Subject: Plumbing Contractor's License

Dear Mr. McPhee,

Thank you for your recent communication to our staff. Ms. Camia Footman forwarded your email to me for follow-up. Upon review of your email and your request, it appears as if you are requesting the opportunity to obtain licensure in Indiana via reciprocity, per IC 25-28.5-1-19. Please understand that IC 25-28.5-1-12 and 860 IAC 1-1-11 are also applicable in applying for licensure by reciprocity. As stated in the code IC 25-28.5-1-12 (d) (1), there must be an agreement between the state of origin and Indiana for an applicant to be eligible for licensure by reciprocity. There is no such agreement between Indiana and any other state in the Union at this time; thus any applicant by reciprocity will be required to take the exam in order to obtain licensure in Indiana.

As the code reflects every applicant for licensure must take an exam. The commission was in receipt of your complete file and did review the contents, including your letter requesting the issuance of your license based upon your licensure in New Jersey. The commission members are very thorough and I am confident that they reviewed your letter, however based upon the above cited code, the commission is unable to honor your request. I do understand that no one wants to take another licensing exam; however per the current laws, there is no other option at this time. Thank you for being proactive, patient and diligent in this process. We look forward to seeing you at the next exam.

Sincerely,

Angela Smith Jones, Esq.

Subject: Fwd: Plumbing Contractors License

Hello,

My name is Richard McPhee. I currently hold a Master Plumber License in the State of New Jersey. I am in the process of trying to get my Indiana state plumbing contractors license through Reciprocity IC 25-28.5-1-19. Sylvia Grenstead was the first person I spoke with. She told me I needed to fill out an Application for Plumbing Contractor for Exam. Also she said I needed to have my application in the office by May 23rd in order to have my application reviewed by the Plumbing Commission at the May 28th meeting. Along with my application I enclosed a typed a letter to the Plumbing Commission, A copy of my New Jersey Master Plumber License, A Certificate in support of plumbing experience qualifications, and a copy of a the New Jersey licensing requirements.

After the May 28th Plumbing Commission meeting I never received notification that my application was reviewed by the Plumbing Commission. I was told only over the phone by Camia Footman (my new case manager) that I was scheduled for the Plumbing Contractors Exam on July 30th. My wife and I made several more phone calls to the Indiana Professional Licensing Agency trying to get something in writing or speak with a Director. All attempts failed. We were often put on hold for long periods of time and told that they were unable to discuss my case. We left voice mail for Angela Smith Jones three times and never received any return calls.

On July 18th Camia Footman said my case would be reviewed again by the Plumbing Commission on July 23rd. On July 25th Camia Footman said she could no longer discus my case with my wife. On July 30th Camia Footman told me that the board again approved me for the Contractors Exam on August 23rd. On August 2nd I received a Letter for admission into The Plumbing Contractors Exam. That letter was dated July 30th and was postmarked July 31st. Again, I am not applying for an exam.

In my original letter with my application I stated that I was applying for Reciprocity as stated in Indiana Statues IC 25-28.5-1-19.

Two Plumbing Commission meetings have come and gone and I have not yet received a written determination for my case. In fact I do not believe that my case has ever gone in front of the plumbing commission.

Please help me, if I do not receive a prompt response from this e-mail I will be seeking legal council and filing a complaint with the States Attorney Generals Office.

Sincerely
Richard McPhee

Re: Plumbing Contractors License
Current License: New Jersey 36B101249100

Dear Board Members:

My family and I are currently in the process of moving from Southern New Jersey back to my home town of Elkhart, Indiana. I am writing to seek clarification of certain licensure requirements in the State of Indiana for me as a plumbing contractor and, if necessary, a waiver of the state written examination requirement based on the following facts and circumstances.

Currently I am a licensed master plumber in the State of New Jersey, and have been in active practice as an apprentice, journeyman plumber, and master plumber in southern New Jersey since April 2002.

Recently, I was informed by two different individuals in the licensing office that I would need to fill out the Application for Plumbing Contractor Examination for Licensing when applying for my Plumbing Contractors License.

Accordingly, I am submitting an Application for Plumbing Contractor Examination for Licensing and believe that I have satisfied all requirements for my Indiana license to be issued. Furthermore, I believe that I am exempt from the written examination requirement, pursuant to IC 25-28.5-1-19, since I am currently licensed and an active plumbing contractor in the State of New Jersey.

I have done all things in the state of New Jersey since 2002 to obtain my master plumber license, rather than in the State of Indiana. Clearly, as contemplated by IC 25-28.5-1-19, the State of Indiana has reciprocity with states such as New Jersey for that very reason. Attached is a copy of Statutes and Regulations pertaining to experience requirements for the New Jersey State Board of Examiners of Master Plumbers.

RECEIVED

MAY 21 2008

Indiana Professional
Licensing Agency

Based on the foregoing, I request:

- (a) a written determination by the Committee that IC 25-28.5-1-19 applies to me. Upon payment of the required fee I should be granted a license as a plumbing contractor.

Thank you for your consideration of my application. Should you require any additional information, please let me know.

Respectfully submitted,

Richard McPhee

TITLE 860 INDIANA PLUMBING COMMISSION

Notice of Public Hearing
LSA Document #08-538

Notice of Public Hearing

Under IC 4-22-2-24, notice is hereby given that on September 24, 2008, at 10:00 a.m., at the Indiana Professional Licensing Agency, Indiana Government Center South, 402 West Washington Street, Room W072, Indianapolis, Indiana, the Indiana Plumbing Commission will hold a public hearing concerning revising the fee schedule for examination or reexamination to facilitate the outsourcing of the administration of examinations for journeyman plumbers and plumbing contractors, establishing that the fees for administration and scoring of the examinations be paid directly to the examination services, establishing the requirements for reinstatement of a delinquent or lapsed license, revising the requirements for admission to the journeyman plumber and plumbing contractor examination, and revising the journeyman plumber, plumbing contractor examination requirements and the apprentice plumber requirements to facilitate the outsourcing of the administration of the examinations for journeyman plumbers and plumbing contractors.

The Indiana Plumbing Commission has the authority to promulgate rules in accordance with IC 25-28.5-1-8 and IC 25-28.5-1-38 that the Commission considers necessary in the performance of its duty to have an outside entity administer the journeyman plumber and plumbing contractor licensing examinations. The proposed rule amends the Commission's rules to facilitate the outsourcing the plumbing licensing examinations. In the proposed rule, the Commission will no longer administer the practical examination; instead the practical examination will be administered and graded by the apprenticeship schools and be a requirement of graduating from the apprenticeship program. In addition, the agency is currently seeking a professional examination service provider to develop, maintain, and administer computer-based licensing examinations for the journeyman plumbers and plumbing contractors. To enter into a contract, the Commission must revise its fee schedule to reflect procedures for applicants to purchase the examinations directly from the provider. While the Commission is not imposing a fee, any increase in fees for the cost of administering the examination will be imposed by the examination vendor and be paid to the examination service directly or as an increase in tuition to the schools because the schools will be administering the practical examination. Based on the current number of examinees, the possible revenue that would be generated by businesses, namely the apprenticeship schools or the professional examination service provider, would be as follows:

- 2,808 examinees × \$100 per examinee for the cost of administration = \$280,800

The proposed rule allows for a more streamlined and fair process for applicants. Having a uniform examination that is multiple-choice should alleviate appeals for failing the examinations. Furthermore, having an outside vendor administer the exam will be fairer to the examinees, save the agency resources, and pave the way for reciprocal registration in the future. The proposed rule also revises the delinquent or lapsed license requirements to bring it into conformity with IC 25-1-8-6. In addition, the Commission is amending its examination admission requirements to give applicants more credit for previous experience, education, and training in meeting the examination requirements. This proposed rule will impose costs on the regulated entities.

Copies of these rules are now on file at the Indiana Government Center South, 402 West Washington Street, Room W072 and Legislative Services Agency, One North Capitol, Suite 325, Indianapolis, Indiana and are open for public inspection.
