Rail Projects Update
RAIL PROJECTS UPDATE

WEST LAKE

• 9-mile extension to Dyer, Indiana
• Project Cost: Estimated $852 million
• Design-Builder is continuing with final design and delivered several design packages for NICTD review in Q3.
• Physical construction is still on track to start with the 2022 construction season.
• City of Hammond executed financial commitments for the grade change in Hammond to accommodate a future Downtown Hammond Station and the Russell Street pedestrian tunnel.
• As of October 10, design is 67.6% complete. 44 of 45 60% design packages have been received, 38 of 45 90% design packages have been received and 11 of 45 100% design packages have been received.
RAIL PROJECTS
UPDATE

DOUBLE TRACK

- 25-mile project area with 16 miles of new track
- Estimated cost: $454.7 million
- Construction has been divided into seven construction packages. NICTD has awarded 4 procurements and has received bids for the remaining 3 procurements (DT1, DT4, DT6).
  - The main construction contract, DT 1, received bids from Paschen and Walsh on October 11 for the revised scope that includes the value engineering opportunities to reduce cost. Walsh Construction is the low bidder at $304.8M.
  - Three bids were received for DT 4 on November 4. Larson-Danielson was the low bidder at $2.9M.
  - NICTD received bids for DT 6 on October 19. XO Rail was the low bidder.
RDA/NICTD TOD Update
Transit Oriented Development (TOD) - TOD is walkable development, within walking distance of public transport, that maximizes the amount of residential, businesses and open space.
RDA/NICTD TOD Planning

Scope of Work (recap)

- **Advance Land Use Projections** & Development Scenarios
- **Evaluate zoning needs** and formulate zoning recommendations and design guidelines
- **Coordinate with NICTD** Design/Engineering with ongoing efforts on facilities, street design and infrastructure
- **Provide planning activities** at appropriate scales for each community

- **Compile station area Capital Improvement Plans** to address necessary upgrades to utilities, streets, and public improvements
- **Identify performance metrics** to evaluate the effectiveness of planning and engagement activities
- **Advance development readiness** by crafting updated policies and regulations that effectuate investment
RDA/NICTD TOD Planning

Project Schedule (recap)

Step 1 -
Task 1, Task 3, Task 5, & Task 8
- Create a database/understand each station area
- Record current zoning areas and identify potential changes in zoning code/ordinance
- Work cooperatively with NICTD on the design and engineering process underway
- Craft performance measures

Step 2 -
Task 2, Task 4, & Task 6
- Prepare a series of land use map projections
- Draft revisions to regulatory ordinance/code and/or create applicable design guidelines
- Identify at least 5-8 priority sites

Step 3 -
Task 7 & Task 9
- Develop a capital improvement plan
- Individualized area planning activities
TOD Group A Progress

Process ongoing

*Dyer and Ogden Dunes in Group B
TOD Group A Progress

Progress Update for Munster, Hammond, Portage and Michigan City:

Project fieldwork and reconnaissance completed to determine current conditions – September 2021

Community leadership kickoff meetings completed to review scope, timelines, and anticipated deliverables – September 2021

Planning Gaps and Opportunities analysis completed to confirm focus of this strategic TOD implementation effort – September 2021

In-person Planning Gaps and Opportunities workshops completed to determine priorities from a development site and land use, infrastructure, brownfield, and zoning perspective for the city – October 2021

Development testing commences to determine further direction for future land use, anticipated infrastructure, and to prepare for the development community – November 2021

NICTD coordination ongoing with ongoing efforts on facilities, street design and infrastructure
TOD Group A Progress

Initial Town of Munster Ridge Road Priorities:

- **Clear indication of developable property** in the near-term and long-term
- **Integration of town led Ridge Road streetscape** into concept planning
- **Development testing with 3D massing** of concepts at multiple thresholds for station area sites
- **Determination of potential impacts** (TIF/TDD dollars, population, parking) multiple densities of development might have on the community
- **Review of infrastructure capacity** and an understanding of any upgrades that would be needed to support development
- **Update future land use mapping** for forthcoming town led Comprehensive Plan
- **Review and update of Zoning Code** focused on TOD, parking, mixed-use, infill, and frontages
**TOD Group A Progress**

**Initial Town of Munster Main Street Priorities:**

- Joint development potential for NICTD commuter parking lot site in the near-term and long-term

- Concept planning for Main Street and trail integration. This would precede town led engineering work.

- Review and update of Zoning Code focused on TOD, parking, mixed-use, office, and frontages
TOD Group A Progress

Initial City of Hammond Priorities:

- Development potential for priority sites near the Gateway Station in the near-term and long-term
- Connectivity planning for Hohman Avenue and State Line Avenue focused on reducing truck traffic and improving the user experience between the Gateway Station and future Downtown Station
- Development testing with 3D massing of concepts at multiple thresholds for station area sites to advance concepts recommended in the Downtown and West Lake Plans
- Determination of potential impacts (TIF/TDD dollars, population, parking) multiple densities of development might have on the community
- Review of infrastructure capacity and an understanding of any upgrades that would be needed to support development
- Update future land use mapping to incorporate into a future city led area plan
- Review and update of Zoning Code focused on TOD and advancing previously recommended zoning framework (Downtown and West Lake Plans) and appropriate infill development
TOD Group A Progress

Initial City of Portage Priorities:

- Development potential for priority sites near the Portage/Ogden Dunes Station in the near-term and long-term
- Connectivity planning for US 12 and the future extension of Burns Parkway informed by previous city planning and the Marquette Plan
- Development testing with 3D massing of concepts at multiple thresholds for station area sites to advance concepts recommended in the Portage Northside Master Plan (2005)
- Determination of potential impacts (TIF/TDD dollars, population, parking) multiple densities of development might have on the community
- Review of infrastructure capacity and an understanding of any upgrades that would be needed to support development
- Update future land use mapping to incorporate into future city led updates to the Northside Master Plan
- Review and update of Zoning Code focused on TOD and advancing the City’s PD district zoning
- Preparation for city led RFP process for a 43 acre site
TOD Group A Progress

Initial Michigan City Priorities:

- **Development potential for priority sites near the 11th Street Station** in the near-term and long-term
- **Connectivity improvements to Franklin Street** and other downtown streets
- **Development testing with 3D massing** of concepts at multiple thresholds for station area sites
- **Determination of potential impacts** (TIF/TDD dollars, population, parking) multiple densities of development might have on the community
- **Review of infrastructure capacity** and an understanding of any upgrades that would be needed to support development
- **Update future land use mapping** to incorporate into future city led updates to the Momentum Plan
- **Review and update of Zoning Code** focused on TOD and expanding the City’s existing TOD overlay
TOD Group B

Process commencing this fall

2022 Outlook

David Wellman
2022 TDD BOUNDARY AND ENGAGEMENT STATUS

Public Engagements Completed:
• Munster Ridge Road
• Munster/Dyer Main Street
• Portage/Ogden Dunes
• Gary Miller
• East Chicago
• Hammond Gateway
• Michigan City

Draft TDD Boundary In process:
• Beverly Shores
• Porter/Dune Park
• Gary Metro
• Hammond South
• South Bend Airport
