- VII. INDIANA STATE NURSES ASSISTANCE PROGRAM**
Darrell Davis, Case Manager, presented ISNAP's monthly report to the Board. He addressed the students as to what ISNAP is.
- V. EDUCATION**
A. Ivy Tech Community College LPN-ASN transition track request for credit change (Dr. Laurie Peters)
Dr. Laurie Peters appeared on behalf of the program. Board member Kim Cooper recused herself from the discussion. Ivy Tech has revised the policy to now award verified credit for NRS 106 Nursing Pharmacology (versus reviewing separately) as part of the overall course credits awarded to students who have successfully

completed NRS 122 and/or NRS 125. They believe this is consistent with best practice standards and fully recognizes the experience and PN licensure of LPN to ASN Transition Program applicants. The proposed change has no impact on the program admission policies. The Board having no questions, Board member Owens made a motion to accept the curriculum change and Board member Rock seconded. Motion carries 5-0-0 (Russell absent).

B. University of Indianapolis Request to establish accelerated BSN program (Norma Hall DNP, MSN, RN)

Dr. Norma Hall and Dr. Kathy Hetzler appeared on behalf of the program. The program is requesting approval for a curriculum change which would accommodate students who apply with 6 hours or more of dual/advanced placement credits and also meet the foreign language and math requirements for admission. After completion of the first four (4) semesters with traditional entry nursing students, they would join the current second degree program students, who have previously earned baccalaureate degree credentials in disciplines other than nursing. Beginning Semester II of year II, these "new" accelerated students would enroll in the accelerated courses with second degree option students and attend summer semesters in Years II and III. These "new" accelerated (non-second degree) students are not allowed to switch to the traditional BSN track once they have matriculated to the accelerated courses. This would not change the 120 credit hours currently required to graduate from the BSN program.

Board member Hall stated that she felt that this more along the lines of a request for an additional program track rather than a curriculum revision request. Board member Cooper agreed with Ms. Hall. Both Board members felt that a new program proposal should be submitted which includes the required market analysis, resources available to support the program and the documented need for the program. The program may return before the Board to request approval to open a new program once that documentation has been submitted. Ms. Hall made the motion to deny the request for curriculum revision and Ms. Cooper seconded. Motion carries 5-0-0. (Russell absent) The program was urged to submit the new program application and to return.

C. Vincennes University PN and ASN request for curriculum change (Micah Morgan RN, DNP)

Dr. Morgan appeared on behalf of the program along with Dr. Vieck, Ms. Hildenbrand, Gardener and Halter. Ms. Cooper complimented the program on their request for PN and ASN curriculum revision submission packet in the thoroughness and the amount of detail provided. The Board, having previously reviewed the information, had no questions. Ms. Cooper made the motion to approve the request for curriculum revision and Ms. Rock seconded. Motion carries 6-0-0 (Russell absent).

D. VR Ashwood monthly written and quarterly in person report (Dr. Nellie Smith EdD, RN)

Dr. Nellie Smith appeared on behalf of the program. Dr. Smith stated that the program will close by June 2017. Dr. Smith asked the Board for guidance regarding the 7 outliers who have completed the program but have not tested above 60 % in remediation. Ms. Cooper stated that once the students have completed the program requirements, they should receive their Certificate of Completion and be allowed to test. Dr. Smith stated that some graduates had outstanding financial obligations to the school and Ms. Hall recommended investigating other solutions for satisfying their outstanding financial issues, rather than retaining their Certificates of Completion. Dr. Smith stated the nine (9) current students in the program are progressing satisfactorily and are on schedule to finish in June 2017. Ms. Cooper asked about the option for students who may fall out of progression before closure of the program and Dr. Smith indicated that she would continue to work with them until they were complete. Ms. Hall asked that formal notification about program closure details be submitted to the Board. Ms. Hall moved to accept the report and Ms. Presley seconded. Motion carries 7-0-0.

E. Brown Mackie South Bend monthly written and quarterly in person report (Ellen Noll MSN, RN)

Board member Hall recused herself based on conflict of interest due to her employment by Brown Mackie College. Ms. Cooper led the discussion. Ms. Ellen Noll appeared on behalf of the program along with Ms. Darla Silverman. Ms. Noll was asked about the number of students currently in the cohort scheduled to graduate in September 2017 when the program closes. She stated that there are three (3) as of this date. As each cohort completes, the number of faculty are being decreased. If a student does not progress adequately

for on time completion, there are no other Brown Mackie program options available. There are a few other PN programs available in the area which could be approached for possible program completion options. Ms. Owens moved to accept the report as submitted and Ms. Presley seconded. Motion carries 6-0-0.

F. Fortis College monthly written and quarterly in person report (Cinnamon Bell-Williams MSN, RN)

Board member Hall recused herself at the request of the program and Ms. Cooper led the discussion. Ms. Cinnamon Bell-Williams and Dr. James Cox appeared on behalf of the program. Ms. Owens complimented Fortis on the success of the NCLEX success efforts that have been initiated by the program. The program was also recognized for their success in adding additional quality clinical sites in use for student experiences. Ms. Cooper asked if the new sites were within a reasonable distance and was assured that they were. MS. Bell-Williams stated that a new clinical coordinator has been hired and that all positions are currently filled. Ms. Owens motioned to accept the report as submitted and Ms. Presley seconded. Motion carries 6-0-0.

VI. DISCUSSION

A. Adoption of Military Spouse Rule

A motion was made and seconded to adopt this rule. Hall/Rock, 6-0-0, motion carries.

VIII. BOARD DIRECTOR REPORT
