The notice must inform the holder of the license or certificate of the need to renew and the requirement of payment of the renewal fee. If this notice of expiration is not sent by the agency, the holder of the license or certificate is not subject to a sanction for failure to renew if, once notice is received from the agency, the license or certificate is renewed within forty-five (45) days after receipt of the notice.

This subsection does not require the agency to issue a renewal license or certificate to an applicant if subsection (g) applies.

(g) The agency may delay issuing a license renewal for up to ninety (90) days after the renewal date for the purpose of permitting the board to investigate information received by the agency that the applicant for renewal may have committed an act for which the applicant may be disciplined. If the agency delays issuing a license renewal, the agency shall notify the applicant that the applicant is being investigated. Except as provided in subsection (h), before the end of the ninety (90) day period, the board shall do one (1) of the following:

Upon completion of the investigation, the office of the attorney general may file a petition alleging that the applicant has engaged in activity described in IC 25-1-9-4. If the office of the attorney general files a petition, the board shall set the matter for a hearing. If, after the hearing, the board finds the practitioner violated IC 25-1-9-4, the board may impose sanctions under IC 25-1-9-9. The board may delay issuing the renewal beyond the ninety (90) days after the renewal date until a final determination is made by the board. (j) The license of the applicant for a license renewal remains valid during the ninety (90) day period unless the license renewal is denied following a personal appearance by the applicant before the board before the end of the ninety (90) day period. If the ninety (90) day period expires without action by the board, the license shall be automatically renewed at the end of the ninety (90) day period.

(k) Notwithstanding any other statute, the agency may stagger license or certificate renewal cycles. However, if a renewal cycle for a specific board or committee is changed, the agency must obtain the approval of the affected board or committee.

(l) An application for a license, certificate, registration, or permit is abandoned without an action of the board, if the applicant does not complete the requirements to complete the application within one (1) year after the date on which the application was filed. However, the board may, for good cause shown, extend the validity of the application for additional thirty (30) day periods. An application submitted after the abandonment of an application is considered a new application.

Teaching shall include time spent in preparation, in meeting with students, and in related activities. Teaching of mental health counseling shall not count for more than seventy percent (70%) of the number of active practice hours claimed by the applicant.
