An individual filing a petition under this subsection shall submit the following:

- (1) At no expense to the state, a national criminal background check by the Federal Bureau of Investigation.
- (2) Any additional information requested by the board, commission, or committee to assist the board, commission, or committee in its review of the individual's petition.

(h) If an individual has a conviction of concern, the board, commission, or committee shall consider the following in determining whether to deny a license or certification to the individual based on the following factors:

- (1) The nature and seriousness of the crime for which the individual was convicted.
- (2) The passage of time since the commission of the crime.
- (3) The relationship of the crime to the ability, capacity, and fitness required to perform the duties and discharge the responsibilities of the occupation.
- (4) Evidence of rehabilitation or treatment undertaken by the individual that might mitigate against a direct relation to the ability, capacity, and fitness required to perform the duties and discharge the responsibilities of the occupation.

(i) If a board, commission, or committee determines an individual's conviction of concern disqualifies the individual from receiving a license or certification solely or in part because of the individual's criminal history, the board, commission, or committee shall notify the individual in writing of the following:

- (1) The grounds and reasons for the denial or disqualification.
- (2) The individual has the right to a hearing to challenge the licensing authority's decision.
- (3) The earliest date the individual may reapply for a license or certification or the earliest date the individual can petition the board, commission, or committee for a review.
- (4) Evidence of rehabilitation may be considered upon reapplication.
- (5) Findings for each of the factors specified in subdivisions (1) through (4).

Any written determination that an individual's criminal history contains a conviction of concern that merits the denial of a license must be documented in written findings under subdivision (1) by clear and convincing evidence sufficient for review by a court. In an administrative hearing or a civil action reviewing the denial of a license, a board, commission, or committee has the burden of proof on the question of whether the individual's criminal history, based on the standards provided in subsection (h), should lead to the denial of a license.

(j) The board, commission, or committee shall inform the individual of its determination concerning the individual's petition not later than sixty (60) days after the petition, criminal history information, and any other information requested under subsection (g) is received by the board, commission, or committee.

(k) The board, commission, or committee may charge a fee established under [IC 25-1-8](#) that does not exceed twenty-five dollars (\$25) to pay its costs of reviewing a petition filed under subsection (g).

(l) A board, commission, or committee may adopt rules under [IC 4-22-2](#) to implement this section.

- (6) shall post each board's public meeting minutes on the applicable board's website not more than fourteen (14) calendar days after adoption of the minutes by the board;
- (7) shall post any vacancy on a board on the applicable board's website within fourteen (14) calendar days of the vacancy;
- (8) notwithstanding any other law:
 - (A) shall prescribe the application form and manner for each board; and
 - (B) shall make any new application form publicly available on the applicable board's website for sixty (60) calendar days before being adopted by the agency; and

(c) In administering the renewal of licenses or certificates under this chapter, the agency shall send a notice of the upcoming expiration of a license or certificate to each holder of a license or certificate at least ninety (90) days before the expiration of the license or certificate. The notice must inform the holder of the license or certificate of the need to renew and the requirement of payment of the renewal fee. If this notice of expiration is not sent by the agency, the holder of the license or certificate is not subject to a sanction for failure to renew if, once notice is received from the agency, the license or certificate is renewed within forty-five (45) days after receipt of the notice.

(d) In administering an examination for licensure or certification, the agency shall make the appropriate application forms available at least thirty (30) days before the deadline for submitting an application to all persons wishing to take the examination.

(e) The agency may require an applicant for license renewal to submit evidence proving that:

- (2) within twenty-four (24) hours after the time that an applicant for renewal appears in person at the agency with all required forms and evidence.

This subsection does not require the agency to issue a renewal license or certificate to an applicant if subsection (g) applies.

(g) The agency may delay issuing a license renewal for up to one hundred twenty (120) days after the renewal date for the purpose of permitting the board to investigate information received by the agency that the applicant for renewal may have committed an act for which the applicant may be disciplined. If the agency delays issuing a license renewal, the agency shall notify the applicant that the applicant is being investigated. Except as provided in subsection (h), before the end of the one hundred twenty (120) day period, the board shall do one (1) of the following:

(j) The license of the applicant for a license renewal remains valid during the one hundred twenty (120) day period unless the license renewal is denied following a personal appearance by the applicant before the board before the end of the one hundred twenty (120) day period. If the one hundred twenty (120) day period expires without action by the board, the license shall be automatically renewed at the end of the one hundred twenty (120) day period.

(k) The board's renewal of a license does not preclude the board from imposing sanctions on the licensee as a result of a complaint filed by the attorney general after renewal of the license.

(l) Notwithstanding any other statute, the agency may stagger license or certificate renewal cycles. However, if a renewal cycle for a specific board or committee is changed, the agency must obtain the approval of the affected board or committee.

(m) An application for a license, certificate, registration, or permit is abandoned without an action of the board, if the applicant does not complete the requirements to complete the application within one (1) year after the date on which the application was filed. However, the board may, for good cause shown, extend the validity of the application for additional thirty (30) day periods. An application submitted after the abandonment of an application is considered a new application.

(f) The licensing agency may delay renewing a license or certificate for not more than one hundred twenty (120) days after the renewal date to permit the board to investigate information received by the licensing agency that the applicant for renewal may have committed an act for which the applicant may be disciplined. If the licensing agency delays renewing a license or certificate, the licensing agency shall notify the applicant that the applicant is being investigated. Except as provided in subsection (g), the board shall do one (1) of the following before the expiration of the one hundred twenty (120) day period:

- (1) Deny renewal of the license or certificate following a personal appearance by the applicant before the board.
- (2) Renew the license or certificate upon satisfaction of all other requirements for renewal.
- (3) Renew the license and file a complaint under [IC 25-1-7](#).
- (4) Upon agreement of the applicant and the board and following a personal appearance by the applicant before the board, renew the license or certificate and place the applicant on probation status under [IC 25-1-11-12](#).

(g) If an applicant fails to appear before the board under subsection (f), the board may take action as provided in subsection (f)(1), (f)(2), or (f)(3).

- (1) denied; or
- (2) summarily suspended under [IC 25-1-11-13](#).

(i) The license or certificate of the applicant for license renewal remains valid during the one hundred twenty (120) day period unless the license or certificate is denied following a personal appearance by the applicant before the board before the end of the one hundred twenty (120) day period. If the one hundred twenty (120) day period expires without action by the board, the license or certificate shall be automatically renewed at the end of the one hundred twenty (120) day period.

(j) The board's renewal of a license does not preclude the board from imposing sanctions on the licensee as a result of a complaint filed by the attorney general after renewal of the license.

(k) Notwithstanding any other law, the licensing agency may stagger license or certificate renewal cycles.

(l) An application for a license or certificate is abandoned without an action by the board if the applicant does not complete the requirements for obtaining the license or certificate not more than one (1) year after the date on which the application was filed. However, the board may, for good cause shown, extend the validity of the application for additional thirty (30) day periods. An application submitted after the abandonment of an application is considered a new application.

Sec. 24. There shall be physical barriers to protect customers from injury induced by touching or breaking the lamps in a sunlamp product. Each customer shall be shown how to use suitable physical aids. Each customer shall be shown how to maintain the proper exposure distance recommended by the manufacturer. There shall also be the following requirements:

(1) The construction of a tanning booth shall be such that it will withstand the stress of use and the impact of a falling person.

(2) There shall be physical barriers or other means such as handrails or floor markings to indicate the proper exposure distance between ultraviolet lamps and the customer's skin in upright tanning booths.

(3) Each ultraviolet lamp contained within the sunlamp product shall be shielded to prevent contact with the customer. A screen or transparent cover shall be used for this purpose.

(4) Body contact surfaces of each sunlamp product shall be sanitized by the operator between each customer use by swabbing the body contact surfaces with a chemical sanitizing solution of at least twice the strength required for that particular sanitizing solution as stated in section 25(d)(1), 25(d)(2), 25(d)(3), or 25(d)(4) of this rule. The swabbing shall be accomplished with single use towels. Exposure to the ultraviolet radiation produced by the tanning equipment itself is not a sanitizing agent for the purposes of this rule.

(5) The operator of a tanning facility shall keep a list of emergency telephone numbers in view at each tanning facility. This list shall include the telephone numbers of the following:

- (A) Closest hospital.
- (B) Fire department.

(d) Protective eyewear provided by the operator shall be sanitized by the operator before each use by:

- (1) immersion for at least one (1) minute in a clean solution containing at least two hundred (200) milligrams per liter (two hundred (200) parts per million) of available quaternary ammonium compound at a temperature of at least seventy-five (75) degrees Fahrenheit;
- (2) immersion for at least one (1) minute in a clean solution containing at least fifty (50) milligrams per liter (fifty (50) parts per million) of available chlorine as a hypochlorite and at a temperature of at least seventy-five (75) degrees Fahrenheit;
- (3) immersion for at least one (1) minute in a clean solution containing at least twelve and one-half (12.5) milligrams per liter (twelve and one-half (12.5) parts per million) of available iodine and at a pH of which the efficacy has been demonstrated to be effective by the manufacturer and at a temperature of at least seventy-five (75) degrees Fahrenheit;
- (4) immersion in a clean solution containing any other chemical sanitizing agent approved by the department that will provide the equivalent bactericidal effect of a solution containing at least fifty (50) milligrams per liter of available chlorine as hypochlorite at a temperature of at least seventy-five (75) degrees Fahrenheit for one (1) minute; or
- (5) swabbing with a chemical sanitizing solution of the same strength required under subdivision (1) if quaternary ammonium compounds are used or at least twice the strength required for that particular sanitizing solution if halogens are used under subdivisions (2) through (4).

(e) A test kit or other device that accurately measures the concentration of the sanitizing solution in parts per million shall be provided and used to measure the strength of the sanitizing solution at least once each day of tanning facility operation.

(f) Exposure to the ultraviolet radiation produced by the tanning equipment itself is not considered a sanitizing agent.

(g) Each sunlamp product shall be accompanied by at least the number of sets of protective eyewear that is equal to the number of customers who can simultaneously use the facility. Eyewear shall be provided and shall meet or exceed the sunlamp product manufacturer's recommendations. *(State Board of Cosmetology Examiners; 820 IAC 5-1-25; filed Mar 17, 1992, 10:20 a.m.: 15 IR 1379; filed Sep 17, 1998, 3:55 p.m.: 22 IR 458; readopted filed Jul 17, 2001, 9:57 a.m.: 24 IR 4236; readopted filed Jul 19, 2007, 1:01 p.m.: 20070808-IR-820070046RFA) ; readopted filed Nov 25, 2013, 9:22 a.m.: 20131225-IR-820130286RFA; readopted filed Nov 27, 2019, 3:14 p.m.: 20191225-IR-820190183RFA) NOTE: Transferred from the Indiana State Department of Health (410 IAC 6-13-25) to the State Board of Cosmetology Examiners (820 IAC 5-1-25) by P.L.142-1995, SECTION 33, effective July 1, 1995.*

WARNING: ULTRAVIOLET RADIATION

FAILURE TO USE PROTECTIVE EYEWEAR MAY RESULT IN SEVERE BURNS OR LONG-TERM INJURY TO THE EYES

1. Protective eyewear is required by law.

3. Avoid overexposure. As with natural sunlight, exposure can cause eye and skin injury and allergic reactions. Repeated exposure may cause skin cancer or chronic sun damage characterized by wrinkling, dryness, fragility and bruising of the skin.

4. Ultraviolet radiation from sunlamps will aggravate the effects of the sun. Therefore, do not sunbathe before or after exposure to ultraviolet radiation.

5. Medication or cosmetics may increase sensitivity to ultraviolet radiation. Consult a physician before using a sunlamp if you are using medications, have history of skin problems, or believe you are especially sensitive to sunlight. Individuals on birth control medication who use this product may develop discolored skin.

IF YOU DO NOT TAN IN THE SUN IT IS UNLIKELY THAT YOU WILL TAN FROM THE USE OF THIS DEVICE

(2) Interferes with or obstructs the board or its designated agent in the performance of its duties.

(b) A civil penalty shall not exceed one thousand dollars (\$1,000) per violation and the absence of harm will not result in assessment of a lower penalty for a violation.

(c) In the determination of the seriousness of the violation and the specific amount of the civil penalty to be sought for each violation, the department will consider the following:

(1) The potential for harm or imminent threat to public health.

(2) The extent of deviation from statutory or regulatory requirements.

(3) The degree of willfulness or negligence.

(f) After filing an action under IC 4-21.5, and in an attempt to resolve violations without resort to a hearing, the department may negotiate and enter into agreed orders.
