FULL BOARD APPEARANCES

Jim Davidson, PharmD, MBA, Pharmacy Director, MHS – Opioid Discussion:

Participating Members: Donna Wall, R.Ph., Winnie Landis, R.Ph., Mark Smosna, R.Ph., Steve Anderson, R.Ph., Matt Balla, R.Ph.

Mr. Davidson submitted the following to the Board and was present to discuss the Opioid issues.

He is the Pharmacy Director for MHS, a Managed Care Company who manages the health benefits of many Indiana Medicaid, Insurance Marketplace and Medicare lives. They are concerned with the number of their members who receive opioids, and the amount and dosages of opioids that their members are prescribed. In response to this, they have developed a comprehensive approach to manage opioids within their health plan. These activities include the development of member educational materials designed to explain the risk of opioid medications, provider communications reinforcing the CDC warnings of chronic opioid use, the development of pharmacy utilization edits to limit the amount of opioids members new to opioid treatment can receive, and broader access to medications and treatments for opioid use disorder. They plan to implement utilization edits targeting maximum opioid doses in the very near future. While these efforts have been successful and help lead their members to better health outcomes, there is still a major stumbling block that we continue to run into. Pharmacists are overriding rejected prescription claims and allowing their patients to pay cash or use discount cards for their opioid medications.

The utilization edits and prior authorization guidelines that we place are designed to limit our members to a medically necessary amount of medication defined by evidenced based guidelines. They only work when the prescriber, health plan and pharmacy partner together to help achieve optimal health outcomes. Retail pharmacists play a key role in the clinical outcomes of our members, their patients. When a prescription does not go through the claim system because of a clinical edit, it should give pause to the pharmacist to consider whether the prescription is medically necessary. Ideally this should prompt a pharmacist to engage their patient and the prescriber into a discussion. He knows that ultimately it is the decision of the prescriber for care of their patient, but all too often prescribers don't have all the facts, or fail to check the Inspect report, or confer with the patient's other prescribers. Pharmacists have always been the gatekeeper to medications and are the last safety check in the process. Pharmacists need to invest the time for appropriate patient care and not turn opioid prescriptions into

just a transactional activity. This adds to the already busy workflow that pharmacists have to work through daily, but it is at the very core of why pharmacists are needed as part of the health care team.

He is questioning if there should be discussion on how to limit the cash payment for opioid prescriptions when the claim is denied for clinical reasons. Perhaps a good addition to the process could be a mandatory documentation of the steps a pharmacist took to assess the safety and clinical appropriateness in cases when the prescription claim is denied for clinical reasons or when the dose is above a high dose threshold such as 60 morphine equivalence. He feels that documenting the clinical rationale is in the best interest of the pharmacist making the decision to continue to process the prescription. If the pharmacy is audited, or the member has an adverse reaction, this documentation could serve the pharmacist well.

Prior authorization guidelines and claim utilization limits are not always perfect, and they can sometimes add a level of frustration to the process when they cause delays. The edits and limits we have in place are designed to provide a better outcome for our members. He indicated they have worked to make our edits consistent as we can across all of Indiana Medicaid programs to help reduce the confusion and help our prescribers understand and adopt the guidelines. The state of Indiana and MHS have spent a lot of resources working to reduce the opioid epidemic in our state and therefore reduce the risk of negative health outcomes for our members. He is asking for a continued partnership with our pharmacists to help end the opioid epidemic.

The Board thanked him for his presentation.

John Hertig, PharmD, MS, CPPS, Board Director of ASOP Global, Associate Director at Pharmacy University College of Pharmacy, Center for Medication Safety Advancement – Drug Counterfeiting:

Participating Members: Donna Wall, R.Ph., Winnie Landis, R.Ph., Mark Smosna, R.Ph., Steve Anderson, R.Ph., Matt Balla, R.Ph., John Wilson, J.D.

Mr. Hertig presented the following regarding counterfeiting drugs:

- There are 35,000 to 45,000 Illegal on-line pharmacies – why is this a problem: There are hidden poisons in counterfeit medications – there are a lot of shady ingredients that go into counterfeit medications that consumers can be exposed to by buying directly from unlicensed drug sellers on the internet. Some metals and poisons found are: mercury, lead, aluminum, PCB's rat poison, boric acid...
- Every day, approximately 20 new illegal online pharmacy websites go live globally
- 97% of online drug sellers operate illegally
- 3,300 sites sell controlled substances like opioids, often without a prescription
- In searching online for prescription opioids across the three major search engines, nearly 91% of the first search results led users to an illegal online drug seller offering prescription opioids

- Common violations by illegal drug sellers includes
 - Selling falsified, adulterated and unapproved medications;
 - Selling prescription medications without a prescription; and
 - Operating with no pharmacy license.
- Online drug sellers can make between \$1 – 2.5 million in sales each month. Counterfeiters make 10x more profit than that of illicit drug traders
- Spotting a fake online Pharmacy:
 - Is the online pharmacy in compliance with the laws in both the country of origin and the country of destination;
 - Approved Medicines;
 - Licenses in Jurisdictions of Business
- Does it require a valid prescription for prescription medication:
 - No “form-only” medical consultations;
 - no waivers;
 - real doctor/patient relationships
- The National Association of Boards of Pharmacy:
 - Nonprofit, international, impartial professional organization that supports its member boards of pharmacy in protecting the public health
 - Has been certifying US-based internet pharmacy sites since 1999
 - Acquired the “.pharmacy” TLD in 2014 to create a safe online environment for internet pharmacy transactions, health products and health information
 - Public health protection – foundation for all NABP programs and services
- ASOP Global Hoosier Survey – Methodology and Demographics:
 - ASOP Global partnered with Baseline, a national-recognized polling firm, to conduct a consumer survey over five days in May 2017.
 - Margin of error: (+/-) 4%
 - 33% online panel; 37% landline phone; 30% mobile phone
 - 500 interviews (48% male / 52% female)
 - Age distribution, race/ethnicity and partisanship representative of Indiana voters
 - Respondent ages reflect national averages
 - 76% of participants or a member of their household are currently taking a prescription medication
- Key Consumer Behavior Findings:
 - 1/3 of the respondents had purchased from an online pharmacy for themselves or someone under their care
 - Adults over the age of 55 were most likely to have purchased from an online pharmacy
 - Lower household income correlates with willingness to accept higher rises of online pharmacy use
 - 72% of daily social media users would consider purchasing medications online compared to 75% of non-social media users who would not consider using an online pharmacy
- What Medications would/have Consumers purchased online:
 - 42% have bought or would consider buying chronic disease medicines online, such as blood pressure or high cholesterol

- 21% have bought or would consider buying specialty medications online, such as chemotherapies or hormone replacement therapy
- 17% of consumers have considered buying chronic pain medications online
- Less than 5% of consumers are aware of tools available to help them find the safe online pharmacies
- Top Takeaways:
 - 55% of Hoosiers have or would buy online, yet less than 5% know how to do so safely.
 - Educated consumers take less risks
 - More education is needed – to healthcare providers and consumers/employees

Andy VanZee, PV Indiana Hospital Association – INSPECT Collaboration:

Participating Members: Donna Wall, R.Ph., Winnie Landis, R.Ph., Mark Smosna, R.Ph., Steve Anderson, R.Ph., Matt Balla, R.Ph., John Wilson, J.D.

Mr. VanZee is requesting de-identified information from INSPECT for a discharge study.

At this time they do not have an IRB. The Board requested they obtain an IRB and return for the presentation once they have it.

David Kiser, Bs, PharmD, FCP, Professor and Director of Pharmacogenomics Education, Manchester University – Masters of Pharmacogenomics:

Participating Members: Donna Wall, R.Ph., Winnie Landis, R.Ph., Mark Smosna, R.Ph., Steve Anderson, R.Ph., Matt Balla, R.Ph., John Wilson, J.D.

Mr. Kiser appeared to discuss the new Masters of Pharmacogenomics program at Manchester University.

Student Pharmacists

- First required by ACPE – July 2016
 - Genetic basis for disease and individual differences in metabolizing enzymes, transporters, and other biochemical impacting drug disposition and action that underpin the practice of personalized medicine
 - Emphasis on patient safety, clinical efficacy, pharmacogenomics and pharmaco-economic considerations, and treatment of patients across the lifespan.
- PGY2 Residencies
 - Limited number of slots nationwide
- Dual Degree Program (Manchester 2018)

Pharmacy Education in Pharmacogenomics: Manchester University Pharmacists

- First Certification Program
 - April/May 2015 Manchester University at Ft Wayne

- Repeated August/September 2015 at Indianapolis
- Planned October 2018 at Ft Wayne
- University of Pittsburgh, University of Colorado, University of Florida, others
- First Online – Manchester University/RxGenomix.APhA

Dual Degree Program

- Summer 2018 P1 – P2 – 10 students
- Summer P2 – P3
- At least one PGx APPE rotation
- Graduate in the same time period as their pharmacy colleagues

The Board thanked him for his presentation.

IU Health Ball Memorial Hospital d/b/a Pavilion Community Pharmacy, Max Barnhart, R.Ph., M.B.A., Administrative Director BMH – Remote Dispensing Facility:

Participating Members: Donna Wall, R.Ph., Winnie Landis, R.Ph., Mark Smosna, R.Ph., Steve Anderson, R.Ph., Matt Balla, R.Ph., John Wilson, J.D.

Let the record reflect that Donna Wall recused herself from this matter and left the room.

Dr. Deidre Dorman also appeared with Mr. Barnhart regarding this matter.

The Ball State University Health center would like to have a remote dispensing facility to assist students to obtain their medication that don't have transportation unless they walk or take the city bus to the actual pharmacy, which is approximately one (1) mile away.

They are requesting a public health exemption, since the law states it must be at least 10 miles from the closest pharmacy.

After discussion, the Board moved to APPROVE the Remote Dispensing Facility application.

Wilson/Landis, 2/3/0, with Mr.'s Smosna, Balla & Anderson opposed
Motion fails

The following board members voted aye:
Winnie Landis, Mark Smosna, John Wilson, Steve Anderson, Matt Balla
The following board members voted nay: none
The following board members abstained: none

IU Health Integrated Service Center – WDD Application requesting Provisional License:

Participating Members: Donna Wall, R.Ph., Winnie Landis, R.Ph., Mark Smosna, R.Ph., Steve Anderson, R.Ph., Matt Balla, R.Ph., John Wilson, J.D.

Let the record reflect that Donna Wall recused herself from this matter and left the room.

Jennifer Alvey, Executive Director with Supply Chain and Derrick Williams, Executive Director with Integrative Services Center appeared on behalf of this matter.

Ms. Alvey explained that they have submitted their application for the VAWD accreditation but are still getting together the final policies and procedures to send to them.

After discussion, the Board moved to APPROVE the WDD Provisional License for IU Health Integrated Service Center.

Anderson/Balla, 5/0/0
Motion carries

The following board members voted aye:

Winnie Landis, Mark Smosna, John Wilson, Steve Anderson, Matt Balla

PROBATIONARY APPEARANCES

Participating Members: Donna Wall, R.Ph., Del Fanning, R.Ph., Winnie Landis, R.Ph.,
Mark Smosna, R.Ph., Steve Anderson, R.Ph., Matt Balla, R.Ph., John Wilson, J.D.

The following made their probationary appearance:

Estil Caton
Phillip Simpson
Ryan Manges
Robert Richey

Ms. Nunnally reported that Kathryn Bearss did not appear for her scheduled probationary appearance and she will reach out to her and reschedule for next month.

PERSONAL APPEARANCES

The following did not appear for their scheduled personal appearances and will be rescheduled:

- Michael McRoy – 67021501A Renewal
- Damon Williams – Tech in Training App
- Corey Powers – Technician App
- Jessica Olds – Tech in Training App
- Courtney Salas – Tech in Training App
- Shawnita Harvey – 67023630A Reinstatement Renewal
- Breanna Ferrell – 67030668A Renewal
- Patricia Ebraheme – Tech in Training App

Hassan Muhammad – Pharmacist MPJE Repeat App:

Mr. Muhammad appeared before the Board and discussed his studying habits with the Board.

After discussion, the Board moved to APPROVE Mr. Muhammad's request to retake the MPJE.

Wall/Smosna, 6/0/0
Motion carried

The following board members voted aye:

Donna Wall, Winnie Landis, Mark Smosna, John Wilson, Steve Anderson, Matt Balla

The following board members voted nay: none

The following board members abstained: none

Dennis Rorick, R.Ph. – 26012723A Pharmacist Renewal App:

Mr. Rorick appeared before the Board regarding a positive response on his renewal application and was not represented by counsel.

In February 2018 he received a DUI. His assessment indicated a low probability of substance abuse probability.

He must complete seventy-two (72) hours of community service, he has completed fifty (50) at this time.

His BAC was 0.2. He has never had any other DUI's and he no longer drinks alcohol.

He has completed his CEU's for his license renewal

After discussion, the Board moved to TABLE Mr. Rorick's license renewal application until the October Board meeting. The Board indicated they will review the documentation once he has completed his court probation and then will determine if he must reappear in October.

Daniel Rex, R.Ph. – 26025881A Pharmacist Renewal App:

Mr. Rex appeared before the Board regarding a positive response on his renewal application and was not represented by counsel.

On January 22, 2018 Mr. Rex failed a drug test at work. His employer requested the test after he returned from lunch with the smell of alcohol on his breath.

He is currently in the Ohio PRO program (sister program to our PRN program). He completed an IOP and completed twelve (12) weeks of aftercare.

In the Ohio program he is required to attend three (3) AA meetings per week; have a Sponsor; has three (3) random UDS a month.

He is also under close surveillance at work. He works both in Ohio and Indiana.

After discussion, the Board moved to APPROVE Mr. Rex's license renewal pending the receipt of a signed PRN contract.

Gianna Graham, Ph.T. – 67030515A Technician Renewal App:

Ms. Graham appeared before the Board regarding documentation received by the Board and was not represented by counsel.

The Board received documentation from Ms. Graham's employer that she had been terminated for diversion. Ms. Graham did not report this incident on her renewal application.

She admitted to the Board that she diverted the following from her employer CVS:

- Two (2) tramadol tablets
- Two (2) Oxycodone tablets
- Two (2) Hydrocodone tablets
- Two (2) other pills that she couldn't name

She indicated her current employer does not know about this incident.

The court is holding off on filing criminal charges as they gave her the option to join a branch of the military. She has signed up to enlist into the Navy and leaves in September for basic training.

Once she has completed her basic training the court will drop the charges.

After discussion, the Board moved to TABLE her renewal application and requested she obtain an addictionology evaluation and return with it to the September Board meeting. They also requested that she obtain a letter from her current employer stating that they are aware of her situation and to send the letter to the Board within ten (10) days from today.

Nicholas Williams – Pharmacist Examination App:

Mr. Williams appeared before the Board regarding a positive response on his application and was not represented by counsel.

Please let the record reflect that Steve Anderson recused himself from this matter and left the room.

Mr. Williams reported the following incidents that all involved alcohol:

- September 2009 – DUI and Underage consumption – charges dropped
- March 2010 – Underage consumption – completed 1 year probation
- March 2011 – Underage consumption – issued a \$500 fine
- June 2011 – DUI and Underage consumption – 1 year probation
- October 2011 – Public intoxication & underage drinking – 1 year probation
- November 2012 – DUI – 3 years probation

He obtained an addictionology evaluation which indicated no treatment necessary.

After discussion, the Board moved to APPROVE Mr. Williams's examination application.

Dennisha Hicks – Technician App:

Ms. Hicks appeared before the Board regarding a positive response on her technician application and was not represented by counsel.

Ms Hicks has had five (5) arrests from 2007 to 2013.

2007 – She borrowed a friend's car and was arrested as the license plates had been reported stolen. The friend denied it was his car. Also in 2007 she was ticketed for driving while suspended.

2008 – She was arrested for drinking and fighting at a bar. She indicated she doesn't really remember what happened as it was so long ago.

2010 – She was arrested for possession of Marijuana. She had a rental car in which she allowed a friend to use, when she took the rental car back they found Marijuana in the car and reported it to the Police. She was then arrested for possession of Marijuana.

2012 – She was arrested for invasion of privacy and battery. She was fighting with her ex's girlfriend. She received one (1) year probation and completed an anger management class.

2013 – She was arrested for Intimidation. She got into a fight over a married man. A no-contact order was issued and after six (6) months the case was dropped.

She then moved to Iowa and worked in Iowa as a technician. She hasn't gotten into any trouble since 2013. Her technician license in Iowa is active.

After discussion, the Board moved to APPROVE Ms. Hicks' technician application.
