INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL
STATEMENT PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

TO: THE OFFICIALS OF HENRY COUNTY, INDIANA

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statement of Henry County (County), for the year ended December 31, 2022, and the related notes to the financial statement, which collectively comprise the County's financial statement and have issued our report thereon dated June 28, 2023, wherein we noted the County followed accounting practices the Indiana State Board of Accounts prescribes rather than accounting principles generally accepted in the United States of America.

Report on Internal Control over Financial Reporting

In planning and performing our audit of the financial statement, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the County's financial statement will not be prevented, or detected and corrected, on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that have not been identified.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL
STATEMENT PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*
(Continued)

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR THE MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

TO: THE OFFICIALS OF HENRY COUNTY, INDIANA

Report on Compliance for the Major Federal Program

Qualified Opinion

We have audited Henry County's (County) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on its major federal program for the year ended December 31, 2022. The County's major federal program is identified in the *Summary of Auditor's Results* section of the accompanying Schedule of Findings and Questioned Costs.

Qualified Opinion on COVID-19 - Coronavirus State and Local Fiscal Recovery Funds

In our opinion, except for the possible effects of the matter described in the *Basis for Qualified Opinion* section of our report, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on the COVID-19 - Coronavirus State and Local Fiscal Recovery Funds for the year ended December 31, 2022.

Basis for Qualified Opinion

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the *Auditor's Responsibilities for the Audit of Compliance* section of our report.

We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the County's compliance with the compliance requirements referred to above.

Matter Giving Rise to Qualified Opinion on COVID-19 - Coronavirus State and Local Fiscal Recovery Funds

As described in the accompanying Schedule of Findings and Questioned Costs, we were unable to obtain sufficient appropriate audit evidence supporting the compliance of the County with 21.027 COVID-19 - Coronavirus State and Local Recovery Funds, as described in item 2022-001 for Procurement and Suspension and Debarment. Consequently, we were unable to determine whether the County complied with those requirements applicable to that program.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR THE MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE
(Continued)

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the County's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the County's compliance based on our audit. Reasonable assurance is a high level of assurance, but is not absolute assurance, and, therefore, is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually, or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the County's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the County's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the County's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying Schedule of Findings and Questioned Costs as item 2022-002. Our opinion on the major federal program is not modified with respect to this matter.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR THE MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE
(Continued)

Government Auditing Standards requires the auditor to perform limited procedures on the County's response to the noncompliance findings identified in our audit described in the accompanying Schedule of Findings and Questioned Costs. The County's response to the noncompliance findings identified in our audit is described in the accompanying Corrective Action Plan. The County's response was not subjected to the auditing procedures applied in the audit of compliance, and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the *Auditor's Responsibilities for the Audit of Compliance* section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance, and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiencies in internal control over compliance, as described in the accompanying Schedule of Findings and Questioned Costs as item 2022-001, to be material weaknesses.

A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiencies in internal control over compliance, as described in the accompanying Schedule of Findings and Questioned Costs as item 2022-002, to be a significant deficiency.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards require the auditor to perform limited procedures on the County's response to the internal control over compliance findings identified in our audit described in the accompanying Schedule of Findings and Questioned Costs. The County's response was not subjected to the other auditing procedures applied in the audit of compliance, and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statement of the County, as of and for the year ended December 31, 2022, and the related notes to the financial statement. We issued our report thereon dated June 28, 2023, which contained a dual opinion on the financial statement. An adverse opinion was issued regarding the presentation in accordance with accounting principles generally accepted in the United States of America, and an unmodified opinion was issued regarding the presentation in accordance with the regulatory basis of accounting. Our audit was performed for the purpose of forming an opinion on the financial statement as a whole. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statement. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statement. The information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the financial statement as a whole.

HENRY COUNTY
NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Note 1. Summary of Significant Accounting Policies

A. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal grant activity of the County under programs of the federal government for the year ended December 31, 2022. The information in the SEFA is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the SEFA presents only a select portion of the operations of the County, it is not intended to and does not present the financial position of the County.

B. Other Significant Accounting Policies

Expenditures reported on the SEFA are reported on the cash basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles in OMB Circular A-87, *Cost Principles for State, Local, and Indian Tribal Governments*, or the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursement. When federal grants are received on a reimbursement basis, the federal awards are considered expended when the reimbursement is received.

Note 2. Indirect Cost Rate

The County has elected not to use the 10 percent de minimis indirect cost rate allowed under the Uniform Guidance.

(Continued)

Condition and Context

The County elected to receive the standard revenue loss allowance, allowing the County to claim its total State and Local Fiscal Recovery Funds (SLFRF) allocation of \$9,500,777 as revenue loss to use for government services. As such, all SLFRF program funds during the audit period were expended under the revenue loss eligible use category. The U.S. Department of the Treasury (Treasury) determined that there are no subawards under this eligible use category, and that recipients' use of revenue loss funds would not give rise to subrecipient relationships given that there is no federal program or purpose to carry out in the case of the revenue loss portion of the award.

Prior to entering into subawards and covered transactions with SLFRF funds, recipients are required to verify that such contracts and subrecipients are not suspended, debarred, or otherwise excluded. "Covered transactions" include, but are not limited to, contracts for goods and services awarded under a non-procurement transaction (i.e., grant agreement) that are expected to equal or exceed \$25,000. The verification is to be done by checking the Excluded Parties List System (EPLS), collecting a certification from that person, or adding a clause or condition to the covered transaction with that person. Due to the Treasury's determination that the revenue loss eligible use category does not give rise to subawards, the County was only required to comply with suspension and debarment requirements related to covered transactions.

Upon inquiry of the County in order to review the procedures in place for verifying that an entity with which it plans to enter into a covered transaction is not suspended, debarred, or otherwise excluded, the County divulged that they had no process in place. A population of 12 covered transactions for goods or services that equaled or exceeded \$25,000 paid from SLFRF funds during the audit period was identified. A sample of 2 transactions, totaling \$728,649 was selected for testing. For each of the 2 transactions, the County did not verify the vendors' suspension and debarment status prior to payment due to the County not having any policies or procedures in place to verify that contractors were neither suspended nor debarred, or otherwise excluded or disqualified from participating in federal assistance programs or activities. Due to the number and magnitude of exceptions identified, per auditor judgment, we concluded it would not be appropriate to expand the sample size or perform any additional audit procedures.

The lack of internal controls and noncompliance were systemic issues throughout the audit period.

Criteria

2 CFR 200.303 states in part:

"The non-Federal entity must:

(a) Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in 'Standards for Internal Control in the Federal Government' issued by the Comptroller General of the United States or the 'Internal Control Integrated Framework', issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). . . ."

31 CFR 19.300 states:

"When you enter into a covered transaction with another person at the next lower tier, you must verify that the person with whom you intend to do business is not excluded or disqualified. You do this by:

HENRY COUNTY
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
(Continued)

- (a) Checking the EPLS; or
- (b) Collecting a certification from that person if allowed by this rule; or
- (c) Adding a clause or condition to the covered transaction with that person."

Cause

A proper system of internal controls was not designed by management of the County. Embedded within a properly designed and implemented internal control system should be internal controls consisting of policies and procedures. Policies reflect the County's management statements of what should be done to effect internal control, and procedures should consist of actions that would implement these policies.

Effect

Without the proper implementation of an effectively designed system of internal controls, the internal control system cannot be capable of effectively preventing, or detecting and correcting, material noncompliance. As a result, vendors to whom payments equal to or in excess of \$25,000 were made were not verified to be not suspended, debarred, or otherwise excluded.

Noncompliance with the provisions of federal statutes, regulations, and the terms and conditions of the federal award could result in the loss of future federal funding to the County.

Questioned Costs

There were no questioned costs identified.

Recommendation

We recommended that management of the County establish a proper system of internal controls and develop policies and procedures to ensure contractors and subrecipients, as appropriate are not suspended, debarred, or otherwise excluded prior to entering into any contracts or subawards.

Views of Responsible Officials

For the views of responsible officials, refer to the Corrective Action Plan that is part of this report.

Condition and Context

The County had not established an effective system of internal controls that would likely be effective in preventing, or detecting and correcting, noncompliance. Recipients are required to submit quarterly or annually Project and Expenditure (P&E) reports to the U.S. Department of the Treasury (Treasury). The reporting periods, as well as the respective due dates are based upon type of recipient and its population, as well as the recipient's allocation amount. Information to be reported includes projects funded, expenditures, and contracts for the appropriate reporting period.

The County was classified as a county with a population below 250,000 residents that received an allocation of less than \$10 million in State and Local Fiscal Recovery Funds funding. As such, the initial P&E report, covering the period from March 3, 2021 to March 31, 2022, was required to be submitted to the Treasury by April 30, 2022. The subsequent annual reports are to cover one calendar year and must be submitted to the Treasury by April 30 each year.

The County submitted one P&E report during the audit period. The Chief Deputy County Auditor was responsible for preparing and submitting the P&E report and the County Auditor reviewed and approved the report prior to submission; however, the review process in place was not effective and did not prevent, or detect and correct, errors. Due to the lack of effective internal controls one expenditure dated March 30, 2022, in the amount of \$47,363 was omitted.

The lack of internal controls and noncompliance were systemic issues throughout the audit period.

Criteria

2 CFR 200.303 states in part:

"The non-Federal entity must:

- (a) Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. These internal controls should be in compliance with guidance in 'Standards for Internal Control in the Federal Government' issued by the Comptroller General of the United States or the 'Internal Control Integrated Framework', issued by the Committee of Sponsoring Organizations of the Treadway Commission (COSO). . . ."

Coronavirus State and Local Fiscal Recovery Funds Compliance and Reporting Guidance, page 10, states in part:

". . . **10. Reporting.** All recipients of federal funds must complete financial, performance, and compliance reporting as required and outlined in Part 2 of this guidance. Expenditures may be reported on a cash or accrual basis, as long as the methodology is disclosed and consistently applied. Reporting must be consistent with the definition of expenditures pursuant to 2 CFR 200.1. Your organization should appropriately maintain accounting records for compiling and reporting accurate, compliant financial data, in accordance with appropriate accounting standards and principles. . . ."

35 CFR 35.4(c) states in part: "*Reporting and requests for other information.* During the period of performance, recipients shall provide to the Secretary periodic reports providing detailed accounting of the uses of funds, . . ."

Cause

A proper system of internal controls over the P&E report was not designed by management of the County. Embedded within a properly designed and implemented internal control system should be internal controls consisting of policies and procedures. Policies reflect the County's management statements of what should be done to effect internal control, and procedures should consist of actions that would implement these policies.

Effect

Without the proper implementation of an effectively designed system of internal controls, the internal control system cannot be capable of effectively preventing, or detecting and correcting, material noncompliance. Noncompliance with the provisions of federal statutes, regulations, and the terms and conditions of the federal award could result in the loss of future federal funding to the County.

Questioned Costs

There were no questioned costs identified.

Recommendation

We recommended that management of the County design and implement a proper system of internal controls that would ensure appropriate reviews, approvals, and oversight are taking place. Additionally, management should develop policies and procedures to ensure that the County provides the Treasury with complete and accurate information for the P&E report.

CORRECTIVE ACTION PLAN

FINDING 2022-001

Contact Person Responsible for Corrective Action: Debra G. Walker
Contact Phone Number: 765-529-2800

Views of Responsible Official: I concur with the finding

Description of Corrective Action Plan:

We are currently updating our Internal Control process. The Auditor and Chief Deputy will check to make sure that the company is neither suspended or debarred or ineligible for participation in federal assistance programs prior to signing the contract or will include a clause in the applicable contract (or obtain a separate attestation) warranting that the vendor or contractor has not been suspended or debarred.

Anticipated Completion Date: This process has been completed.
