Report on the Audit of the Financial Statements

Opinions

I have audited the accompanying financial statements of the business-type activities of the Housing Authority of the City of Tell City (Authority), Indiana, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Authority, as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. My responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of my report. I am required to be independent of the Authority and to meet my other ethical responsibilities, in accordance with the relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events considered in the aggregate, that raise substantial doubt about the Authority's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that I identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages i-vii, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

My audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The accompanying Financial Data Schedule and the PHA's Statement of Certification of Actual Modernization Cost are presented for purposes of additional analysis and are not a required part of the basic financial statements. The Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* is also presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In my opinion, the accompanying Financial Data Schedule, PHA's Statement of Certification of Actual Modernization Cost and the Schedule of Expenditures of Federal Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, I have also issued my report dated November 9, 2024, on my consideration of the Authority's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Authority's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Authority's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)
June 30, 2024

This section of the Housing Authority of the City of Tell City, Indiana's annual financial report presents our management's discussion and analysis of the Authority's financial performance during the fiscal year ended on June 30, 2024. This discussion and analysis is designed to assist the reader in focusing on significant financial issues and activities and to identify any significant changes in financial position. Please read and consider the information presented in conjunction with the financial statements as a whole.

For accounting purposes, the Housing Authority is classified as an enterprise fund. Enterprise funds account for activities similar to those found in the private business sector, where the determination of net income is necessary or useful to sound financial administration. Enterprise funds are reported using the full accrual method of accounting in which all assets, all deferred outflows of resources, all liabilities, and all deferred inflows of resources, associated with the operation of these funds are included on the Statement of Net Position. The focus of enterprise funds is on income measurement, which, together with the maintenance of equity, is an important financial indication.

FINANCIAL HIGHLIGHTS

- The term "net position" refers to the difference between assets plus deferred outflows of resources less liabilities and deferred inflows of resources. The Authority's total net position as of June 30, 2024, was \$2,784,699. The net position increased by \$407,125, an increase of 17.1% over the prior year.
- Revenues for the Authority were \$2,116,664 for the year ended June 30, 2024. This was an increase of \$432,836 or 25.7% over the prior year.
- Expenses for the Authority were \$1,709,539 for the year ended June 30, 2024. This was an increase of \$127,329 or 8.0% over the prior year.
- Tenant revenue for the Authority was \$831,725 for the year ended June 30, 2024, an increase of \$72,042 or 9.5% over the prior year.
- Revenue from governmental grants and subsidy were \$860,022 for the year ended June 30, 2024, an increase of \$294,872 or 52.2% over the prior year.
- Capital contributions received by the Authority were \$409,512 for the year ended June 30, 2024, an increase of \$59,628 or 17.0% over the prior year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This annual report includes this *Management Discussion and Analysis* report, the *Basic Financial Statements* and the *Notes to the Financial Statements*. This report also contains the Financial Data Schedule (FDS) as referenced in the section of *Supplemental Information Required by HUD*. The Authority's financial statements are presented as fund level financial statements because the Authority only has proprietary funds.

OVERVIEW OF THE FINANCIAL STATEMENTS (CONTINUED)

Required Financial Statements

The financial statements of the Housing Authority report information of the Authority using accounting methods similar to those used by private sector companies. These statements offer short and long-term financial information about its activities. The Statement of Net Position includes all the Authority's assets, deferred outflows of resources, liabilities, and deferred inflows of resources and provides information about the nature and amounts of investments in resources (assets and deferred outflows of resources) and obligations of the Authority creditors (liabilities and deferred inflows of resources). It also provides the basis for evaluating the capital structure of the Authority and assessing the liquidity and financial flexibility of the Authority.

All of the current year's revenues and expenses are accounted for in the Statement of Revenues, Expenses, and Changes in Fund Net Position. This statement measures the success of the Authority's operations over the past year and can be used to determine whether the Authority has successfully recovered all its costs through its user fees and other charges, profitability, and credit worthiness.

The final required financial statement is the Statement of Cash Flows. The statement reports cash receipts, cash payments, and net changes in cash resulting from operations, investing and financing activities and provides answers to such questions as where did cash come from, what was cash used for, and what was the change in the cash balance during the reporting period.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements and provide more detailed data.

Supplemental Information

This report also contains the Financial Data Schedule (FDS) as referenced in the section of *Supplemental Information Required by HUD*. HUD has established *Uniform Financial Reporting Standards* that require Housing Authority's to submit financial information electronically to HUD using the FDS format. This financial information was electronically transmitted to the Real Estate Assessment Center (REAC) for the year ended June 30, 2024, and is required to be included in the audit reporting package.

FINANCIAL ANALYSIS

Net position may serve, over time, as a useful indicator of an agency's financial position. As stated in the table on the following page, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$2,784,699 at the close of the year ended June 30, 2024, up from \$2,377,574 in fiscal year 2023. The increase in net position of \$407,125 was due to the reasons noted below.

- Current assets include cash, investments, receivables, prepaid expenses, and materials inventory. Of the \$64,853 increase in this category, cash and investments increased \$71,733, receivables decreased \$9,994, prepaid expenses increased \$36, and materials inventory increased \$3,078.

This amount may only be used to assist families and individuals with housing assistance payments for leased vouchers. At the end of the current fiscal year, the Authority is able to report positive balances in all categories of net position. The same situation held true for the prior fiscal year.

The largest portion of the Authority's net position reflects its investment in capital assets (e.g., land, buildings, and equipment) less accumulated depreciation. The Authority uses these capital assets to provide service and consequently these assets are not available to liquidate liabilities or other spending.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

The Board of Commissioners and Management of the Housing Authority considered many factors when approving the fiscal year 2025 Public Housing budget. The user charges are based on a tenant's income as established by HUD guidelines and are adjustable. Operating subsidy is based on occupied units and approved vacancies, utility consumption and rates, approved add-ons, formula income, and transition funding. The amount of funding is also established and approved by HUD. Formula income is based on rental income from the Authority's rent roll records for the period specified by HUD. Operating expenses are expected to increase by the economy's inflation rate.

The Authority receives annual budget authority from HUD based on prior year leasing and HAP utilization. In addition to annual budget authority, the Authority also has \$7,039 in HAP Reserves and \$27,261 in HUD-Held Program Reserves available for housing assistance payments. Administrative fees for the Housing Choice Voucher program will be based on actual utilization in FY 2025 and adjusted for pro-ration which is currently at 91.9%.

NOTES TO THE BASIC FINANCIAL STATEMENTS
June 30, 2024

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Housing Authority of the City of Tell City (Authority) is a public body and a body corporate and politic organized under the laws of the State of Indiana that is legally separate, fiscally independent and governed by a Board of Commissioners. The Authority was established to provide Low Rent housing for qualified individuals in accordance with the rules and regulations prescribed by the Department of Housing and Urban Development (HUD) and other applicable federal agencies. Additionally, HUD has entered into Annual Contributions Contract with the Authority for the purpose of administering housing and housing relating programs described herein. The Authority is not subject to Federal or State income taxes and is not required to file Federal or State income tax returns.

The financial statements of the Authority have been prepared in conformity with Generally Accepted Accounting Principles (GAAP). GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this Note.

1A. Financial Reporting Entity

The Authority's financial reporting entity comprises the following:

Primary Government: Housing Authority

In determining the financial reporting entity, the Authority complies with the provisions of GASB Statement No. 14 as amended by GASB No. 39 and No. 61, "The Financial Reporting Entity," and includes all component units of which the Authority appointed a voting majority of the units' board; the Authority is either able to impose its will on the unit or a financial benefit or burden relationship exists. On the basis of the application of these criteria, there are no component units which are required to be included in the Authority's financial statements.

1B. Basis of Presentation

The accounts of the reporting entity are organized into funds, each of which is considered to be separate accounting entities. The operations of each fund are reported as a separate set of self-balancing accounts that are comprised of each fund's assets, liabilities, fund equity, revenues, and expenditure/expenses. Funds consist of three major categories: governmental, proprietary and fiduciary. Funds within each major category are grouped by fund type in the combined financial statements. The Authority uses the following fund:

Proprietary Fund Types - This fund is used to account for the Authority's ongoing activities that are similar to those often found in the private sector. The accounting objectives are the determination of net income, financial position and changes in cash flow. All assets and liabilities associated with a proprietary fund's activities are included on its statement of net position. Proprietary fund equity is segregated into net investment in capital assets and restricted and unrestricted net position. The following are the Authority's proprietary fund types:

Enterprise Fund - Enterprise funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges and the measurement of financial activity focuses on net income measurement similar to the private sector. The reporting entity includes all of the Authority's programs as an enterprise fund.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

1B. Basis of Presentation - (Continued)

The Authority operates the following programs in the enterprise fund:

Public and Indian Housing - The objective of the program is to provide decent, safe and sanitary housing and related facilities for eligible low-income individuals.

Public Housing Capital Fund - The purpose of this program is to provide funds annually to housing authorities for the modernization of the housing development and for management improvements.

Section 8 Housing Choice Vouchers - The objective of the program is to help low-income families obtain decent, safe, and sanitary housing through a system of rental assistance. HUD will limit the disbursement of HAP (Housing Assistance Payments) funds to the amount needed by the PHA to make immediate payments to private landlords and the administrative costs of managing the program.

1C. Measurement Focus and Basis of Accounting

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

Measurement Focus - The proprietary fund utilizes an “economic resources” measurement focus. The accounting objectives of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or non-current) associated with their activities are reported. Proprietary fund equity is classified as net position.

Basis of Accounting - In the financial statements, the proprietary fund utilizes the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred, or economic asset used.

1D. Budgets

Budgets are prepared for regulatory purposes in accordance with the Authority’s contract with HUD on an annual basis for all operating programs and on a project length basis for capital projects funds which are approved by the Board of Commissioners and submitted to HUD for their approval, if required.

1E. Estimates and assumptions

The preparation of financial statements in conformity with Generally Accepted Accounting Principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could vary from those estimates.

1F. Assets, Liabilities and Equity

Cash and Investments

For the purpose of the Statement of Net Position, “cash and cash equivalents” includes all demand, savings accounts, and certificates of deposits or short-term investments with an original maturity of three months or less. For the purpose of the Statement of Cash Flows, “cash and cash equivalents” include all demand and savings accounts, and certificates of deposit or short-term investments with an original maturity of three months or less.

Investments are carried at fair value except for short-term U.S. Treasury obligations, if any, with a remaining maturity at the time of purchase of one year or less. Those investments, if any, are reported at amortized cost. Fair value is based on quoted market price. Additional cash and investment disclosures are presented in Notes 2B and 3A.

Inter-fund Receivables and Payables

During the course of operations, numerous transactions occur within individual funds that may result in amounts owed between funds. Inter-fund receivables and payables between funds are eliminated for financial statement presentation.

Receivables

Receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivable balances consist of HUD, tenants and accrued interest receivable.

Inventories

Inventories are valued at lower of cost or market on an average cost basis. Inventories consist primarily of maintenance materials and supplies held for consumption. The consumption method is used to account for inventories. Under the consumption method, inventories are recorded as assets when purchased and expenses when used.

Prepaid Expenses

Prepaid expenditures, such as insurance premiums and deferred costs, which are expected to be written off within the next fiscal year, are included in net current assets.

Capital Assets

Capital assets in the proprietary fund types are stated at historical cost, or estimated historical cost if actual is unavailable, except for donated capital assets which are recorded at their estimated fair value at the date of donation. It is the policy of the Authority to capitalize all assets with a cost of \$1,000 or greater. The cost of maintenance and repairs are charged to operations as incurred. Costs of major additions, improvements, and betterments are capitalized.

Depreciation of all exhaustible capital assets is charged as an expense against operations and is recorded in the Statement of Revenues, Expenses and Changes in Net Position with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Building	10-25 years
Leasehold Improvements	3-15 years
Furniture, equipment and machinery - dwelling	3-10 years
Furniture, equipment and machinery - administrative	3-10 years

Compensated Absences

The Authority's policies regarding vacation time permits employees to carry forward unused vacation leave till Dec 31st each year. Hence, the liability for these compensated absences is recorded all as short-term liabilities.

Equity Classifications

Equity is classified as net position and displayed in three components:

- 1) Net investment in capital assets - Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowing that are attributable to the acquisition, construction, or improvement of those assets.
- 2) Restricted net position - Consists of net position with constraints placed on the use either by (i) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; (ii) law through constitutional provisions or enabling legislation. The statement of net position of the Authority reports \$7,039 (HAP funds) of restricted net position under Housing Choice Voucher program.
- 3) Unrestricted net position - All other net position that do not meet the definition of "restricted" or "net investment in capital assets."

Use of Restricted/Unrestricted Net Position

When an expense is incurred for purposes for which both restricted and unrestricted are available, the Authority's policy is to apply restricted assets to fund restricted costs and then unrestricted as they are needed.

1G. Revenues, Expenditures, and Expenses

Operating Revenues and Expenses

Operating revenues and expenses are those that result from providing services and delivering goods and/or services. It also includes all revenue and expenses not related to capital and related financing, non-capital financing, or investing activities.

Inter-fund Transfers

Permanent reallocation of resources between programs of the reporting entity is classified as inter-fund transfers. For the purposes of the Statement of Revenues, Expenses and Change in Net Position, all inter-fund transfers between individual programs, if any, have been eliminated.

Custodial Credit Risk - Deposits

The custodial credit risk for *deposits* is the risk that, in the event of the failure of a depository financial institution, the Authority will not be able to recover deposits or will not be able to recover collateral securities that are in the possession of an outside party. At June 30, 2024, the Authority's bank balances of \$399,684 were entirely covered by FDIC insurance or by the Public Deposit Insurance Fund (PDIF) which was created in 1937 to protect the public funds of the state and its political subdivisions deposited in approved financial institutions in the state of Indiana. The PDIF insures those public funds deposited in approved financial institutions which exceed the limits of coverage provided by federal deposit insurance. The fund is administered by the Indiana Board for Depositories.

Custodial Credit Risk - Investments

The custodial credit risk for *investments* is the risk that, in the event of the failure of the counterparty, the Authority will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. At June 30, 2024, the Authority's investment balance of \$206,875 was entirely covered by FDIC or PDIF insurance.

Interest Rate Risk

The Authority does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk

State law limits investment in commercial paper, corporate bonds, and mutual bond funds to the top two ratings issued by nationally recognized statistical rating organization. As the Authority's investments consist entirely of certificate of deposits, credit risk is not applicable to the Housing Authority.

a. Torts, errors and omissions	Purchased insurance with Indiana Farm Bureau Co.
b. Injuries to employees (workers' compensation)	Purchased insurance with Indiana Farm Bureau Co. Claims are administered by the same company.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Commissioners
Housing Authority of the City Tell City
Tell City, Indiana

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Housing Authority of the City of Tell City (Authority), Indiana, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements, and have issued my report thereon dated November 9, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered the Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control. Accordingly, I do not express an opinion on the effectiveness of the Authority's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Authority's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of my testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of Commissioners
Housing Authority of the City of Tell City
Tell City, Indiana

Report on Compliance for Each Major Federal Program

I have audited the Housing Authority of the City of Tell City (Authority), Indiana's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the Authority's major federal programs for the year ended June 30, 2024. The Authority's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In my opinion, the Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). My responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of my report.

I am required to be independent of the Authority and to meet my other ethical responsibilities, in accordance with relevant ethical requirements relating to my audit. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion on compliance for each major federal program. My audit does not provide a legal determination of the Authority's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Authority's federal programs.

Auditor's Responsibilities for the Audit of Compliance

My objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Authority's compliance based on my audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Authority's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Authority's compliance with the compliance requirements referred to above and performing such other procedures as I considered necessary in the circumstances.
- Obtain an understanding of the Authority's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the Authority's internal control over compliance. Accordingly, no such opinion is expressed.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that I identified during the audit.

Report on Internal Control over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis.

A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

My consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during my audit I did not identify any deficiencies in internal control over compliance that I consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

My audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of my testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
