## Attachment A

The Division of Mental Health and Addiction (DMHA) HA has identified the following uses of funding in collaboration with state stakeholders. With the implementation of these initiatives there will be 1) payroll costs, 2) administrative expenses, 3) contracts with 3<sup>rd</sup> parties, and/or 4) grants to 3<sup>rd</sup> parties. DMHA is building a financial tracker so all parties can track spending. There will be more uses and projects identified as conversations evolve. As new or modified initiatives are identified these will be communicated to SBA and the MOU will be modified as appropriate.

1. 988 start-up costs: Procurements to establish the federally mandated 988 Crisis Helpline call center, to provide suicide prevention services statewide. Start-up costs will include software, telephony platforms, and staffing of the call center.
2. Competency Restoration Pilot: The waiting list for admission into the State Psychiatric Hospitals has a negative impact on every part of the system in every part of the state. DMHA plans on piloting a Restoration Unit at a private inpatient unit for appropriate forensic ICST patients.
3. Assessment and Technical Assistance: DMHA proposes to study and provide technical assistance for several key areas.
4. Mobile Psychiatric Medication Units for Homeless Individuals: A partnership with the City of Indianapolis to increase the accessibility of psychiatric medication for individuals experiencing homelessness.
5. Community Catalyst Grant Program: DMHA will reserve some of the funding for a competitive RFP process open to communities and organizations throughout the state.
6. Workforce Initiatives: Workforce shortages remain the single largest barrier to access to behavioral health services. DMHA is planning a suite of programming designed to improve retention, recruitment, and quality of a skilled behavioral health workforce.
7. CIT Program Implementation: Crisis Intervention training is an evidence based best practice to improve law enforcement interaction with individuals experiencing mental health crises.
8. Transportation: Transportation is a barrier to accessing treatment and recovery supports in many rural areas. DMHA will work with local groups to solve transportation challenges, including purchasing vehicles and partnering with ride-sharing companies.
9. School Coaching Model: DMHA plans to pursue an initiative to implement a school-based mental health coaching model in schools across the state.
