A brief discussion took place and the end result is that the ISNAP program will send the Needs Assistance Fund application to all new participants as part of their orientation packet.

V. EDUCATION

A. Indiana State University- Request for change in credit hours and courses (Lea Hall)

Staff appeared from ISU. They are proposing to decrease total their total credit hours from 126 to 120 hours to follow baccalaureate trends. They indicated they do not want to disturb nursing courses or foundational courses and have identified content which can be covered elsewhere. They proposed removal of Sociology 101 and Statistics. Sociology would be incorporated into other courses and they have created a new research course including Statistics when reviewing research studies. The accelerated track BSN will also remove these courses as well to stay in conjunction with traditional track. The Board members expressed concerns about removing a statistics class as most masters degree admission programs will look specifically for a rigorous statistics program. A motion was made and seconded to table this issue until August. McIntosh/Laux 8-0-0, motion carries

They are also requesting a change in the LPN to BS curriculum. Two mental health courses would be consolidated into one 4 hour mental health course. In addition, they are seeking approval to add a 2 credit hour course in the final semester to prepare for the NCLEX exam. Ms. Hall asked how students are doing now on the NCLEX. Staff indicated that of the students who have taken the NCLEX prep

course on the accelerated track; all 15 students passed NCLEX on first attempt. A motion was made and seconded to approve the request. McIntosh/Laux 8-0-0, motion carries

B. FYI Only: Kaplan College, Indianapolis, Jody Richardson, RN, MSN named interim director of PN nursing program effective 7/5/13 replacing Jill Buchholz.

C. Marion Community School System-Tucker Vocational Program Center LPN Program- Monthly progress report and Notice of Intent to close program (Susan Chastain)

Susan Chastain appeared on behalf Marion Community School System. The Superintendent, Director of Tucker Vocational Program and Director of the Nursing program were not present. The Marion Community School System's Board has decided to close the LPN program. The program will close when the current class graduates in September 2013. Ms. Chastain reports that they have had one staff member leave but they are looking to replace that person and additional staff picked up the slack. Ms. Chastain does not know the specific date in September when students will graduate. Ms. McIntosh indicated last month that the Board shared their frustrations because reports were late, requirements were not being met, etc. and today the staff at Tucker and the school system is not present. Ms. Chastain indicates this may be a mistake on her part as they have had a change in superintendent since the June board meeting. Ms. McIntosh indicates she finds it very disrespectful that the staff has not appeared today. The Board requests a closure date within 72 hours of today's date. Ms. Chastain indicates no disrespect is intended but they have not been through this process before. Students would not need to be transferred because they will all graduate as evidenced by their current grades and progression. Mr. Burghduff asked about articulation of credits and Ms. Chastain did not know the answer. Ms. Hall asked about remediation for students that may not pass NCLEX and Ms. Chastain does not know the answer. Ms. McIntosh indicated they will table the issue until August so that Ms. Chastain may inform the client of these questions and the importance of them being here in August. Ms. Chastain was made aware that the Board meeting date is August 15th. Ms. Narwold asked, should a student be unsuccessful and not complete in September, what is the plan to let that student complete. Ms. Chastain did not know the answer. Ms. Cooper asked for an accounting of any student who is a part of the nursing program but is not actively enrolled at this time. Ms. Chastain did not know the answer. The Board wants to know where any potentially enrolled student is and how that will be addressed. Ms. Narwold asked how many students are in the program right now and Ms. Chastain indicated about 40. Ms. McIntosh also indicated they need to look and see if past alumni did not pass the NCLEX and need a refresher or guidance on how to pass the NCLEX what do they do with those students. Ms. Chastain was not aware of a plan in place for this at this time. Ms. Narwold indicated there is a comment in the current report re: recordkeeping and an error regarding the regulations as the nursing regulations clearly the amount of time for recordkeeping as 60 years after closure. The plan submitted indicates 75 years but the report itself is wrong. A motion was made and seconded for the program to submit responses to these questions no later than August 9th. The superintendent, director of Tucker, and nursing program direct must appear at the August 15, 2013 board meeting. McIntosh/Burghduff 8-0-0, motion carries
