TO: THE OFFICIALS OF THE TOWN OF PAOLI, ORANGE COUNTY, INDIANA

This report is supplemental to the audit report of the Town of Paoli (Town), for the period from January 1, 2022 to December 31, 2022. It has been provided as a separate report so that the reader may easily identify any Audit Results and Comments that pertain to the Town. It should be read in conjunction with the Financial Statement Audit Report of the Town, which provides our opinions on the Town's financial statement. This report may be found at www.in.gov/sboa/.

As authorized under Indiana Code 5-11-1, we performed procedures to determine compliance with applicable Indiana laws and uniform compliance guidelines established by the Indiana State Board of Accounts. The Audit Results and Comments contained herein describe the identified reportable instances of noncompliance found as a result of these procedures. Our tests were not designed to identify all instances of noncompliance; therefore, noncompliance may exist that is unidentified.

Any Official Response to the Audit Results and Comments, incorporated within this report, was not verified for accuracy.

ANNUAL FINANCIAL REPORT

Condition and Context

Financial, supplemental, and other information are required to be entered annually into the Annual Financial Report (AFR) via the Indiana Gateway for Government Units (Gateway) financial reporting system. The Town had not established effective internal controls over the AFR information entered into Gateway. Although the Deputy Clerk-Treasurer entered the information into Gateway and the Clerk-Treasurer reviewed the information entered, the system of internal controls was not effective and did not detect and allow correction of errors prior to submission. Due to ineffective internal controls, the AFR contained the following errors:

Grant Schedule

1. The Water and the Waste Disposal Systems for Rural Communities grant was omitted, which resulted in expenditures being understated by \$8,248,878.
2. Other errors included three incorrect program names and one incorrect assistance listing number.

Audit adjustments were proposed, accepted by the Town, and made to the Schedule of Expenditures of Federal Awards presented in the Federal Compliance Audit Report of the Town.

Debt

The Principal and Interest Due In One Year was overstated by \$76,657 and \$393,121 for the 2-2022 Dodge Durango Police Vehicles and the 2002 E-One Typhoon Fire Truck entries, respectively.

Adjustments were proposed, accepted by the Town, and made to the Schedule of Leases and Debt presented as Other Information in the Financial Statement Audit Report of the Town.

Capital Assets

A detailed listing of capital assets was not maintained. Additions and deletions of capital assets during the audit period were not properly recorded. As a result, the amount reported for capital assets in the AFR could not be verified. The Town chose to not present the Schedule of Capital Assets in the Financial Statement Audit Report of the Town.

Criteria

Indiana Code 5-11-1-4(a) states:

"The state examiner shall require from every audited entity financial reports covering the full period of each fiscal year. These reports shall be prepared, verified, and filed with the state examiner not later than sixty (60) days after the close of each fiscal year. The reports must be in the form and content prescribed by the state examiner and filed electronically in the manner prescribed under [IC 5-14-3.8-7](#)."

AUDIT RESULTS AND COMMENTS
(Continued)

The Indiana State Board of Accounts (SBOA) is required under Indiana Code 5-11-1-27(e) to define the acceptable minimum level of internal control standards. To provide clarifying guidance, the State Examiner compiled the standards contained in the manual, *Uniform Internal Control Standards for Indiana Political Subdivisions*. All political subdivisions subject to audit by SBOA are expected to adhere to these standards. The standards include adequate control activities. According to this manual:

"Control activities are the actions and tools established through policies and procedures that help to detect, prevent, or reduce the identified risks that interfere with the achievement of objectives. Detection activities are designed to identify unfavorable events in a timely manner whereas prevention activities are designed to deter the occurrence of an unfavorable event. Examples of these activities include reconciliations, authorizations, approval processes, performance reviews, and verification processes.

An integral part of the control activity component is segregation of duties. . . .

There is an expectation of segregation of duties. If compensating controls are necessary, documentation should exist to identify both the areas where segregation of duties are not feasible or practical and the compensating controls implemented to mitigate the risk. . . ."

CAPITAL ASSETS

Condition and Context

The Clerk-Treasurer could not provide documentation to support a capital asset inventory being performed or an updated detailed listing of capital assets as of December 31, 2022.

Criteria

Every unit must have a capital assets policy that details the threshold at which an item is considered a capital asset. Every unit must have a complete detail listing of all capital assets owned which reflects their acquisition value. Capital Asset Ledger (Form 369) has been prescribed for this purpose. A complete physical inventory must be taken at least every two years, unless more stringent requirements exist, to verify account balances carried in the accounting records.
