NWI Commuter Rail Projects Move Forward

Crown Point, IN (March 9, 2017) – The Board of Directors of the Northwest Indiana Regional Development Authority (RDA) today approved grant agreements with the Northern Indiana Commuter Transportation District (NICTD) to advance commuter rail expansion in Northwest Indiana.

The Board unanimously approved a \$20 million grant agreement with NICTD, operator of the South Shore commuter rail system, for costs associated with entering the project development phase of the West Lake Corridor expansion. The Board originally voted to provide the grant in August of 2016.

Also approved was an agreement with NICTD for a \$1.6 million matching grant to help fund \$4 million in preliminary engineering and environmental work for the South Shore double tracking project. This grant was awarded last April.

The West Lake Corridor and Double Tracking projects are projected to have a transformative effect on Northwest Indiana, attracting an estimated 11,000 new residents and about \$1.9 billion in private investment over the next 20 years. For complete details, download the RDA's updated Comprehensive Strategic Plan at in.gov/rda.

About the Northwest Indiana Regional Development Authority

Established in 2005 through a bipartisan effort including former Governor Mitchell E. Daniels, Congressman Peter J. Visclosky, key state legislators, and local elected officials, the RDA is quasi-governmental development entity entrusted to make public investment decisions within a regional framework for supporting catalytic infrastructure projects and inducing private sector investment. Years of successful results have made it a trusted and tested partner for growth in Northwest Indiana. For more information, visit www.rdatransformation.com or www.in.gov/rda
