Dylan appeared before the board to discuss his nondisclosure on his initial application. He was charged with possession and paraphilia. He was placed on unsupervised probation for one year, along with fines and community service. When he applied, he was under the impression that his case would be sealed and expunged, not knowing that he had to request for it to be expunged and sealed. His employer has been working with him during this application process. He has had no further incidences since.

## **B. Current Renewal**

The renewal has started and 89 athletic trainers have renewed their license. Discussion about moving the February meeting to January, due to positive responses on the renewals. A determination was to keep the next meeting, as scheduled, in February with the understanding any positive response renewals would be reviewed promptly.

## **C. BOC Press Release**

Larry discussed the current status of the Mutual Recognition Agreement (MRA) between the BOC and the Canadian/Irish athletic therapy associations. Canada has withdrawn early from the current agreement since their national requirement was not being met. The MRA is being renegotiated for renewal and Canada is a part of that discussion. A group from the UK may also be joining the MRA as part of the new agreement. It has a minimal effect on Indiana but is relevant as the Board may see applicants from these countries apply for licensure in Indiana.
