TO: THE OFFICIALS OF JAY COUNTY, INDIANA

This report is supplemental to the audit report of Jay County (County), for the period from January 1, 2022 to December 31, 2022. It has been provided as a separate report so that the reader may easily identify any Audit Results and Comments that pertain to the County. It should be read in conjunction with the Financial Statement Audit Report of the County, which provides our opinions on the County's financial statement. This report may be found at www.in.gov/sboa/.

As authorized under Indiana Code 5-11-1, we performed procedures to determine compliance with applicable Indiana laws and uniform compliance guidelines established by the Indiana State Board of Accounts. The Audit Result and Comment contained herein describes the identified reportable instance of noncompliance found as a result of these procedures. Our tests were not designed to identify all instances of noncompliance; therefore, noncompliance may exist that is unidentified.

Any Official Response to the Audit Result and Comment, incorporated within this report, was not verified for accuracy.

Beth Kelley, CPA, CFE
Deputy State Examiner

AUDIT RESULT AND COMMENT

FINANCIAL TRANSACTIONS AND REPORTING

A similar comment also appeared in prior Reports B53288, B56087, B58871, and B60500, entitled *FINDING 2018-001 - FINANCIAL TRANSACTIONS AND REPORTING - COUNTY TREASURER; FINANCIAL TRANSACTIONS AND REPORTING - COUNTY TREASURER; FINANCIAL TRANSACTIONS AND REPORTING; and FINANCIAL TRANSACTIONS AND REPORTING*, respectively.

Condition and Context

There were several deficiencies in the internal control system of the County Treasurer's (Treasurer) office related to financial transactions and reporting.

1. Risk Assessment: Throughout the audit period, the Treasurer did not perform risk assessment to identify and assess fraud risk factors. The Treasurer was permitted to make manual adjustments to the Treasurer's Daily Balance of Cash and Depositories (Cash Book) without any oversight, review, or approval process in place to detect and correct errors.
2. Control Activities: Internal controls were deficient in the prevention or detection and correction of errors in a timely manner. The following errors were identified during the audit:
 - The Treasurer had not completed the monthly bank reconciliation for any month during the audit period.
 - The Treasurer presented the outstanding checklist for audit; however, the Treasurer knew and stated it was inaccurate.
 - The December 2022 reconciliation did not agree with the financial statement by \$791,616.
3. Information and Communication: The Treasurer did not provide relevant information to the Deputy Treasurers to support the functioning of the other components of internal control. The Treasurer did not provide, share, or obtain necessary information for the Deputy Treasurer to perform monthly bank reconciliations in a timely manner. The Treasurer did not provide separate cash drawers for the Deputy Treasurers. The Treasurer did not provide appropriate, current, complete, accurate, accessible, and timely information for the Deputy Treasurer to properly account for daily activities in the Treasurer's Cash Book.
4. Monitoring of Controls: The Treasurer had no process to identify or communicate corrective actions to improve internal controls. Effective internal controls over financial reporting requires the Treasurer to monitor and assess the quality of the system of internal controls.

Criteria

The Indiana State Board of Accounts (SBOA) is required under Indiana Code 5-11-1-27(e) to define the acceptable minimum level of internal control standards. To provide clarifying guidance, the State Examiner compiled the standards contained in the manual, *Uniform Internal Control Standards for Indiana Political Subdivisions*. All political subdivisions subject to audit by SBOA are expected to adhere to these standards. The standards include adequate control activities. According to this manual:

COUNTY TREASURER
JAY COUNTY
AUDIT RESULT AND COMMENT
(Continued)

"Risk is the possibility that an event will occur and adversely affect the achievement of objectives. Risk assessment is the process used to identify and assess internal and external risks to the achievement of objectives, and then establish risk tolerances. Each identified risk is evaluated in terms of its impact and likelihood of occurrence. Overall, risk assessment is the basis for determining how risk will be managed. . . .

Management identifies risks to the achievement of the political subdivision's objectives across the unit as a whole and within each office or department. Analysis of risk through determination of objective measures and variance tolerance is the basis for determining how the risks should be managed. The response to risk is selected: acceptance, avoidance, reduction, or sharing. . . .

Internal control is a process, and part of that process is the responsibility for management to be continually aware of changes, both external and internal, that could affect the achievement of the political subdivision's objectives. Those changes should be analyzed for both their immediate effect and for any future impact. Management would then determine any modifications needed in the internal control process to adapt to these changes. . . ."

"Control activities are the actions and tools established through policies and procedures that help to detect, prevent, or reduce the identified risks that interfere with the achievement of objectives. Detection activities are designed to identify unfavorable events in a timely manner whereas prevention activities are designed to deter the occurrence of an unfavorable event. Examples of these activities include reconciliations, authorizations, approval processes, performance reviews, and verification processes.

An integral part of the control activity component is segregation of duties. . . .

There is an expectation of segregation of duties. If compensating controls are necessary, documentation should exist to identify both the areas where segregation of duties are not feasible or practical and the compensating controls implemented to mitigate the risk. . . ."

"Relevant information from both internal and external sources is necessary to support the functioning of the other components of internal control. Communication is the continual process of providing, sharing, and obtaining necessary information. Internal communication enables personnel to receive a clear message that control responsibilities are taken seriously by the organization. External communication enables relevant outside information to be internalized and internal information to be clearly communicated to external parties. . . ."

"Evaluations are used to determine whether each of the five components of internal control is present and functioning. These evaluations may be conducted on an ongoing or periodic basis. The criteria used are developed by the oversight body, elected officials, management, governing boards, or recognized standard-setting bodies or regulators. . . .

A baseline of the current state of the internal control system is compared against the original design of the internal control system. The baseline consists of issues and deficiencies identified in the internal control system. The results of the monitoring process are evaluated and documented. . . .

Management remediates identified issues. . . ."

COUNTY TREASURER
JAY COUNTY
AUDIT RESULT AND COMMENT
(Continued)

Indiana Code 5-11-1-4(a) states:

"The state examiner shall require from every audited entity financial reports covering the full period of each fiscal year. These reports shall be prepared, verified, and filed with the state examiner not later than sixty (60) days after the close of each fiscal year. The reports must be in the form and content prescribed by the state examiner and filed electronically in the manner prescribed under [IC 5-14-3.8-7](#)."

Indiana Code 5-13-6-1(e) states: "All local investment officers shall reconcile at least monthly the balance of public funds, as disclosed by the records of the local officers, with the balance statements provided by the respective depositories."

At all times, the manual and/or computerized records, subsidiary ledgers, control ledger, and reconciled bank balance must agree. If the reconciled bank balance is less than the subsidiary or control ledgers, the amount needed to balance may be the personal obligation of the responsible official or employee. (Accounting and Uniform Compliance Guidelines Manual for County Treasurers of Indiana, Chapter 1)

When it is determined that an error has been posted in the financial records, the error must be corrected in a timely manner. The correction of the error should be dated as of the date that the correction occurred and should not be back dated to the date the error occurred. The adjustment should be labeled as a correcting entry. All documentation of the error and the adjustments must be maintained to support the correction. (Accounting and Uniform Compliance Guidelines Manual for County Treasurers of Indiana, Chapter 1)

COUNTY TREASURER
JAY COUNTY
EXIT CONFERENCE

The contents of this report were discussed on August 31, 2023, with Paula Miller, County Treasurer; Emily Franks, County Auditor; Jeanne Houchins, President of the County Council; Chad Aker, President of the Board of County Commissioners; Rex Journay, County Commissioner; and Wesley A. Schemenaur, County Attorney.
