The eCivis Update: Getting Grants in eCivis

eCivis is the State of Indiana’s new state-wide grants management system

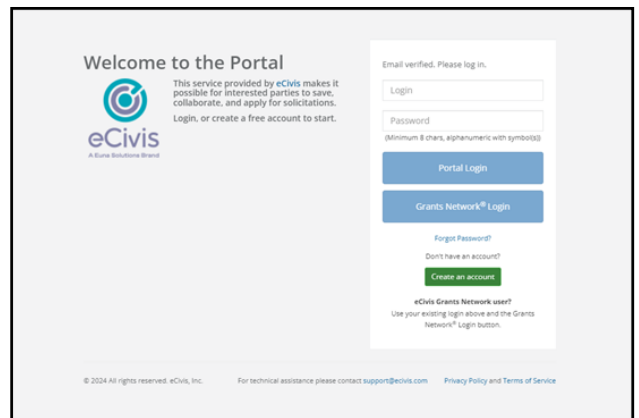

State agencies will build grant solicitations in eCivis.

Grant applicants will access solicitations via the State Budget Agency website or a private link.

Applications will be submitted electronically through the eCivis Grants Portal.

Grant recipients will receive their award notice via eCivis.

Recipients will use eCivis to submit activity reports, request reimbursement, and conduct grant close-out activities.

Login page where grant recipients will access the Portal.

Getting set up in the eCivis Grants Portal is easy!

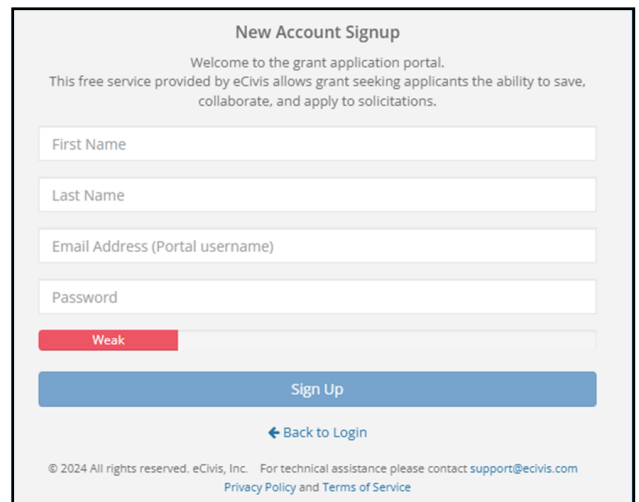

First time eCivis users will setup a Grants Portal account and profile.

The Grants Portal login page can be found at:

<https://portal.ecivis.com/>

New Account setup requires a name, email, and password. There is no cost to set up a Grants Portal account.

After logging into the Grants Portal, users can add information to build-out their user profile, including organization-specific information like name, address, website, UEI number, etc.

Sample Application page in eCivis.

Applicants will use the eCivis Grants Portal to submit their applications. The online process is as simple as buying off Amazon. Applicants will enter text into fields, select from drop-down lists, click "all that apply" buttons, and upload documents. It is the same information applicants have always included in their applications, just a different way of submitting the information. The Grants Portal is also where successful applicants will manage their awards.
