Message from the Executive Director

Sean Gorman, Director of the Indiana State Board of Nursing

Dear Indiana Nursing Professional:

I hope this issue of Nursing Focus finds you well as we continue through 2009 – this year has certainly seemed to speed by so far! In preparing for this issue, I thought long and hard about what kind of information nursing professionals might find interesting about the business of licensing nurses.

Every now and then I am invited to speak at a nursing program’s ethics course to share information about the Board with students preparing to come into the profession. These presentations are something I enjoy, as the opportunity to interact with future licensees allows me to address questions before they arise. My experiences talking with students served as the inspiration for the two major pieces in this issue of Nursing Focus:

First, I think it might be helpful and interesting for you all to learn how our Nursing board is structured and how we conduct the business of licensing, setting standards, and disciplining licensed individuals. Most of you will only think about the board’s role in the profession once every two years as you submit your renewal application and pay that license renewal fee, so it might be interesting for you to learn a little bit more about the regulation of your profession in the State of Indiana.

Second, it’s been a long-standing desire to offer up some answers to frequently asked questions. These questions come both from inquiries presented by new licensees as well as from nurses in the profession for 20 or 30 years. The FAQs presented in this issue of Nursing Focus are not an exhaustive list by any means; you can check our website at www.in.gov/pla/nursing.htm for additional, up-to-date information.

I hope that you find the info we pass along useful. If you have further questions about licensure in Indiana, or if we can be of any assistance in regards to your practice as a nurse professional, please feel free to contact the Indiana State Board of Nursing at pla2@pla.in.gov or 317 234-2043.

Yours truly,

Sean Gorman
Director, Indiana State Board of Nursing

Nursing Board Members

The Indiana State Board of Nursing is the governor-appointed body devoted to advancing and safeguarding the nursing profession in the state of Indiana. Their main duties involve setting standards and accrediting nurse education programs preparing individuals for licensure, licensing individuals prepared and competent to practice nursing, and disciplining licensees found to have violated nursing regulations.

The Board meets on the third Thursday of each month in the auditorium of the Indiana Government Center South, in Indianapolis, Indiana. Board members conduct business that includes discussing issues of interest to the nursing profession, reviewing applications for licensure, reviewing accreditation requests made by nurse education programs, and conducting disciplinary hearings. The monthly meetings begin at 8:30 a.m. local time and are always open to the public; all interested individuals are encouraged to attend.

2009 Indiana State Board of Nursing Members

Kindred Healthcare was named a #1 Most Admired Company by Fortune magazine. Come experience the difference.

Kindred Hospitals are specially equipped to provide medically complex, long-term acute and respiratory care in a multidisciplinary environment. Our patient population includes those who may be ventilator-and/or medically-dependent because of neurological disorders, cardiopulmonary diseases and infectious diseases. Here you can advance your skills as you deliver responsive daily care, while also building positive lasting relationships with patients and their families.

OPEN HOUSE
Tuesday, October 20th
9am - 6pm
Attend the open house at either of our two locations:
Kindred Hospital - Indianapolis
1700 West 10th Street
Indianapolis, IN 46222
Kindred Hospital - Indianapolis South
607 Greenwood Springs Drive
Greenwood, IN 46143

• Nursing Case Manager • Critical Care Nursing Supervisor
• ICU RNs • Telemetry RNs
• Clinical Liaison - Hospital Sales and Marketing Specialist

When you join the compassionate team of professionals at Kindred Hospitals, you’ll be challenged by the high level of acuity and richly rewarded in return! You’ll find ongoing training and support, competitive benefits and salary, plus all of the career advancement opportunities that come with being employed by one of the nation’s largest healthcare companies!

RSVP to Angela Baumgart at 773-951-5827.

EOE
The Indiana State Board of Nursing is comprised of nine governor appointed Board members. There are two LPNs, six RNs, and one consumer member who is otherwise not affiliated with the nursing profession in any way. Our Board Members include faculty from nursing programs, a clinical nurse specialist with prescriptive authorization, and a CRNA. The third Thursday of every month, they take time out of their busy schedules to come to Indianapolis from practices throughout the state. Agendas for upcoming meetings are available approximately one week prior and are posted on the Board’s website at www.in.gov/pla/nursing.htm. The meetings take place in the auditorium of the Government Center South and begin at 8:30 a.m. - the meetings last until all business is taken care of, which can mean well into the late night hours!

If you plan on attending a Board meeting, please be aware that although the seating capacity for the meeting room is 370, it will often fill prior to the meeting start time, particularly when large numbers of nursing students visit as part of a nursing class. Your best bet for getting a good seat at the meeting is to arrive at least 15-20 minutes early.

Meeting Participants
In addition to those applicants, education representatives, and licensees scheduled for appearances at the meeting, there are other individuals involved. Seated at the table with the Board members are the Board’s legal counsel, the Board’s director, assistant director, and litigation specialist. A court reporter is on hand to record all disciplinary hearings for the record. In administrative hearings regarding a nurse’s license, the state of Indiana is represented by attorneys from the Consumer Protection Division of the state’s Attorney General’s office.

Administrative Matters
The meetings begin with a call to order by the hearing officer and the establishment of a quorum. The Board president usually serves as the hearing officer. A majority of board members are required to be present in order to conduct official business. After establishing the quorum, the Board completes most of the routine housekeeping tasks. This will include the review and approval of the meeting agenda and any last minute changes to it, as well as the review and approval of the meeting minutes from the previous month.

ISNAP Report
Following the agenda setting and minutes approval, the Board schedules a report from representatives of the Indiana State Nurses Assistance Program (ISNAP). ISNAP is the Board’s impairment monitoring and treatment program for nurses. ISNAP staff will discuss the program’s activities for the previous month and will address the audience with a brief overview of the program.

Nurse Education
After the ISNAP report, the Board reviews any nursing education matters. The Board has primary jurisdiction over all nursing education programs located in Indiana preparing students for initial licensure as either an LPN or an RN. Newly proposed nursing programs and existing programs with proposed changes are discussed at this time. Many of the matters, such as changes in the program’s administration, are simply treated as announcements. New programs and all matters involving curriculum facilities, or program structure changes require Board approval.

Board Director’s Report
The Board director reports the licensing activities from the previous month to the Board. Often the director’s report will ask for Board discussion and perhaps even a vote on a particular issue.

Personal Appearances
A personal appearance is a scheduled personal interview for some license applicants – these are conducted when the Board wishes to speak directly with an applicant for both new and renewed licenses. Typically, a personal appearance is required prior to licensure if there are questions about past practice issues, criminal convictions, substance abuse, or disciplinary actions against other licenses or in their scope of employment as a health care professional. The personal appearances are usually conducted in a separate room with a Board member conducting the interviews and coming up with a recommendation for the entire Board to vote on at the conclusion of the full meeting. The applicant is informed of the pending recommendation and is continued on page 8 >>>
We treat everyone like a champion

At the Indiana Orthopaedic Hospital, our employees get the five-star champion treatment. inspired living and compassionate care
informed that they can attend the entirety of the Board meeting to learn the full Board’s vote at the end of the meeting or they can contact the Nursing Board the next day to verify that the Board accepted the recommendation. In making recommendations on these license applications as a result of the personal appearance, the Board is limited to only a few options: The application could be approved, tabled, approved with agreed upon conditions (probationary status), or denied.

**Administrative Hearings**

The Board spends most of its time at the monthly meetings conducting Administrative Hearings regarding nurses’ licenses. Most of the hearings that are scheduled are the result of a formal complaint filed by the attorney general’s office on behalf of the State of Indiana against a nurse’s license. If the nurse appears as scheduled, the hearing will take place and a decision made by the Board at the conclusion of the hearing. Sometimes the state and the nurse enter into a settlement agreement which would be presented to the Board for approval. If approved by the Board, the settlement agreement is adopted as the final disposition on the matter. If not approved, the Board will go forward with the disciplinary hearing or have it rescheduled for a future date.

The Board may initiate a hearing against a nurse’s license that has been previously disciplined. If a nurse has a probationary license with terms and conditions, and the Board learns that the nurse has failed to meet those terms and conditions, the Board issues an Order to Show Cause, scheduling a hearing to consider further sanctions against the nurse for noncompliance with the probationary order. The nurse will have an opportunity at that hearing to produce evidence that he/she has complied with the terms and conditions of that probationary license.

All nurses licensed in the state are required by statute to maintain their current address with the Board, and official notice of any complaints and scheduled hearings are mailed via certified mail to that address of record. When a nurse fails to attend a scheduled disciplinary hearing, for whatever reason, the Board can vote to
All nurses licensed in the state are required by statute to maintain their current address with the Board, and official notice of any complaints and scheduled hearings are mailed via certified mail to that address of record.

issue a default notice. The Board may also place the nurse’s license on an emergency suspension status at the same time. If the Board votes to issue a default notice, it may hold a hearing at a future meeting without the opportunity for the nurse’s participation to resolve the complaint.

Finally, the Board conducts hearings in regards to requests by licensees to reinstate suspended licenses or to withdraw the probationary status from a license. On a petition to reinstate or to withdraw probation, the burden is on the licensee to prove that they have done whatever was required to satisfy the terms and conditions outlined in the Orders placing the sanction against the nursing license.

Conclusion
Once all of the administrative hearings are complete, the Board conducts any default hearings and finishes up any other loose ends from the meeting, and then the meeting is adjourned and another month’s worth of work issuing final orders, updating files, and issuing licenses resumes.

Lorie A. Brown, R.N., M.N., J.D.

“ASK A NURSE ATTORNEY”

Nurses, welcome to “Ask a Nurse Attorney.” This section is designed for licensed nurses to ask questions to a nurse attorney. If you have a question that you would like to have answered, please feel free to e-mail Lorie@brownlaw1.com. If your question is selected, it will appear in the upcoming issues of Nursing Focus.

I am a registered nurse, and my license is coming up for renewal before October 31, 2009. Question 3 asks:

“Since you last renewed, have you been convicted of or pled guilty to a violation of a federal or state law or are criminal charges pending?”

I am on diversion for a DUI, but my conviction will be overturned if I do not have a problem before September 31, 2009. Can I wait until October 2009 and answer the question with a “no?”

Diversion RN

Dear Diversion RN:
The question specifically asks if you have pled guilty, which you had to do to obtain diversion. So the answer is that you must answer “yes.” When you answer “yes,” you must provide a detailed statement regarding the circumstances surrounding your “yes” response to the Indiana State Board of Nursing at pla2@ pla.in.gov. (Please type “POSITIVE RESPONSE” in the subject line of your e-mail). Statements may also be mailed to:

Indiana Professional Licensing Agency, Attn: Nursing Board
402 W. Washington St. Room W072
Indianapolis, IN 46204

The board is looking for the circumstances surrounding your DUI to determine if you are impaired. They may ask for you to make a personal appearance before the board to explain the facts and circumstances surrounding the DUI so they can be assured you are safe to practice nursing. To be proactive, you may want to obtain an evaluation by ISNAP, the Indiana State Nurses Assistance Program, to show you are not impaired and include it with your renewal. This will be helpful evidence to the Board in favor of them issuing your license. If you are impaired, the best thing you can do is get the help you need. If you contact ISNAP and are actively working the program, the Board is likely to issue your license. ISNAP can be reached at (800) 638-6623.

If you answer “no” and the board finds out, it is a serious offense and the Board is likely to take action against your license. Honesty is the best policy. When in doubt, answer “yes” and provide your explanation.

Lorie A. Brown, RN, MN, JD

Lorie A. Brown, R.N., M.N., J.D., of Brown Law Office, Indianapolis, Indiana, (317) 465-1065, is a practicing nurse-attorney who represents nurses for licensing issues before the Board and for contracting matters. The views expressed in this column are those of the author. www.brownlaw1.com
Are YOU Reid?

Our people are at Reid for a reason. It’s a special place where we are honored to serve patients and families daily. Reid is now pursuing our mission in a new, state-of-the-art hospital. Reid offers opportunity and bright futures to nurses who are devoted to patients and families. Reid is also in a great location convenient to Indianapolis, Dayton and Cincinnati.

Frequently Asked Questions posed to the Indiana State Board of Nursing

Renewal Questions

It is renewal time for the approximately 92,000 registered nurses in the state of Indiana, so some of these questions are specific to license renewal issues. Others, however, are questions that we answer on a daily basis regardless of the renewal cycle. These questions and more will be updated and added to as appropriate at the Nursing Board’s web site (www.in.gov/pla/nursing.htm).

I just renewed my license. Where is my pocket card?

No new pocket cards are being issued automatically upon license renewal. The last pocket card that was issued was considered to be a permanent pocket card, and contained no expiration date. Instead of an expiration date, it directs individuals to verify the current status of the license online. Online verification of licensure is free, easy, and absolutely the most up to date source of information regarding a nurse’s license status. Replacement pocket license cards are available for purchase online; they are available with an expiration date if you so specify.

When will I receive confirmation after I have renewed my license?

There is no confirmation that will be automatically generated. You may search and verify your license online anytime at https://extranet.in.gov/WebLookup/ - it is updated within hours after your renewal has been processed online and will reflect the updated expiration date for your license.

I just renewed my license online but it still shows a 2009 expiration date when I verify online. Why isn’t it updated?

If you answered “yes” to any of the renewal questions, your renewal was processed but is not yet complete. You are required to submit to the Board a written statement outlining the circumstances of that “yes” response. The Board reviews each of these statements and will make a decision as to whether to renew the license or to investigate further, including calling you in for a personal appearance before the Board. The Board will contact you if further information or a personal appearance is required; otherwise, your license will be renewed after review.

Why is the Board encouraging online license renewal? Why does renewing my nursing license online cost more?

Online renewal is fast, convenient and easy and cuts down on the amount of time spent by Board’s staff processing renewal applications. This makes the Board staff more accessible and timely in processing routine applications and answering questions. The $50 renewal fee is set by law. All renewal fees are paid directly to the State of Indiana’s general fund, with the exception of a percentage that goes to pay for ISNAP. Unfortunately, the credit card processing fee associated with the online renewal is not a cost the Indiana Professional Licensing Agency is able to bear under it’s current budget. While the Board highly encourages nurses to take advantage of the convenience of the online renewal system, anyone is welcome to renew by providing the completed renewal application along with the $50 renewal fee by mail or personal delivery to the IPLA.

I tried to renew online but am having trouble. Why can’t I log in?

Your login is your primary license number (RN or LPN). Make sure you include the letter “A” at the end of your license number. Your password is set to your social security number without dashes. If you still have trouble, please contact the Nursing Board staff at (317) 234-2043 or via email at renewal@pla.in.gov and we will be happy to assist you.

My name has changed. What does the Board need to update my license records?

In order to process a name change request, the Board requires a copy of an official name change document, such as a marriage certificate or divorce decree. If you haven’t notified the Board prior to the renewal cycle for your license, you have the option of renewing online under your former name and submitting the name change documentation to the Board separately.

My address has changed. What does the Board need to update my address?

You can send in an email to pla2@pla.in.gov, you can submit in a letter via regular mail to the IPLA, you can call us at (317) 234-1990 during our normal business hours, or you can update your address at anytime at our online license service (https://extranet.in.gov/mylicense).

I want to keep my license but am no longer working as a nurse. Can my license be placed on an inactive status?

There is no inactive status for Indiana nursing licenses. Your license is either active or it is expired. Nurses should be aware that if you allow your license to expire, and then you later apply to renew that license, you may be required to demonstrate continued competence to practice prior to license renewal.

Is Indiana going to join the Nurse Licensure Compact?

The Nurse Licensure Compact is an interstate agreement between states to recognize a nurse’s license in one state as privileging that nurse to practice in the other NLC states (and is still subject to individual state laws and discipline in each state). Under the NLC, a nurse is only licensed in the state of primary residence. In order to join the NLC, the state must enact enabling legislation into law. In Indiana, the possibility of joining the NLC has been discussed and considered, but we have as of yet to enact the enabling legislation required for membership.
### Disciplinary Actions

**Indefinite Suspension**—Indefinitely prohibited from practicing for a specified minimum period of time.

**Indefinite Probation**—License is placed on probation for a specified minimum period of time with terms and conditions.

**Renewal Denied**—The nurse’s license will not be renewed, therefore, she/he does not have a license to practice in Indiana.

### Summary Suspension—Immediate threat to the public health and safety should they be allowed to continue to practice. Issued for a period of ninety (90) days but can be renewed with Board approval.

### Letter of Reprimand—Letter issued by the Board to the nurse indicating that what she/he did was wrong.

### June 18, 2009 Board Meeting

Quality Time

“Each day, I interact with physicians to determine the right answers…and feel like I am really making a difference in someone’s life.”

Janet Lambert, RN
Med/Surg/Ortho 2 Charge Nurse
Howard employee since 1987

Howard Regional Health System is not only an employer of choice in the heart of the county – we’re an extended family and a dedicated support team.

In addition to the opportunity to work with the kind of people you can call friends and partners, we offer a competitive salary and generous benefits package. We also offer more lifestyle options to help you balance your responsibilities as a person and a professional.

Learn more about us, locate open positions, and apply online at www.howardregional.org.

EOE
**Indefinite Suspension**—Indefinitely prohibited from practicing for a specified minimum period of time.

**Indefinite Probation**—License is placed on probation for a specified minimum period of time with terms and conditions.

**Renewal Denied**—The nurse’s license will not be renewed, therefore, she/he does not have a license to practice in Indiana.

**Summary Suspension**—Immediate threat to the public health and safety should they be allowed to continue to practice. Issued for a period of ninety (90) days but can be renewed with Board approval.

**Letter of Reprimand**—Letter issued by the Board to the nurse indicating that what she/he did was wrong.

**Revoked**—An individual whose license has been revoked may not apply for a new license until seven (7) years after the date of revocation.

**CEUs**—Continuing Education Credits

**Fine**—Disciplinary fee imposed by the Board.

**Censure**—A verbal reprimand given by the Board.

**Quality healthcare close to home.**

With all the advantages of a city hospital and the personalized attention of a community facility, Johnson Memorial defines the term “the best of both worlds.” Combining technologically advanced equipment and procedures with a caring, hard-working staff means that patients receive the best care possible. Johnson Memorial is the premier healthcare provider in the area and a great place to work.

We invite you to go to our website for more information and to see our current employment opportunities: [www.johnsonmemorial.org](http://www.johnsonmemorial.org) or call our toll-free Jobline at: 877-695-4561.

EOE
Rehabilitation Hospital of Indiana
Rehabilitation Hospital of Indiana opened in 1992 and we are proud of our many years of outstanding service. RHI is one of the largest freestanding inpatient physical rehabilitation hospitals in the Midwest. We offer comprehensive inpatient and outpatient care to those with spinal cord injuries, brain injuries, orthopedic intervention and strokes. With our program model, we focus on our centers of excellence and can offer you opportunities to work with other clinical experts and newly emerging information, technology and treatments. We invite you to join our team of healthcare professionals as we assist our patients in achieving their highest potential.

REGISTERED NURSE OPPORTUNITIES
Opportunity for specialty certification as CRRN.
Full time and part time positions available
Supplemental positions in our Nursing Resource Center

We offer competitive wages and excellent benefits package
Please visit out website at www.rhin.com to learn more about RHI. You may download an application or send a resume to us thru the website. Also watch for our upcoming online application.

ASSISTING INDIVIDUALS IN ACHIEVING THEIR HIGHEST POTENTIAL

When you become a nurse and Officer on the U.S. Army Reserve Health Care Team, you’ll be able to continue to work in your community and serve when needed. You’ll be surrounded by health care professionals who share your passion for providing quality patient care. You may also be eligible for financial benefits, including pay incentives and up to $50,000 for nursing school loans.

To learn more about the U.S. Army Reserve Health Care Team, call Sergeant First Class Marvin G. Lockett at (877) 655-6321, email Marvin.Lockett@usarec.army.mil, or visit healthcare.goarmy.com/info/ncarl.

Responsibility outside the Job Description

There is a professional responsibility that comes with being a nurse. That responsibility doesn’t end when we walk out of our work environment. As soon as someone learns we are nurses, we are representing not just ourselves but also our profession. The message, and hopefully the ‘call to action’ that I would like to share is to inspire all nurses to recognize the responsibility we have to our community and our profession outside the roles of our official job description.

Improving the Health in Our Communities. As professional nurses we have the opportunity and the obligation to be an active part of improving the health in our communities. I have found, through the years, that my interests have changed... and so have the community service opportunities that I have chosen. When our daughter was young, my involvement included Girl Scouts, the Parent-Teacher Organization and school board membership. When our daughter was older, those changed to participation in a parish nurse program, community health education and several community board memberships. All of these opportunities, whether directly connected with healthcare or not, presented the opportunity to teach healthcare concepts and be a representative of the nursing profession.

In celebration of Nurse’s Week at Howard Regional Health System this year, our team designated one day as “Community Day.” On this day, several nurses went out into the community to serve at the schools, women’s shelter, rescue mission and our local county home. It was a great way to show the community that celebrating nursing is also about giving back to the community.

Professional Responsibility is Sharing Knowledge. All it takes to get started is answering the question, “What do I wish I had known that I didn’t?” The answer will identify the knowledge you have to share with your professional colleagues!
Responsibility

Start small. Present in your unit or with the professional development department of your organization. Once you’re comfortable with presenting at that level, look for outside opportunities. Local, regional, state and national conference coordinators are always looking for people who are currently in practice and know the challenges nurses face today. Get ‘on line’ and complete the presentation submission information for your national conference. You may soon find yourself with the opportunity to share your knowledge... and learn from others in turn.

If public speaking makes you ill, then write it down! Sharing your knowledge through the written word allows you to touch even more professionals, even more lives and even more patients. Professional responsibility includes presenting and publishing!

PROFESSIONAL RESPONSIBILITY INCLUDES MENTORING. You will find mentoring opportunities within your organization. Often we are approached by our nursing colleagues regarding a patient care problem or a work place issue. When you have the opportunity, encourage and explain why one choice for treatment is superior over another. Be an example of how to resolve conflict to gain the best result for the team and the patient. In other words, take time to teach and to be an example.

Mentoring can also occur with a neighbor, a friend, a classmate or someone with whom you attend church. Mentoring includes presenting yourself and your profession in a positive image.

One year ago I accepted the position of Chief Nursing Officer/Vice President of Patient Care Services at Howard Regional Health System. Over the last year I have developed a top ten list of things I’ve learned in this, my first CNO role. In the spirit of mentoring, reflection and some humor, I would like to share that list:

10. There’s never a day without an appointment.
9. How much easier it is to not put up boundaries between departments when the departments are all yours; but how frustrating it is to get others to take those barriers down...
8. Ultimate responsibility is fun and fearful.
7. Restraints may not be for patients, but for the CNO. You can no longer be the radical director with free flowing thoughts springing out of your mouth!
6. Everyone thinks it’s up to you to fix it.
5. Ask yourself, “Is what I’m going to say an improvement on silence?” before you say it.
4. Sometimes you must decide between being liked or respected. Choose respected.
3. I’ve realized how much autonomy I was given as a director, and how difficult it is to give that autonomy to my directors and managers.
2. It’s no longer about being the rising star, it’s about letting the stars rise.
1. You do still have a boss!

Make it your challenge to take professional responsibility outside the walls of your job description by becoming active in: community service, sharing knowledge and mentoring. Access your current status, plan to become involved, begin the intervention and evaluate your progress. That should sound a lot like the nursing process because, it’s all about nursing!

There is a professional responsibility that comes with being a nurse. That responsibility doesn’t end when we walk out of our work environment. As soon as someone learns we are nurses, we are representing not just ourselves but also our profession.

Mentoring can also occur with a neighbor, a friend, a classmate or someone with whom you attend church. Mentoring includes presenting yourself and your profession in a positive image.

Pamela Hunt is the Chief Nursing Officer/Vice President of Patient Care Services at Howard Regional Health System in Kokomo, Indiana. She is a graduate of Parkview-Methodist School of Nursing in Fort Wayne, Indiana. Pam earned her BS from Indiana Wesleyan University, and a Masters Degree in Nursing Administration from Indiana University. She has lectured nationally and internationally regarding the challenges of nursing leadership. She has authored articles regarding health care leadership in publications such as Nursing Management, Dimensions of Critical Care Nursing ORNursing2008 and AORN Journal. She is also the author of the finance section of a book entitled “5 Keys to Successful Nursing Management” published by Lippincott, Williams and Wilkins. She authored the learning module for Sigma Theta Tau entitled “The Nurse Manager and Business Plan Development with Cost-Benefit Analysis.”

There is a professional responsibility that comes with being a nurse. That responsibility doesn’t end when we walk out of our work environment. As soon as someone learns we are nurses, we are representing not just ourselves but also our profession.
Fifth Annual Nursing Continuing Education Cruise

April 18-25, 2010

Cruise your way to Nursing CE Credits on the Mexican Riviera aboard Carnival’s Newest and Biggest ship – Splendor!

Who said Continuing Education can’t be fun? We are changing that forever. Join ThinkAboutItNursing and Poe Travel for a CE Cruise that will cure your overworked blues with some salsa and sun on Carnival’s newest, biggest ship—Splendor. While you’re touring the Mexican Riviera, you can earn your annual CE credits AND possibly write the trip off on your taxes. How is that for paradise?

Prices for this cruise and conference are based on double occupancy (bring your friend, spouse or significant other please!) and start as low as $820 per person (not including airfare). If you won’t be attending the conference, you can deduct $75. A $250 non-refundable per-person deposit is required to secure your reservation for the cruise, BUT please ask us about our Cruise LayAway Plan.

What a week! We depart from Los Angeles. Your first stop is Puerto Vallarta, Mexico. Our next stop is Mazatlan, then Cabo San Lucas before cruising back to L.A.

Staff at the Indiana Professional Licensing Agency is responsible for carrying out the Indiana State Board of Nursing’s day to day activities, including the fielding of questions regarding nursing regulation in the state, collecting fees, reviewing application materials and issuing licenses, scheduling monthly Board meeting agendas, and tracking disciplinary cases involving licensees.

Indiana State Board of Nursing Professional Staff:

Sean Gorman, Board Director
Lori Grice, Assistant Director
Lisa Chapman, Litigation Specialist
Katrina Simmons, Case Manager
Stacie Barclay, Case Manager
Janet Cassidy, Case Manager
Joyce Krawczyk, Case Manager
Linda Stephenson, Case Manager
Karen Taulman, Case Manager

For more information about the cruise and the curriculum, please log on to our website at www.thinkaboutitnursing.com or call Teresa Grace at Poe Travel Toll-free at 800.727.1960.
Soak up the success.

At American Senior Communities, the talent of our staff is extraordinary and we’re looking to add to it. Spend your summer loving your career as part of the best team around.

Summer is coming and your feet have been working hard all winter. Our feet carry us everywhere we go. Why not treat them like the treasures they are?

FAST FUN FEET FACTS!

• The American Podiatric Medical Association says the average person takes 8,000 to 10,000 steps in a day. Nurses can double this daily total to over 20,000 steps!
• Foot odor usually occurs from the decomposition of protein within the skin in the presence of excessive sweat production.
• The skin on your feet is 20 times thicker than any other part of your body.
• There are roughly 250,000 sweat glands on a pair of feet.
• Your feet can swell to 5 – 10% larger by the end of the day.
• Women suffer feet problems 4 times more than men.

Adopt a regular foot care regimen to keep your feet in tip-top condition. We chose the Jordan Essentials bath and body foot care “Happy Feet Spa Retreat” as the perfect foot treat. It is effective and affordable!

Step 1. Soak your feet in Peppermint Dead Sea salts. The minerals help with muscle tension, swelling and sore feet after a long day of standing.

Step 2. Exfoliate with Peppermint Salt Scrub for cleansing and removing dead skin cells. The pumice in the kit will help with extra scrubbing action.

Step 3. Dry feet thoroughly and add air dry time as well.

Step 4. Slather peppermint shea butter lotion on feet. Massage and relax. Allow lotion to soak into skin before putting socks and shoes on.

To order the Happy Feet Spa Retreat and other high quality American-made home spa products, go to www.jordanrep.com/11668 or www.jordanessentials.com and choose consultant #11668 for purchase. The Happy Feet Spa retreat is in the sets and collections tab. Portions of the proceeds go to the ThinkAboutItNursing Scholarship Fund.
ADVANCE TO A HIGHER DEGREE!

One of eight campuses of Indiana University, Indiana University Kokomo is a comprehensive non-residential campus located in Kokomo, Indiana, a city with a population of about 48,000, 50 miles north of Indianapolis, Headquarters of Sigma Theta Tau International. Associate, baccalaureate, and master’s degrees are offered. Additional information about Indiana University Kokomo can be accessed at http://www.iuk.edu.

The Indiana University Kokomo School of Nursing invites applications for tenure-track assistant professors with primary responsibilities in the baccalaureate nursing degree program. Initial appointment will begin January 2010. The primary teaching responsibilities are in any of the following: Med/Surg, Mental Health, Adult Health or Leadership/Management.

Interested candidates must either currently hold or be eligible for an Indiana RN license and submit a letter of application, curriculum vitae, official transcripts, and contact information for 3 references to Dr. Susan Hendricks, Chair, Indiana University Kokomo School of Nursing Faculty Search Committee, P.O. Box 9003, Kokomo, IN 46904-9003. Review of applications will begin August 3, 2009 and continue until the positions are filled. The successful candidate will be required to undergo a background check mandated by the state. Dr. Hendricks may be reached for further inquiry at shendric@iuk.edu or 765-455-9259.

Indiana University Kokomo is an Equal Opportunity/Affirmative Action employer. Persons needing assistance to apply for this position should contact the Office of Affirmative Action at 765-455-9529.

---

We understand what you really want out of a career in home health care. To make a real difference in the lives of your patients – and your family. To reach your retirement goals. And to earn a salary that makes your hard work worth every minute.

At Amedisys, we’re looking for special clinicians exactly like you to set the standard in clinical excellence. Are you ready to reach your fullest potential? We’re ready for you.

To apply or view a listing of available positions, please visit www.amedisys.com. For specific questions, please call Tracey at 630-487-9514.
