

**STATE OF INDIANA
BEFORE THE
INDIANA BOARD OF PHARMACY**

Notice is hereby given that the
Indiana Board of Pharmacy
will meet in person and virtually/electronically through Zoom on
Monday, April 13, 2026, beginning at 8:30 a.m.

Matt Balla, R.Ph., Board President, called the meeting to order at 8:31 a.m. and declared a quorum in accordance with IC 25-26-13-3(f), pursuant to public notice posted at the principal office for the Board, online at the board's website and on the state calendar at least forty-eight (48) hours before the time of the meeting.

Members Present:

Matt Balla, R.Ph., President
Mark Bunton, R.Ph., Vice President
Steve Anderson, R.Ph., Member
Jason Jablonski, R.Ph., Member
Andrew Meador, C,Ph.T., Member
Mark Smosna, R.Ph., Member
Kate Snedeker, Consumer Member

Members Absent

PLA Staff Present:

Kim Snyder, Board Director
Anne Smith, Assistant Board Director
Connie Adams, Litigation Specialist

Advisory Counsel:

Leif Johnson, J.D.

Court Reporter:

Accurate Reporting – Margie Addington

The Board moved to adopt the amended agenda.
Bunton/Meador 7-0-0
Motion carries

The Board moved to approve the 3/9/26 meeting minutes.

Kroger Pharmacy J900, 60005668A Cause No. 202601-BOP-0005

Proposed Settlement Agreement

DAG: Carah Rochester
Respondent: Brent Wolford, Kroger
Exhibit(s): None
Witness(es): None

Margie Addington was sworn in as the court reporter.

The State opened and requested the Board accept the proposed settlement agreement. There were two patients involved. The agreement includes a \$2,000 fine. The Board asked if any patient harm occurred. The State is not aware of any patient harm. The miss fills were for the same drug. This involved two separate pharmacists and occurred a year apart. The Board had questions about what caused and created the errors. Both involved a hand-written prescription and data entry errors. Brent Wolford is the pharmacy care coordinator for Kroger. The prescriptions were for a generic prescription that were erroneously entered by the technician. The technicians were retrained but this was not communicated to other stores. The Board expressed concerns about what occurred and opportunities for better follow up. The Board believed the re-education might be better served through probation. The State explained that no further errors have occurred in 2 years. The Board discussed tabling the agreement. Moved to table the PSA and set for a hearing.

After having considered the evidence presented and taking official, judicial notice of the pleadings, evidence and orders in this matter the Board moved to DENY the proposed settlement agreement and set for hearing.

James McDonnel, M.D., 01075236B Cause No. 2019IBP0063
Probation Withdraw

DAG: Ryan Eldgridge
Respondent: James McDonnel
Exhibit(s): Respondent's Exhibits A - H
Witness(es): None

Respondent was notified and agreed to proceed without counsel. Dr. McDonnel gave an opening statement. The probation was due to alcohol. Entered an alcohol rehabilitation program in 2013 and didn't remain in the program. This affected his California license. Came to Indiana and committed a crime. His Indiana medical license was suspended. 12/2/16 is sobriety date. Indiana medical license was placed on probation in 2018. California license was reinstated and currently active and unrestricted. Indiana Medical License is now current, active and unrestricted. DEA is now current, active and unrestricted. Respondent's exhibits were admitted. State asked Respondent main lesson learned. Showed the board his sobriety five-year token and his gratitude. Completed treatment programs. Respondent closed by thanking the board for what they do. State does not object to probation being withdrawn.

After having considered the evidence presented and taking official, judicial notice of the pleadings, evidence and orders in this matter the Board moved to WITHDRAW PROBATION.

Motion carries

Evelyn Onukwube, R.Ph., 26029976A Cause No. 202511-BOP-0035

Summary Suspension

DAG: Autumn Murphy
Respondent: None
Exhibit(s): None
Witness(es): Nonr

Mark Bunton disclosed that the Respondent is a former CVS employee but that he could be fair and impartial. The State had no objections. The criminal matter is still pending. State requested the summary suspension be extended an additional 90 days.

After having considered the evidence presented and taking official, judicial notice of the pleadings, evidence and orders in this matter the Board moved to extend the SUMMARY SUSPENSION an additional 90 days.

Jablonski/Smosna 7-0-0
Motion carries

Elizabeth Reust, Ph.T., 67040056A Cause No. 202505-BOP-0010

Summary Suspension

DAG: Autumn Murphy
Respondent: Elizabeth Reust
Exhibit(s): None
Witness(es): None

Mark Bunton disclosed that the Respondent is a former CVS employee but that he could be fair and impartial. The State and Respondent had no objections. The State reminded the board of when the first summary suspension was filed. Asked the Board to take judicial notice of the criminal matter. Respondent is now on a suspended suspension and now on probation. Diverted from CVS. State requested that the summary suspension be extended an additional 90 days. Respondent asked that her

license be reinstated. Respondent admitted to the crime. Respondent diverted suboxone for her husband. Had no health insurance. Respondent was in an abusive relationship. Currently lives with her husband's parents. Respondent has no job and can't work. Respondent testified that they did regular cycle counts and never walked out with bottles. The Board asked when the diversion started. Respondent has been on suboxone approximately 10 years. The Board asked if the Respondent is in a recovery program. Participates in a recovery program and is in counseling. Has been in counseling for many years. Criminal probation was for 1 year but can petition to have probation removed in 2 months. The State closed and requested the summary suspension be extended an additional 90 days. Respondent stated that she has lost everything and wants to get a job. Board Counsel advised that the Board's option is to either vote up or down on the summary suspension. Final disposition can only happen if the State files a complaint. The Board asked why there's not a formal complaint. The Board reopened the case. The State intends to file a formal complaint within the next month. The Board asked why if the criminal matter was resolved on March 2, there's not been a complaint.

After having considered the evidence presented and taking official, judicial notice of the pleadings, evidence and orders in this matter the Board moved to EXTEND the SUMMARY SUSPENSION an additional 90 days.

Anderson/Smosna 5-2-0
Motion carries

New Life Center, 61100116B Cause No. 2017IBP0077
Summary Suspension

DAG: Ryan Eldridge
Respondent: Tonya Rogers, Joseph Torres
Exhibit(s): State Exhibits 1-6, Respondent Exhibit A
Witness(es): Scott Nowland, DEA, Tony Toomer, DMHA

The State gave an opening statement and reminded the Board of the multiple issues before the board concerning their license involving multiple failed inspections and other disciplinary action. The State plans to submit evidence that showing numerous and escalating deficiencies. The State will request the license be suspended 90 days. The Respondent gave an opening statement and that all alleged deficiencies have been corrected. State called Scott Knowland as a witness. State provided State Exhibit 6 as evidence. Scott is the Diversion Investigator for DEA. Has been involved in hundreds of investigations. Investigates diversion of controlled substances and legitimate use of controlled substances. Admitted State Exhibit 1, a DEA 106 form. DEA 222 forms were incomplete when inspected. Failed to revoke powers of attorney for three of the predecessors and explained related concerns. DEA 41 forms were used for other than it's intended purpose. During the inspection, the alarm was not working but has since been repaired. Investigated staffing because of the large turnover and training gaps.

The State called Tony Toomer as its next witness. Tony is concerned about the patients and whether the staff at Edgewater are competent to administer the proper care. The substantial amount of turnover since COVID has had a negative impact and need to repeat training over and over. The State asked what DMHA has considered to address patient care if this facility is summarily suspended for up to 90 days. There will be multiple patient options to continue to receive care. DMHA contacted Medicaid to ensure there would be no disruption of services due to transportation challenges. Tony testified that DMHA provides a 2 week notice for their inspections and there were still extensive violations and deficiencies. Plans of correction have been submitted but deficiencies were not corrected. The Respondent had exhibits to admit. The State objected to the exhibits being admitted. The Board agreed to admit Respondent Exhibit A. The Respondent discussed their corrective action plan and requested it be admitted into evidence. State objected to admitting the Respondent's exhibit. The document they wished to submit was not submitted timely. The Board sustained the State's objection. Respondent stated that the CAP was submitted timely. Board Counsel asked why the Respondent did not appear at the last administrative hearing. Respondent stated that the email was sent to a former employee and that the email should have bounced back and "we" should have reached out to them for the correct contact information. The Board Director stated that it's the license holder's responsibility to keep the Board apprised of current contact information. The Board asked if the Respondent has a consultant pharmacist on staff. The Board clarified that it would be the consultant pharmacist's responsibility to train staff. The Board asked the Respondent's explanation for so many deficiencies. The Respondent stated that the deficiencies were largely due to staff turnover. The State closed and requested the Board summarily suspend the facility's license for 90 days. Respondent provided a closing statement. The Respondent discussed their lack of knowledge and that cross training is now occurring. Respondent discussed that it's difficult to hire staff in Gary. The facility changed electronic medical record systems. Respondent could not explain why they failed to appear in the past and apologized. Board Counsel asked if the State still wished for the NPD to be sent. The NPD was now serviced. The Board expressed concerns that if the license is suspended today, doses of methadone need to be returned and communication needed about the daily doses and impact on patient care. Board asked if the summary suspension can take effect on a future date. Board Counsel advised that a suspension can take effect on a future date. The Board reopened the case to ask Scott Noland, DEA, questions about the methadone. Scott testified that they had contingency plans if the summary suspension were to take effect today. Scott reminded the board that if the CSR is suspended that they would be required to surrender their DEA. Tony testified about DMHA's contingency plans if the license is suspended effective immediately. The administrative hearing was closed again.

After having considered the evidence presented and taking official, judicial notice of the pleadings, evidence and orders in this matter the Board moved to SUMMAIRLY SUSPEND the license for 90 days.

Anderson/Jablonski 7-0-0
Motion carries

Christy Wade, R.Ph., 26018048A Cause No. 202604-BOP-0011

Summary Suspension

DAG: Rebekah Hammond
Respondent: None
Exhibit(s): None
Witness(es): None

Mark Bunton disclosed that the Respondent is a former CVS employee but that he could be fair and impartial. The State had no objections. State discussed that the respondent was properly noticed. The State reviewed the limited agreement and volunteering to summary suspension for 90 days. Involved diversion of wasted fentanyl. Not actively engaged in treatment. State requested to consider both matters in one setting.

After having considered the evidence presented and taking official, judicial notice of the pleadings, evidence and orders in this matter the Board moved to SUMMARILY SUSPEND the license for 90 days.

Anderson/Smosna 7-0-0
Motion carries

Motion to accept the Proposed Settlement agreement REVOKING the license.

Malaisha Hendricks, C. Ph.T., 67039129A Cause No. 202505-BOP-0009

Notice of Proposed Default

DAG: Autumn Murphy
Respondent: None
Exhibit(s): State's Exhibits 1 - 7
Witness(es): Kim Snyder

Mark Bunton disclosed that the Respondent is a former CVS employee but that he could be fair and impartial. The State had no objections. The State asked Board Director Snyder to testify and that there was no communication received from the Respondent about today's hearing. The State asked that the Respondent be found in DEFAULT and proceed with the hearing.

Meador/? 7-0-0
Motion carries

The State proceeded with its case. The Respondent diverted 70 tablets. Respondent was criminally charged and on criminal probation for 2 years. Respondent was involved in a second criminal matter involving possession of methamphetamine. State has attempted to contact the Respondent and met with silence. Respondent has not shown any interest in retaining this license despite being properly noticed. State is requesting the license be revoked.

After having considered the evidence presented and taking official, judicial notice of the pleadings, evidence and orders in this matter the Board moved to REVOKE the license.

Johann Farley, M.D., 01060680B Cause No. 202511-BOP-0039 –CONTINUED

Indiana University Health Ball Memorial Hospital Inc. 60000227A/B Cause No. 202604-BOP-0012

Proposed Settlement Agreement

DAG: Autumn Murphy
Respondent: Barclay Wong
Exhibit(s): None
Witness(es): None

State asked that the Board accept the settlement agreement. The Board asked to be reminded about how many doses were diverted. The Delaware County Prosecutor's Office asserted a loss totaling \$121,893.00. The proposed settlement fine is \$44,000.00. The diversion began in 2020 and ended in 2024. The counts reflect the number of months the diversion occurred. The Board asked why the number of days or weeks were not considered for the proposed settlement agreement. The Respondent believes the PSA is just and fair and believes this addresses the Board's concerns. The Board assessed the number of persons who have died since 2019 in contiguous counties around Delaware due to overdose amounts to \$27 per life lost with this settlement. The complaint includes 44 counts and does involve a probationary license. Board discussed not accepting the PSA. The PSA counts by month was determined subjectively. The case was reopened. The State requested that instead of denying the PSA, that the Board table the matter. The State discussed the implications of arbitrary and capricious issues. The case was closed again. Board Counsel advised sticking to the facts contained in the complaint. Board again discussed denying the PSA.

After having considered the evidence presented and taking official, judicial notice of the pleadings, evidence and orders in this matter the Board moved to DENY the PSA and set for a hearing in July.

FULL BOARD APPEARANCES

ImprimisRx – Non-Resident Pharmacy Renewal Positive Response

Stephanie Eckerle, Suja Alum, Bret Bruell, Madison Hartman-Harada appeared in person to discuss the personal appearance renewal positive response. California alleged they had call center staff who were not licensed. No longer have that facility. Has a licensed facility in Tennessee.

After discussion, the Board moved to RENEW their license.

Anderson/Smosna 7-0-0
Motion carries

Get Relief RX LLC – Non-Resident Pharmacy Renewal Positive Response

Failed to appear.

After discussion, the Board moved to DENY the renewal

Balla/Anderson 7-0-0
Motion carries

Indiana University Health Ball Memorial Hospital – Pharmacy Renewal Positive Response

Barclay Wong, CEO, Kim Kusnik, Director of Pharmacy and CMO, appeared in person to discuss the positive response on their renewal. IUHBMH is the largest employer and largest teaching hospital outside of Indianapolis. Hospital is vital to the care of Southeastern Indiana. CMO discussed what was happening at the hospital in 2020. The inpatient units were very chaotic. Often all beds were occupied by patients with many on ventilation. Kim described pharmacy staffing; approximately 81 employees and general role of in-house pharmacy. Described the exhaustive assessment to determine how much medication was diverted and a very small percentage of what the pharmacy does on a daily basis. Discovered the diversion during a financial review in June 2024. Discussed what the PIC was diverting and that no behavior changes were observed. Described the PICs regular duties. Reported the diversion to DEA when discovered. Is not aware if the PIC was arrested. The hospital was being audited by several entities including the state, JACHO and their wholesaler. No related issues were discovered during those audits. Explained how this happened and how to fix the issue. Dr. Johnson explained what additional actions that will be taken to prevent this from happening again. Asked what the contingency plan is if the license is not renewed. Reminded the board that IUHBMH previously appeared in December. Requested the license be renewed. The Board clarified that the intention is not to close the pharmacy and that this was found through a financial review as opposed to an audit of the inventory. The Board discussed again the obscene amount of medication that was diverted. Can renew and file a complaint pursuant to IC 25-1-5-4 (g) (3).

After discussion, the Board moved to RENEW the license and directed the BOARD DIRECTOR to file a complaint pursuant to IC 25-1-5-4 (g) 3.

Anderson/Smosna 6-0-1
Motion carries

Pharmaneek Inc. - Pharmacy Renewal Positive Response and Non-Disclosure

Jackie Bennett Jr., Matthew Hamm and Michele Woosley appeared to discuss the renewal positive response and failure to disclose. The non-disclosure was due to a chronology issue according to Pharmaneek's attorney. The Board asked if Pharmaneek does sterile compounding. Pharmaneek's attorney stated that are not compounding at this time. Michele explained that the inspection is considered a static inspection and still need to recertify their clean room. The Board asked Zaneta if Pharmaneek was compounding. Zaneta is trying to ascertain where the semaglutide and tirzepatide from unlicensed entities was repackaged. Two unlicensed companies were shipping to Pharmaneek. Twenty-five thousand vials were acquired. It's unclear where or how the B6 was added. It is unclear from where the B6 came. Michele believes Pharmaneek needs education and training and when allowed to compound, will do so in a compliant manner. If the purchases were from an unlicensed entity, it would technically be misbranded according to IC 16-42-3-4. 301 GLP1 prescriptions were issued in January. There is currently no product on their shelf and stopped dispensing GLP1s in February.

After discussion, the Board moved to RENEW the license.

Anderson/Meador 7-0-0
Motion carries

After discussion the Board moved to file a complaint about receiving GLP1s from unlicensed wholesalers and unable to verify with a Certificates of Analysis or Green List Letters.
