered INSPECT users that anyone receiving a telephone call from a person purporting to be a DEA special agent or other law enforcement official seeking money or personal information should refuse the demand and report the threat. We will be providing a link to an online form and a phone number that can be used to report these incidents.

- **Funding**
 - INSPECT will meet this Friday, June 14th with the IPLA Executive Director to review the SUPPORT Act funding application. We have been working with Nebraska's PDMP Administrator and FSSA to develop an application, which we plan to submit within two weeks.
