ANNUAL REPORT FOR PROGRAMS IN NURSING

Guidelines: An Annual Report prepared and submitted by the faculty of the school of nursing, will provide the Indiana State Board of Nursing with a clear picture of how the nursing program is currently operating and its compliance with the regulations governing the professional and/or practical nurse education program(s) in the State of Indiana. The Annual Report is intended to inform the Education Subcommittee and the Indiana State Board of Nursing of program operations during the academic reporting year. This information will be posted on the Board’s website and will be available for public viewing.

Purpose: To provide a mechanism to provide consumers with information regarding nursing programs in Indiana and monitor complaints essential to the maintenance of a quality nursing education program.

Directions: To complete the Annual Report form attached, use data from your academic reporting year unless otherwise indicated. An example of an academic reporting year may be: August 1, 2013 through July 31, 2014. Academic reporting years may vary among institutions based on a number of factors including budget year, type of program delivery system, etc. Once your program specifies its academic reporting year, the program must utilize this same date range for each consecutive academic reporting year to insure no gaps in reporting. You must complete a SEPARATE report for each PN, ASN and BSN program.

This form is due to the Indiana Professional Licensing Agency by the close of business on October 1st each year. The form must be electronically submitted with the original signature of the Dean or Director to: PLAZ@PLA.IN.GOV. Please place in the subject line “Annual Report (Insert School Name) (Insert Type of Program) (Insert Academic Reporting Year). For example, “Annual Report ABC School of Nursing ASN Program 2013.” The Board may also request your most recent school catalog, student handbook, nursing school brochures or other documentation as it sees fit. It is the program’s responsibility to keep these documents on file and to provide them to the Board in a timely manner if requested.

Definitions from CCNE:

**Potential Complainants**

A complaint regarding an accredited program may be submitted by any individual who is directly affected by the actions or policies of the program. This may include students, faculty, staff, administrators, nurses, patients, employees, or the public.

**Guidelines for the Complainant**

The CCNE Board considers formal requests for implementation of the complaint process provided that the complainant: a) illustrates the full nature of the complaint in writing, describing how CCNE standards or procedures have been violated, and b) indicates his/her willingness to allow CCNE to notify the program and the parent institution of the exact nature of the complaint, including the identity of the originator of the complaint. The Board may take whatever action it deems appropriate regarding verbal complaints, complaints that are submitted anonymously, or complaints in which the complainant has not given consent to being identified.
